Street Specifications Ordinance Amendment.

Bill No. 7632, Ordinance No. 7143 (New Series), as follows:

Amending Sections 5, 6 and 7 of Ordinance No. 2201 (New Series), entitled "Regulating the making and refilling of excavations in the public streets, alleys, sidewalks and other public places, and repealing Ordinance No. 658 (New Series) and Ordinance No. 2109 (New Series)."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 5 of Ordinance No. 2201 (New Series), entitled "Regulating the making and refilling of excavations in the public streets, alleys, sidewalks and other public places, and repealing Ordinance No. 658 (New Series) and Ordinance No. 2109 (New Series), is hereby amended so as to read as follows:

"Section 5. In every case the street or thoroughfare so opened or torn up shall be restored by the person, firm or corporation opening or tearing up the same, in the manner and with the material in this ordinance provided, and to as good a condition as it was in before the opening or tearing up thereof.

The person, firm or corporation opening or tearing up any pavement shall assume the full responsibility for all reconstruction and repairs as aforesaid, and shall be subject to the penalties hereinafter provided in case the work of such repairs and reconstruction was not properly performed."

Section 2. Section 6 of said Ordinance No. 2201 (New Series) is hereby amended so as to read as follows:

"Section 6. No trench shall be opened in any graded street or thoroughfare for the purpose of laying pipes or conduits more than six hundred feet in advance of the pipe or conduit placed therein, except in case of emergency and by consent of the Board of Public Works. All such trenches shall be backfilled and the old torn-up pavements (except basalt blocks, cobbles or old concrete) shall be removed from the street, together with the surplus excavated material, within three working days from the time such material is placed upon the street, except by written consent of the Board of Public Works.

In case the street or roadway is paved with broken rock, macadam or basalt blocks, or cobbles, or concrete, on a sand foundation, said pavement shall be restored within three working days from the time the trench was backfilled.

In case the street or thoroughfare is paved with bitumen or asphalt, and a binder course on a block or cobble foundation, or bitumen or asphalt on a concrete foundation, said pavement shall be restored to the same thickness as the original pavement, including the foundation, with asphaltic concrete, commonly known as 'blackbase,' within three working days from the time the trench was backfilled. In case the street or thoroughfare is paved with basalt blocks or paving brick with grouted joints on a concrete foundation, said pavement shall be restored within not less than seven nor more than twelve days from the time the trench was refilled, five of which days are to be allowed for concrete to set and harden. During the period following the laying of the concrete base to the relaying of the wearing surface such concrete shall be covered with planks and sand flush with the surface of the contiguous pavement.

Whenever any caving occurs in the side walls of any excavation, the pavement above such caving shall be cut away, and in no case shall any void under a pavement be filled by any side or lateral tamping.

In every case the work of repaving over all trenches must commence immediately after said trenches are backfilled, and the work of clearing up the streets is to be considered a part of the repaving work, and shall be finished within the same time allowed in all cases for said repaving and to the satisfaction of the Board of Public Works.

When a street is opened for the purpose of what is known as prospecting, or for the purpose of making repairs or alterations to pipes or conduits, as soon as the work of such repairs and alterations is finished the trench shall be backfilled and pavement restored in the manner and within the time allowed for the restoration of the same kind and character of pavements over main or service trenches.

In every case and at all times the work of removal from the streets of all obstructions, surplus materials and debris or waste matter of every description caused and accumulated by said work of opening and restoring public streets and thoroughfares, shall be kept up jointly with the work of backfilling and repaving either over 'main' or 'service' trenches, and all finished together —or nearly so—and within the time herein allowed in Section 6 of this ordinance, and in all cases the surface of the street shall be restored to as good a condition as it was in before the work of opening commenced.

When any of the work required to be done by Section 6 of this ordinance is necessarily delayed by any strike or strikes, such delay shall be added to the time limits therein prescribed."

Section 3. Section 7 of said Ordinance No. 2201 (New Series) is hereby amended so as to read as follows:

"Section 7. In case the pavement or surface of the street over said openings should become depressed or broken at any time after the work has been completed—natural wear of the surface or improper work of some other person, firm or corporation excepted—the person, firm or corporation for whom the street was opened shall, upon a written notice from the Board of Public Works, immediately proceed to repair and restore said pavement in a proper and workmanlike manner to the satisfaction of said Board of Public Works; and it is hereby expressly declared that the fact that the original work of restoring said pavement or surface was subject to the inspection or inspected by or under the authority of the Board of Public Works, as in this ordinance provided, shall not excuse such person, firm or corporation from the duty and obligation imposed by this section.

In case said pavement is not completely restored within ten days after such notice has been given, and unless delayed by a strike or strikes, or conditions beyond their control, the said Board shall thereupon do the work at the expense of said delinquent person, firm or corporation.

All materials shall be furnished by the party or parties for whom the work is being done, and said material shall be of the best quality, in strict accordance with the City's standard specifications, and all the work shall be performed in a proper and workmanlike manner in compliance with the rules and regulations and to the satisfaction of the Board of Public Works. The person, firm or corporation, during the progress of the work, shall maintain a sign at such excavation bearing the name of such person, firm or corporation."

Section 4. This ordinance shall take effect immediately.

Spur Track Permit, Crane Company.

Bill No. 7633, Ordinance No. 7144 (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Crane Company to construct, maintain and operate a spur track on Second street between Brannan and Townsend streets as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors of San Francisco, is hereby granted to Crane Company to construct, maintain and operate a spur track on Second street between Brannan and Townsend streets as follows:

Relocate existing track by throwing from position shown dotted yellow to position shown dotted red on blue print, and construct addi-

tional spur, center line of which is described as follows:

Beginning at a point in the center of the existing spur on Second street approximately 270 feet southeasterly from the southeasterly line of Brannan street, said point being approximately 41 feet distant from the southwesterly line of Second street; thence northwesterly on a tangent and curve to the right to a point distant 18 feet northeasterly from the southwesterly line of Second street and approximately 170 feet southeasterly from the southeasterly line of Brannan street; thence northwesterly, parallel to the southwesterly line of Second street, for a distance of 57 feet.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid with girder rail under the supervision and to the lines and grades as furnished by the City Engineer's office and that any and all expense connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage to be paid for by the Crane Company; provided, that the Crane Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that the curbs be set back to a line ten feet east of the west property line to allow for the construction of the track as shown on blue print attached to the petition; that all pavement disturbed be restored, and that proper clearances be allowed for in accordance with the requirements of the Railroad Commission.

Section 2. This ordinance shall take effect immediately.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Welch —16.

Confirmation of Sale of City Lands.

Bill No. 7635, Ordinance No. 7145 (New Series), as follows:

Confirming the sale of lands owned by the City and County of San Francisco and situate in the City and County of San Francisco, State of California.

Whereas, by Ordinance No. 7046 (New Series), approved April 2, 1926, the Board of Supervisors determined that public interest and necessity demanded the sale of the lands hereinafter described, and by said ordinance directed the Mayor of the City and County of San Francisco to sell all of said lands at private sale to be held on May 4, 1926, and directed that notice of said sale be given for two weeks successively next before the sale, as required by law; and

Whereas, the Clerk of the Board of Supervisors thereafter proceeded to publish notice of said sale in the official newspaper and one other daily newspaper published in the City and County of San Francisco for two weeks successively next before said sale was directed to be made, describing the lands to be sold therein with common certainty and stating the date on which said sale would be made, as specified in Ordinance No. 7046 (New Series), and that all bids or offers would be received by the Mayor at his office in the City Hall, City and County of San Francisco, State of California, on May 4, 1926; and

Whereas, the Mayor, the Assessor and the chairman of the Finance Committee, being the Board of Appraisers, constituted by the Charter of the City and County of San Francisco for such purpose, thereafter duly met and made an appraisement of said lands and fixed the fair value thereof and reported said appraisement to the Board of Supervisors in writing; and

Whereas, thereafter, and on the 4th day of May, 1926, at private sale, the Mayor of the City and County of San Francisco sold said parcels of land to the following persons:

Parcel No. 1, Mrs. Carrie P. Rhodes, for $2.250·

Parcel No. 2, Annie Keegan, for $350;

Parcel No. 3, Steve Durakoff, for $500;

Parcel No. 4, Fred Slepnikoff, for $150;

Parcel No. 5, John J. Rudometkin, for $800;

Parcel No. 6, Annie T. Jones Scherf, for $30;

and accepted from said persons a deposit in the amount of ten per cent or more of the amount bid, and thereafter and at the next meeting of the Board of Supervisors, May 10, 1926, duly notified the Board of Supervisors in writing of the fact of such sale, stating the amounts bid, the names of the bidders, and

requesting that the Board confirm the sale; and

Whereas, the Clerk of the Board of Supervisors immediately thereupon proceeded to give notice by publication in the official newspaper and one other newspaper published in the City and County of San Francisco for a period of twenty days from and after the 19th day of May, 1926; that at a meeting of the Board of Supervisors to be held on the 14th day of June, 1926, the matter of said sale would come up for confirmation, stating also in said notice the fact of the sale, the amount for which the lands had been sold as aforesaid, and the names of the purchasers, and also stating that if at such meeting on the 14th day of June, 1926, an offer of ten per cent more in amount than tnat named in said notice should be made to the Supervisors in writing by a responsible person, the Supervisors would confirm such sale to such person, or order a new sale; and

Whereas, the date of confirmation specified in said notice has now arrived and a higher bid has not been obtained, and it appearing to the Board of Supervisors that the amounts bid as aforesaid are not disproportionate to the value of the property sold, and that a greater sum cannot be obtained; therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That said sale of the said lands hereinafter described is hereby ratified, approved and confirmed, and the Mayor and the Clerk of the Board of Supervisors are hereby authorized to execute and deliver to said purchasers upon payment of the balance of the purchase price a good and sufficient conveyance in the name of the City and County of San Francisco, conveying all the right, title and interest of the City and County in and to the lands sold as aforesaid, and more particularly described as follows, to-wit:

Accepting Offer of Ellen Watson to Settle for $500 Damage Caused by Drying Up Springs on Her Property in Hetch Hetchy Construction Work.

Supervisor McSheehy presented: Resolution No. 25808 (New Series), as follows:

Whereas, the construction of the Hetch Hetchy aqueduct tunnel in Tuolumne County, California, has caused various springs to dry up on the property owned by Ellen Watson, said property being described as follows:

The East ½ of the Southeast ¼ of Section 24, Township 1 South, Range 16 East; Lot 4, Section 19, Lot 1, Section 30, Township 1 South, Range 17 East, containing 136.71 acres, and a portion of the Northeast ¼ of Section 25, Township 1 South, Range 16 East, situate, lying and being north of the line of the Hetch Hetchy Railroad, containing 7 acres, more or less.

And as a result of said drying up of the springs the value of said land has been materially diminished and the water supply has been taken away; and

Whereas, the above mentioned Ellen Watson has offered to deed to the City and County of San Francisco all water rights which are intercepted or affected by said tunnel, and to release the City and County of San Francisco from all claims for damages which have been caused or may hereafter be caused by reason of the construction of said tunnel and the interception and drainage of said percolating waters, in consideration of the sum of five hundred and 00/100 dollars ($500.00); and

Whereas, the City Engineer of San Francisco has recommended the acceptance of said offer as a reasonable settlement of damage and injury to said land caused by the construction of said tunnel; now, therefore, be it

Resolved, That said offer of the above mentioned party be and it is hereby accepted, and said sum of $500 be paid to said party upon receipt of proper conveyance and release conveying said water rights to the City and County of San Francisco, and releasing the City from all further claims of damages; said conveyance and release to be in form satisfactory to the City Attorney of San Francisco.

Appropriating Funds for Street Lighting Survey.

On motion of Supervisor McSheehy:

Resolution No. ——— (New Series), as follows:

Whereas, petitions are pending before the Lighting Committee of this Board for additional lighting along many public streets and require action to be taken thereon at an early date; and

Whereas, the past experience of

the City has shown the granting of special lighting privileges along particular streets has not been conducive in securing the most efficient lighting of the same, but has resulted in unnecessary burdens being placed on both the City and property owners; and

Whereas, attention has been called to the absence of method in the development of the street lighting system, which has gone on until it now lacks that uniformity and efficiency that it should have; therefore, be it

Resolved, That the Committee on Lighting, Water and Telephone Service and Electricity be authorized and directed to cause a survey to be made of the existing street lighting system, to the end that its defects and deficiencies may be pointed out, the means for correcting the same be suggested, and a plan presented for a proper system, so that further expansion may be made to harmonize therewith. For this purpose said committee is authorized to employ a competent lighting engineer, if deemed necessary, who has had experience in the installation of street lighting systems, and that the Board of Public Works and Department of Electricity be requested to detail an electrical engineer to assist in making such survey; be it

Further Resolved, That there be set aside and appropriated $4,000 out of Budget Item No. 33, providing $625,000 in this year's Budget for lighting streets and public buildings of the City and County, or so much of this fund as remains after meeting all obligations against it; and said amount is hereby authorized to be expended by the Committee on Lighting, Water, Telephone Service and Electricity for the purpose stated in this resolution.

Action Deferred.

On motion of Supervisor Bath, the following matter was *deferred one week*:

Compromise of Gas and Electric Rate Litigation.

Resolution No. ——— (New Series), as follows:

Whereas, there are pending in the United States District Court for the Northern District of California four suits, numbered 27, 32, 97 and 190 on the equity file of said court, in all of which suits the Pacific Gas and Electric Company is plaintiff and the City and County of San Francisco and its officers are defendants; and

Whereas, said suits involve judicial determination of the validity under the United States Constitution of ordinances numbered 2349, 2348, 2814 and 3338 (all new series), of the City and County of San Francisco, prescribing and fixing respectively rates to be charged by public service corporations in San Francisco for electricity during the fiscal year 1913-1914, and for gas during the fiscal years 1913-1914, 1914-1915 and 1915-16; and

Whereas, the decrees previously rendered by the District Court in the City's favor in said suits numbered 27, 97 and 190, involving gas rates, have been reversed on appeal by the Supreme Court of the United States, and the suits sent back for retrial; and in case No. 32, involving electric rates, the report of the Master in Chancery recommends issuance of an injunction prohibiting the enforcement of said rates; and

Whereas, the City Attorney has transmitted to the Board of Supervisors a written communication from the Pacific Gas and Electric Company, dated December 16, 1925, offering to compromise and settle all of said suits upon certain terms therein set forth; and

Whereas, both former City Attorney George Lull, who was in office pending the trial and appeal of the foregoing litigation, and the present City Attorney, John J. O'Toole, have recommended in writing that this Board authorize and direct the settlement of said suits upon the terms set forth in said communication from the Pacific Gas and Electric Company dated December 16, 1925; and

Whereas, after a careful examination and consideration of all the facts relating to said suits and the controversies therein involved, which have been submitted, the Board of Supervisors believes, in view of the large number of consumers who are interested in the outcome of said suits, of the considerable time which must elapse and the large expense to the taxpayers that must be incurred before the suits could again be tried and a final decision had, of the doubt that the City Attorney expresses as to the eventual outcome of the litigation by reason of the opinion of the United States Supreme Court rendered in the reversal of previous decrees in the City's favor, and in

view of the relatively small amounts payable to individual consumers under any outcome of the suits, that the best interests of the City and the ratepayers will be conserved by a compromise along the lines recommended by the City Attorney; now, therefore, be it

Resolved, That the offer of the Pacific Gas and Electric Company to settle and compromise said four suits be and it is hereby accepted; that the City Attorney be and he is hereby authorized and directed to enter into stipulations with counsel for the Pacific Gas and Electric Company for the entry of decrees in said four suits which shall finally settle and dispose of the same upon the terms and conditions set forth in said letter from said company dated December 16, 1925; that the City Attorney be and he is hereby directed to take all steps necessary to see that said decrees when entered by the court are duly executed so as to protect the interests of the City and the ratepayers in the premises.

Ferry Franchise.

The following was presented by Supervisor Shannon:

Bill No. ——, Ordinance No. —— (New Series), entitled "Granting a franchise to A. O. Stewart and his assigns to erect, maintain and take tolls on a public ferry to be operated between the City and County of San Francisco and the City of Alameda, Alameda County, California, across the San Francisco Bay, a navigable body of water dividing the City and County of San Francisco and the County of Alameda, and fixing the amount of the penal bond, the license tax, the rate of tolls to be collected and the term of said franchise."

Motion.

Supervisor Havenner moved to lay over one week and refer to committee in the meantime. City Attorney be requested to make an investigation of the franchise provisions and make some provision as to a minimum of continuing service and to give this Board some authority in connection with the transfer of the franchise.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 25821 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 92208 (Second Series) of the Board of Public Works adopted June 10, 1926, and written recommendation of said Board filed June 15, 1926, to-wit:

On Diamond street between Army street and the southerly line of Duncan street, and between Twenty-eighth and Thirtieth streets; on Twenty-seventh street between the westerly line of Diamond street and a line parallel with Diamond street and 280 feet easterly therefrom; on Duncan street between the easterly line of Diamond street and a line parallel with Diamond street and 100 feet westerly therefrom; on Valley street between lines parallel with Diamond street and respectively 100 feet easterly and 100 feet westerly therefrom; on Twenty-ninth street between the easterly line of Diamond street and a line parallel with Diamond street and 100 feet westerly therefrom, and on Day street between a line parallel with Diamond street and 37 feet easterly therefrom and the westerly line of Diamond street.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be con-

spicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated notice of the passage of this resolution of intention.

Adopted by the following vote:

Spur Track Permit, Bauer Cooperage Company.

On motion of Supervisor Welch:

Bill No. 7641, Ordinance No. —— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Bauer Cooperage Company to construct maintain and operate a spur track on Mariposa street between York and Bryant streets as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Bauer Cooperage Company to construct, maintain and operate a spur track on Mariposa street between York and Bryant streets as follows:

Beginning at a point in the center line of the existing track in Mariposa street, owned by the City and County of San Francisco, distant westerly thereon 84 feet, more or less, from the westerly line of York street, thence in an easterly direction through a switch turnout to the right and to the left crossing York street and continuing in an easterly direction parallel to and distant northerly at right angles ten (10) feet from the southerly line of Mariposa street for a distance of 350 feet, more or less, to the end of track.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as part hereof as complete as though the same were written in this ordinance.

Provided. that said spur track shall be laid with girder rails under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by Bauer Cooperage Company.

Provided, that girder rail be used in its entire construction; that the curbs removed be hauled to the Corporation Yard; that provision be made to take care of the drainage intercepted by the proposed spur track by relocating the catchbasins where necessary; all pavement disturbed is to be restored, and all work is to be done under the supervision and direction of the Board of Public Works.

Provided, that Bauer Cooperage Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Ordering Street Work.

Also, Bill No. 7642, Ordinance No. —— (New Series), as follows:

Opinion of City Attorney on Transfer of Surplus Funds of Municipal Railway.

June 28, 1926.

Gentlemen:

I am in receipt of your request that you be advised as to whether or not the Board of Supervisors has the power to transfer to the Board of Public Works, moneys from the surplus earnings of the Municipal Railway, with the express understanding that the moneys so transferred shall be used for the increase

of wages of certain employees in the operating department of the railway.

Opinion.

You are advised, that until the Charter amendment of 1924, commonly known as "The Standardization of Salaries Amendment," becomes effective, the salaries of all empoyees of the Board of Public Works are to be fixed by that Board, and, therefore, if any increase of wages to employees is to be made that increase must come from the Board of Public Works. However, in the matter of appropriation from the railway funds, the Board of Supervisors has sole authority to grant or withhold the appropriation as it may see fit. See Sec. 16, Art. XII:

"Whenever any public utility shall be operated by the City and County, the receipts from such utility shall be paid daily into the city treasury, and maintained in a special fund set aside for such utility. The Supervisors may, from time to time, make appropriations from such funds for the following purposes: (a) For the payment of the operating expenses of such utility;"

You are advised that the right to appropriate money for operating expenses gives the Board the right to determine for what particular purpose of operation the appropriation shall be used for, and therefore, should the Board make an appropriation to the Board of Public Works for the specific purpose of increasing the pay of certain employees, the money so appropriated must be used for that purpose, or not used at all.

Respectfully,
(Sgd.) JNO. J. O'TOOLE,
City Attorney.

Communication From Fire Chief Murphy in Re Additional Lieutenants.

San Francisco, California,
June 28, 1926.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

My attention was called through items appearing in the press on Saturday, June 26, 1926, that certain officers connected with this department had appeared before the Finance Committee of your Honorable Board urging that an appropriation be made to pay the salaries of twelve additional lieutenants. This would entail the sum of three thousand two hundred and forty dollars per annum.

Also, that if this request was granted provision be made for the appointing of twelve hosemen to fill the vacancies thus created.

The appropriation for the first year for the newly appointed hosemen would be twenty-five thousand nine hundred and twenty dollars; second year would be twenty-seven thousand three hundred and sixty dollars; and at the beginning of the third year, twenty-eight thousand eight hundred dollars. With three thousand two hundred and forty dollars this would bring the sum to a total of thirty-two thousand forty dollars per annum. The reason for this increase over the first two years is in compliance with the provisions of the Charter.

For your information, wish to state that each company has one captain and one lieutenant, making a total of seventy-three of each. In addition, thirty-one lieutenants have been provided for relief purposes in order to fill the positions of the various officers during vacation periods, days off, sickness, accidents and etcetra. This makes a total of one hundred and four lieutenants connected with this department. Up to the present time we have never experienced any serious difficulty with a shortage of officers.

It must be remembered, if this request is granted, that a certain percentage of the time of these new lieutenants while on duty will be filling the positions of hosemen or truckmen and at the same time receiving the salary of the higher officer.

Would urge that funds be provided for properly manning and equipping the companies in various sections of the City as well as the extending of the high-pressure mains into the Richmond District and other important parts of the City where the need of such has been constantly demonstrated.

Respectfully,
THOS. R. MURPHY,
Chief Engineer, S. F. F. D.

Solution of Islais Creek Sewer Problem Sought.

Supervisor Shannon presented:

Resolution No. 25877 (New Series), as follows:

Whereas, there exists in the City of San Francisco what is known as the Islais Creek open sewer, which empties into the bed of Islais Creek at a point near the foot of Trumbull street, two blocks east of the Mission viaduct and Mission street; and

Whereas, sewage continually pours from a temporary sewer line at that point into the said creek bed, cre-

ating an obnoxious odor throughout the surrounding district, and resulting in masses of putrid matter being deposited along said creek; and

Whereas, such a condition menaces the health of our citizens, and has been characterized in the public press as a disgrace to the City of San Francisco; and

Whereas, property owners of the district so affected have repeatedly requested of this Board and the Health Department of this City that some action be taken to remedy the disgraceful condition; now, therefore, be it

Resolved, That the matter be immediately referred jointly to the Streets and Commercial Development, Public Health and Finance Committees of this Board, with power to confer with the proper officials of the Board of Public Works for the purpose of working out a solution of the present unsatisfactory condition which exists; and be it

Further Resolved, That said committees be instructed to report the results of their survey at the earliest possible date that action may be taken by this Board to remedy said unsatisfactory, unsanitary and unhealthful condition.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent — Supervisors Hayden, Marks—2.

Scientific Appraisal of City Property.

Supervisor Havenner presented:

Resolution No. 25878 (New Series), as follows:

Whereas, for the purpose of making a scientific appraisal of the taxable real property of the City and County in order that the Board of Supervisors may perform the duties imposed by law upon said Board as a board of equalization, it is essential to create an advisory committee, including experts in valuation matters;

Resolved, That the following persons are hereby designated as such committee: Andrew J. Galagher, Paul Scharrenberg, Philip Paschel, B. A. Banker, M. H. Gates, Henry Boyen, Paul A. Sinsheimer, the same to act in conjunction with the Finance Committee of this Board and with the Assessor, the entire number to constitute the Advisory Committee of the Board of Equalization; and be it

Further Resolved, That said committee be empowered to hold public hearings for the purpose of ascertaining the true values of real property subject to taxation and to report the result of its investigation to the Assessor and to the Board of Equalization on or before July 1, 1927.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent — Supervisors Hayden, Marks—2.

Compromise of Rate Litigation.

The question of the compromise of the rate litigation against the Pacific Gas and Electric Company was considered.

Supervisors Stanton and *Gallagher* particularly opposed the com-

promise, because they thought the people should have more of a rebate than was offered in the compromise proposed by the Pacific Gas and Electric Company and in addition to that they were opposed to the payment of the sum of $20,000 to Mr. Robert M. Searls as attorney fees in the case, when he was at the same time drawing a salary from the City.

The Finance Committee was authorized to meet with the City Attorney and take up with the gas company the question of the rate litigation and see if a better offer of compromise cannot be obtained from the company.

Appropriating Funds for Street Lighting Survey.

Resolution No. 25843 (New Series), as follows:

Whereas, petitions are pending before the Lighting Committee of this Board for additional lighting along many public streets and require action to be taken thereon at an early date; and

Whereas, the past experience of the City has shown the granting of special lighting privileges along particular streets has not been conducive in securing the most efficient lighting of the same, but has resulted in unnecessary burdens being placed on both the City and property owners; and

Whereas, attention has been called to the absence of method in the development of the street lighting system, which has gone on until it now lacks that uniformity and efficiency that it should have; therefore, be it

Resolved, That the Committee on Lighting, Water and Telephone Service and Electricity be authorized and directed to cause a survey to be made of the existing street lighting system, to the end that its defects and deficiencies may be pointed out, the means for correcting the same be suggested, and a plan presented for a proper system, so that further expansion may be made to harmonize therewith. For this purpose said committee is authorized to employ a competent lighting engineer, if deemed necessary, who has had experience in the installation of street lighting systems, and that the Board of Public Works and Department of Electricity be requested to detail an electrical engineer to assist in making such survey; be it

Further Resolved, That there be set aside and appropriated $4,000 out of Budget Item No. 33, providing $625,000 in this year's Bud-

get for lighting streets and public buildings of the City and County, or so much of this fund as remains after meeting all obligations against it; and said amount is hereby authorized to be expended by the Committee on Lighting, Water, Telephone Service and Electricity for the purpose stated in this resolution.

Award of Contract, Ferry Franchise, A. O. Stewart.

The following bill, heretofore passed for printing, was taken up:

Bill No. 7656, Ordinance No. —— (New Series), as follows:

Granting a franchise to A. O. Stewart and his assigns to erect, maintain and take tolls on a public ferry to be operated between the City and County of San Francisco and the City of Alameda, Alameda County, California, across the San Francisco Bay, a navigable body of water dividing the City and County of San Francisco and the County of Alameda, and fixing the amount of the penal bond, the license tax, the rate of tolls to be collected and the term of said franchise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A. O. Stewart, having on the 29th day of March, 1926, presented to the Board of Supervisors of the City and County of San Francisco, State of California, his verified written petition praying for authority to erect maintain and take tolls on a public ferry to be operated across the San Francisco Bay between the City and County of San Francisco, State of California,

and the City of Alameda, Alameda County, California, and said petition having come on regularly for hearing on said day before the said Board of Supervisors and said hearing having been duly and regularly continued from time to time to Monday, the 28th day of June, 1926, at the hour of 2 o'clock p. m. of said day, and it having been made to appear by the necessary affidavits presented to said Board and filed in the office of the Clerk thereof that A. O. Stewart has given notice of his intention to apply to said Board of Supervisors on the 29th day of March, 1926, at the hour of 2 o'clock p. m. of said day, for authority to erect, maintain and take tolls on a public ferry, as hereinbefore stated, and that said notice has been given in the manner, form and for the time required by law, and that said notice was served upwards of ten days prior to the 29th day of March, 1926, upon Southern Pacific Company and upon the State of California and the City of Alameda, the State of California and the City of Alameda being the owners of the land upon which A. O. Stewart expects to locate the terminals of said public ferry, which said land is hereinafter particularly described; and

Section 2. It further appearing that A. O. Stewart has in all things complied with the law in making application for said ferry franchise between the said terminals and in giving notice of said application; and

Section 3. It further appearing that such ferry is a public necessity and convenience and for the best interest of said City and County of San Francisco and the County of Alameda and the traveling public and that the situation of the City and County of San Francisco and the City of Alameda and the crossing of the public highway renders it necessary for public convenience and necessity to establish such a ferry and that such a ferry be established; and

Section 4. It further appearing that A. O. Stewart is a proper and suitable person to which to grant such a franchise, right and privilege and that the owners of the land described herein and neither of them have made application for a ferry franchise within a reasonable time after the necessity therefor arose and that no franchise for a ferry has been granted by this Board within one mile of the proposed location of said ferry; and

Section 5. Now, therefore, this Board of Supervisors does hereby grant A. O. Stewart and his assigns for a period of fifty years from and after the date hereof, and on the terms and conditions herein contained, subject to the right of the Railroad Commission of the State of California to modify, as provided by law, the rates and tolls hereinafter set forth, the right, privilege and authority to erect, maintain and take tolls on a public ferry to be run and operated across the San Francisco Bay between the City and County of San Francisco, State of California, and the City of Alameda, Alameda County, California, with ferry landings or terminals located in the City and County of San Francisco and the City of Alameda, as follows:

Location of San Francisco Ferry Landing.

That certain wharf and ferry slip located at the foot of Townsend street, in the City and County of San Francisco, State of California, and generally known and designated therein as "Pier 36," or such other pier, wharf or ferry slip in the City and County of San Francisco as may hereafter be assigned by the State Board of Harbor Commissioners to A. O. Stewart or his assigns, as a terminal or landing place for said public ferry.

Location of Ferry Landing in City of Alameda.

That the ferry landing or terminal of said public ferry in the City of Alameda, County of Alameda, State of California, shall be located at the foot of Pacific avenue, in said city, upon the following piece and parcel of real property located in the City of Alameda, County of Alameda, said State, and more particularly described as follows, to-wit:

Beginning at the point of intersection of the easterly line of the State Tide Lands, with the southerly line of Lot 6 of Twp. 2 S., R. 4 W., as said lines are shown on the map entitled "Map No. 2 of Salt Marsh and Tide Lands, situated in the County of Alameda, State of California, surveyed under the direction of G. F. Allardt, Chief Engineer, on file in the office of the Surveyor-General of the State of California at Sacramento, Calif."; running thence from said point of beginning south 18 deg. 45 min. east along said easterly line of State Tide Lands 200.02 feet; thence south 72 deg. 0 min. west 5500 feet to a point marking beginning of area for terminal structures; thence south 18 deg. 0 min. east 100 feet; thence south 72 deg. 0 min. west 1700 feet, more or less, to a point on the westerly boundary of the City of Alameda; thence northerly

along said city boundary to a point distant 400 feet northerly from said line bearing south 72 deg. 0 min. west, said distance being measured at right angles to said line; thence north 72 deg. 0 min. east 1700 feet, more or less, to a point 300 feet northerly, located at right angles to said course from the beforementioned point marking the beginning of area for terminal structures; thence south 18 deg. 0 min. east 100 feet; thence north 72 deg. 0 min. east 5497.38 feet to the point of beginning.

Section 6. That said A. O. Stewart, or his assigns, will, in the operation of said ferry, maintain such service as public necessity and convenience demands, which service shall in no case be less than one round trip per hour between the termini hereinabove set forth between the hours of 8 o'clock a. m. and 6 o'clock p. m. during the day, due regard being had at all times for weather conditions.

Section 7. The amount of the penal bond to be given by A. O. Stewart or his assigns, as required by subdivision 1 of Section 2845 of the Political Code of the State of California is hereby fixed in the sum of ten thousand dollars, which said bond shall be given and renewed annually for said sum.

Section 8. The amount of the license tax to be paid by A. O. Stewart, or his assigns, for taking tolls on said ferry is hereby fixed at the sum of one hundred dollars per month, payable yearly.

Section 9. The rate of tolls which may be collected for crossing said ferry is hereby fixed as follows:

Board of Public Works to Grant Permits for Street Work on Unaccepted Streets.

On motion of Supervisor Badaracco:

Bill No. 7658, Ordinance No. —— (New Series), as follows:

Authorizing the Board of Public Works to grant permission for the performance of street work in or upon unaccepted public streets in the City and County of San Francisco by private contract; regulating the manner in which such work shall be done; prescribing the conditions and requirements essential to the obtaining of such permission, and repealing Ordinance No. 6278 (New Series) and all ordinances amendatory thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Application for permission to do any street work in or upon any unaccepted public street in the City and County of San Francisco by private contract must be made in writing to the Board of Public Works, which application shall contain a comprehensive description of the work to be done. Said Board shall thereupon investigate such application, and if after investigation the Board determines that the public interest or convenience requires the doing of the proposed work and that the same is expedient, and will not be productive of detriment to the public safety or convenience, it is hereby authorized to grant permission for the doing of the same as applied for or as modified by direction of the City Engineer, subject to the conditions and provisions in this ordinance hereinafter prescribed and provided.

Section 2. No permission for the doing of any street work in or upon any unaccepted public street in the City and County of San Francisco, except in the case of main sewer construction, or the improvement of a street crossing or intersection as hereinafter provided for, shall be granted in pursuance of the provisions of this ordinance, unless the owners of at least sixty (60) per cent of the frontage on a block of the street whereon or wherein such work is proposed to be done, or the authorized agents of such owners, shall have entered into a written contract for the doing thereof; provided, however, that no work so contracted for shall be permitted to be done on the block until at least the entire improvable frontage on one side of the block between main street crossings or main street intersections, determinable by the longest side, in case one side exceeds the other in length, shall have been so contracted for, unless in the judgment of the Board of Public Works and the City Engineer, the frontage necessary to complete a full contracted frontage on such side will not be productive of consequent detriment to the public use

of such side of the block nor to the work proposed to be done on the block; and, further, provided, however, that if the entire improvable frontage on one side of a block has been so contracted for by the owner or owners of the lots and lands fronting thereon, or their authorized agents, and the City Engineer and the Board of Public Works deem the proposed improvement to be advisable and expedient and that the public interest and convenience would be subserved by such improvement, then and in such case the said Board may grant permission for the making of the same.

Where the construction of a main sewer is deemed by the Board of Public Works and the City Engineer to be necessary in any block proposed to be improved by private contract, then and in such case no work, except grading, involving the construction of a pavement on such block, shall be permitted to be done until such main sewer shall have been constructed with side sewers and other appurtenances as in this section hereinafter provided for and regulated.

Where a main sewer has already been constructed in a block and side sewers and other appurtenances to such main sewer are deemed necessary by the said Board and the City Engineer, the construction of the same shall be conditioned for in the private contract in this ordinance referred to.

In the case of the construction of a main sewer in any block, no permission for the construction of the same by private contract shall be granted unless such contract is signed and conditioned for the construction of such sewer for its entire serviceable length between the main street crossings, or main street intersections, as may be determined by the City Engineer, with side sewers and other expedient and essential appurtenances as may be required by the City Engineer, under such regulations as may be prescribed by him, and approved by the Board of Public Works.

The provisions of Ordinance No. 5923 (New Series) regulating the construction, reconstruction or repair of private side sewers or drains and the connection thereof with main public sewers, approved June 28, 1923, shall not be deemed applicable to the construction of side sewers by private contract under and pursuant to the provisions of this ordinance.

Permission for the improvement of a public street crossing or intersection shall not be granted unless the owners of at least a majority of the frontage of the lots and lands liable for the cost thereof, or the authorized agents of such owners, shall have entered into contract therefor, such frontage being determinable according to the method provided in the Street Improvement Ordinance of 1918 for determining the frontage liable for the improvement of street crossings or intersections.

Section 3. The contract for the doing of any proposed street work pursuant to the provisions of this ordinance shall be signed in triplicate, two of which shall accompany the application for permission to do the proposed work, together with a diagram showing thereon the lots and lands signed for by the respective owners thereof, or their agents, as indicated in such contract and the respective frontages thereof so signed for. To such contracts accompanying such application there shall be attached affidavits sworn to before a notary public that the signatures of said owners or their agents, respectively, appearing in such contracts, are genuine, and were to the actual knowledge of affiant subscribed by said owners or said agents, respectively, and that the frontage set opposite the said signatures, severally, is correct according to affiant's best information and belief.

Section 4. The work proposed to be done under such private contract must be of a class or type approved and recommended by the City Engineer. Such work must be done under the direction and to the satisfaction of the Board of Public Works and the materials to be used therein must be in accordance with specifications adopted by the Board of Supervisors for similar work, and be to the satisfaction of the Board of Public Works.

The Board of Public Works shall fix the time within which the work shall be completed, which time shall begin to run from the date of the resolution of the said Board granting the permission for the doing of the same.

The said Board shall not extend the time for the completion of the work more than ninety (90) days beyond the time fixed in the said resolution, unless the application for a further extension of time be filed before the expiration of the time of the first extension granted pursuant hereto and is supported by a certificate from the City Engineer, certifying that at least the major part of the work described in the resolution granting the permis-

sion for the doing thereof has actually been done, or by evidence satisfactory to the City Engineer and the said Board that the failure to have done the required measure of work was not due to lack of diligence in the prosecution of the work on the part of the contractor. The time for the completion of the work herein provided for shall be deemed to be of the essence of the contract herein referred to in all things, and the resolution of the Board of Public Works granting permission for the doing of the work shall so declare.

When the work shall have been completed to the satisfaction of the City Engineer and the Board of Public Works, the said Board shall so declare by resolution and thereupon deliver to the contractor a certificate to that effect.

Section 5. In case that the work to be done by private contract, as hereinbefore provided for, shall not have been completed within the time limited in the resolution of permission or within such extended time as may have been granted pursuant to the provisions of Section 4 of this ordinance, the Board of Public Works shall by resolution revoke the permission theretofore granted for doing such work, and no application for a renewed permission to do the same shall be considered by the said Board unless the same be accompanied by a contract signed anew in the manner and with the accompanying requirements prescribed in Sections 2 and 3 of this ordinance. No such application for such renewed permission, however, shall in any way be deemed to control the determination or discretion of the said Board to institute proceedings for the performance of the work pursuant to the provisions of the Street Improvement Ordinance of 1918 of the City and County of San Francisco.

Section 6. No permission for doing any street work by private contract under and pursuant to the provisions of this ordinance shall become effective until the contractor covenanting to perform the same shall have executed to the City and County of San Francisco, and delivered to the Secretary of the Board of Public Works, a bond in such amount as may have been fixed in the resolution of the said Board granting such permission, with some surety company authorized to do business in the State of California as surety thereon, conditioned for the faithful performance of the contract, or shall have deposited with the said Secretary a certified check upon some solvent bank for the said amount as a guaranty for such performance, or in lieu of such bond or such certified check, shall have executed to said City and County and delivered to said Secretary a bond in the sum of ten thousand (10,000) dollars, with some surety company authorized to do business in the State of California, as surety thereon, conditioned for the faithful performance of any and all private contracts authorized to be performed by him in pursuance of the provisions of this ordinance, which said bond shall be renewed annually. In every case of granting permission to do street work as provided for in this ordinance, the Board of Public Works shall fix in its resolution granting such permission the amount of bond required to be executed for the faithful performance of the contract, except in a case in and to which the lieu bond herein provided for may be made applicable.

Before entering upon the performance of any work in this ordinance provided for, the contractor covenanting to do such work shall execute and file with the Board of Public Works a good and sufficient bond to be satisfactory to the said Board in a sum not less than one-half of the total amount payable by the terms of his contract. Such bond shall in respect to the surety or sureties thereon conform to the requirements of the bond provided for in Section 7, Chapter III of Article II of the Charter of the City and County of San Francisco, and shall be conditioned for like purposes and intent as in said section provided and declared, and the procedure provided for in said section applicable to any claim or claims therein specified, shall be applicable to any claim or claims arising in connection with the work done or to be done under the said contract. The provisions of said Section 7, Chapter III of Article II of said Charter, as to the conditions, purposes and intent thereof, and the applicable procedure therein provided, are by reference hereby made a part of this section.

No assignment or transfer of a contract authorized or provided for in this ordinance, or of any rights thereunder, shall operate to relieve the surety or sureties on any bond executed in connection with such contract, as herein provided for, from the obligations or liabilities assumed in and by such bond, nor change or in any manner or degree qualify such obligations or liabilities.

Section 7. The Board of Public Works may institute such inquiry as it deems proper for the purpose of determining the authenticity of the signatures appearing on a private contract, or the authority of the parties thereto to sign the same. The provisions of Section 24 of Article XVI of the Charter of the City and County of San Francisco shall be applicable for such inquiry.

Section 8. The provisions of this ordinance shall not be deemed in any manner to be in conflict with the provisions of Section 16, Chapter II of Article VI of the Charter, nor with the provisions of the Street Improvement Ordinance of 1918 of the City and County of San Francisco.

Nothing in this ordinance shall be so construed as prohibiting the Board of Public Works from granting permission to an individual owner to improve a public street in front of his property, if in the judgment of the City Engineer and the said Board such improvement be deemed advisable and expedient, and the public interest or convenience requires the same.

Section 9. Ordinance No. 6278 (New Series) and all ordinances amendatory thereof and all ordinances and parts of ordinances relating to private contracts in so far as they may conflict with the provisions of this ordinance are hereby repealed. Such provisions, however, shall not in any manner be held to affect any private contract heretofore in force and effect in pursuance of the provisions of Ordinance No. 6278 (New Series) and ordinances amendatory thereof, which provisions shall be deemed applicable until the completion of such contract.

Section 10. This ordinance shall take effect immediately.

Extension of Time.

Supervisor Welch presented:

Resolution No. 25859 (New Series), as follows:

Resolved, That Frank J. McHugh is hereby granted an extension of ninety days' time from and after August 3, 1926, within which to complete the contract for the improvement of Clement street between Arguello boulevard and Funston avenue under public contract. This extension of time is granted for the reason that delay in completion of the work was occasioned by the necessity of waiting for the public service corporations to remove poles and place service underground.

Adopting Amended Location of Hetch Hetchy Aqueduct Transmission and Pipe Lines, Etc.

Supervisor Shannon presented:

Resolution No. 25883 (New Series), as follows:

Whereas, for the successful consummation of the policy of the City and County of San Francisco of dedeloping a complete municipal water supply, with Hetch Hetchy Valley, Lake Eleanor and the waters of the Tuolumne River and its tributaries in Tuolumne County, California, as a source for obtaining said water supply, and generating electric power in connection with said water supply, it is necessary that an aqueduct, electric transmission lines, roads and water supply pipe line be constructed along the locations hereinafter described, and that the City and County occupy lands hereinafter described; therefore, be it

Resolved, That the hereinafter described locations be and the same are hereby adopted by the City and County of San Francisco as the amended definite locations of the said aqueduct, electric transmission lines, roads, pipe line and lands.

The Mayor of the City and County of San Francisco is hereby authorized to apply to the United States Land Office, the Honorable Secretary of the Interior, and any other department of government on behalf

of the City and County for permission to construct and complete said aqueduct, transmission lines, roads and pipe line and to occupy said lands on said amended locations.

Said application is to be made under the Act of Congress approved December 19, 1913, entitled "An Act granting to the City and County of San Francisco certain rights of way in, over and through certain public lands, the Yosemite National Park and Stanilaus National Forest, and certain lands in the Yosemite National Park, the Stanislaus National Forest, and the public lands in the State of California, and for other purposes," in order that the City and County may obtain the benefits of said act.

The Mayor is further authorized and directed to make, on behalf of the City and County, any other application under said Act of Congress or under any law to any department of government, which may be necessary for the successful completion of the above described municipal water supply for the City and County of San Francisco; and also to enter into any stipulations or agreements on behalf of the City and County of San Francisco which may be required by the Department of the Interior, the Department of Agriculture or the Forestry Bureau of the United States Government in the matter of obtaining permits or favorable action from any of said departments on any of the City's applications before said departments, so as to complete successfully said municipal water supply.

The City Engineer is authorized and directed to prepare all the necessary surveys, maps and field notes for said application or for any other applications which it may be necessary to make under said Act of Congress, or under any law for the successful completion of the above described municipal water supply.

The City Attorney is hereby authorized and directed to appear before the United States Land Office, the Secretary of the Interior, or any other department of the government, for and on behalf of the City in the matter of this application, or any other proceeding which may be necessary for the successful completion of the above described municipal water supply.

Following are descriptions of the amended definite locations of said aqueduct, transmission lines, roads, pipe line and lands:

1. *Aqueduct*: A right of way 250 feet wide, 125 feet on each side of the following described center line of said City and County's canal, tunnel or aqueduct right of way: Beginning at the aqueduct initial point or Sta. "T" 0+00, whence the southwest corner of Section 36, Township 1 South, Range 15 East, M. D. Communication From Civic League of Improvement Clubs and Associations.

The following communication was presented and *referred to the Committees on Streets and Commercial Development, Public Utilities and Finance*:

San Francisco, July 2, 1926.

Board of Supervisors, City Hall,
Civic Center, San Francisco.

Gentlemen:

In view of the fact, if press reports be true, that the War Department engineers will soon render a decision on the request for the modification of present restrictions relative to San Francisco transbay bridge projects, the subject becomes a live matter in your hands, and upon you rests a tremendous responsibility in the selection of the persons to whom a bridge franchise is to be granted at your hands.

The Civic League of Improvement Clubs and Associations therefore, at this time, wishes to draw your attention to certain changes in the State laws relative to bridges, passed at the last session of the State Legislature, whereby a grantee of a bridge franchise is absolutely secure in his rights for a period of seven years, even though he makes no effort whatever to meet his requirements, whereas the authorities granting such franchise have their hands completely tied in the matter for that period of time.

Neighboring counties have had unpleasant experiences in granting bridge franchises to irresponsible parties before this change in the law became effective, and have had bridge projects delayed for several years, which, under the new State law, may easily be extended to a decade.

We therefore place before you the importance of the necessity of being absolutely and positively assured of the financial responsibility of any person, firm or corporation to whom you may feel inclined to grant a franchise for a project which, owing to insufficient engineering data at hand, may easily cost in excess of $75,000,000.

The Civic League desires to draw to your attention the prime necessity of protecting in full measure the people of San Francisco in this important project, and that no bridge franchise be granted to any person, firm or corporation unless such person, firm or corporation has had prepared, at their own expense, definite plans and specifications, based upon accurate soundings, together with complete estimates of cost of the project they are sponsoring.

This is not asking too much as a partial set-up of proof of financial responsibility, in view of the legal aspects hereinabove set forth.

Granting a bridge franchise to irresponsible parties will lead only to a positive delay of at least seven years of the entire project, which, in view of the rapidly approaching urgent necessity of the bridge, to San Francisco in particular and the bay region in general, would work irreparable injury to the communities of this vicinity.

Very truly yours,

CIVIC LEAGUE OF IMPROVEMENT CLUBS AND ASSOCIATIONS.

GEO. W. GERHARD,
Secretary.

Award of Contract, Ferry Franchise, A. O. Stewart.

Bill No. 7656, Ordinance No. 7167 (New Series), as follows:

Granting a franchise to A. O. Stewart and his assigns to erect, maintain and take tolls on a public ferry to be operated between the City and County of San Francisco and the City of Alameda, Alameda County, California, across the San Francisco Bay, a navigable body of water dividing the City and County of San Francisco and the County of Alameda, and fixing the amount of the penal bond, the license tax, the rate of tolls to be collected and the term of said franchise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A. O. Stewart, having on the 29th day of March, 1926, presented to the Board of Supervisors of the City and County of San Francisco, State of California, his verified written petition praying for authority to erect maintain and take tolls on a public ferry to be operated across the San Francisco Bay between the City and County of San Francisco, State of California, and the City of Alameda, Alameda County, California, and said petition having come on regularly for hearing on said day before the said Board of Supervisors and said hearing having been duly and regularly continued from time to time to Monday, the 28th day of June, 1926, at the hour of 2 o'clock p. m. of said day, and it having been made to appear by the necessary affidavits presented to said Board and filed in the office of the Clerk thereof that A. O. Stewart has given notice of his intention to apply to said Board of Supervisors on the 29th day of March, 1926, at the hour of 2 o'clock p. m. of said day, for authority to erect, main-

tain and take tolls on a public ferry, as hereinbefore stated, and that said notice has been given in the manner, form and for the time required by law, and that said notice was served upwards of ten days prior to the 29th day of March, 1926, upon Southern Pacific Company and upon the State of California and the City of Alameda, the State of California and the City of Alameda being the owners of the land upon which A. O. Stewart expects to locate the terminals of said public ferry, which said land is hereinafter particularly described; and

Section 2. It further appearing that A. O. Stewart has in all things complied with the law in making application for said ferry franchise between the said terminals and in giving notice of said application; and

Section 3. It further appearing that such ferry is a public necessity and convenience and for the best interest of said City and County of San Francisco and the County of Alameda and the traveling public and that the situation of the City and County of San Francisco and the City of Alameda and the crossing of the public highway renders it necessary for public convenience and necessity to establish such a ferry and that such a ferry be established; and

Section 4. It further appearing that A. O. Stewart is a proper and suitable person to which to grant such a franchise, right and privilege and that the owners of the land described herein and neither of them have made application for a ferry franchise within a reasonable time after the necessity therefor arose and that no franchise for a ferry has been granted by this Board within one mile of the proposed location of said ferry; and

Section 5. Now, therefore, this Board of Supervisors does hereby grant A. O. Stewart and his assigns for a period of fifty years from and after the date hereof, and on the terms and conditions herein contained, subject to the right of the Railroad Commission of the State of California to modify, as provided by law, the rates and tolls hereinafter set forth, the right, privilege and authority to erect, maintain and take tolls on a public ferry to be run and operated across the San Francisco Bay between the City and County of San Francisco, State of California, and the City of Alameda, Alameda County, California, with ferry landings or terminals located in the City and County of San Francisco and the City of Alameda, as follows:

Location of San Francisco Ferry Landing.

That certain wharf and ferry slip located at the foot of Townsend street, in the City and County of San Francisco, State of California, and generally known and designated therein as "Pier 36," or such other pier, wharf or ferry slip in the City and County of San Francisco as may hereafter be assigned by the State Board of Harbor Commissioners to A. O. Stewart or his assigns, as a terminal or landing place for said public ferry.

Location of Ferry Landing in City of Alameda.

That the ferry landing or terminal of said public ferry in the City of Alameda, County of Alameda, State of California, shall be located at the foot of Pacific avenue, in said city, upon the following piece and parcel of real property located in the City of Alameda, County of Alameda, said State, and more particularly described as follows, to-wit:

Beginning at the point of intersection of the easterly line of the State Tide Lands, with the southerly line of Lot 6 of Twp. 2 S., R. 4 W., as said lines are shown on the map entitled "Map No. 2 of Salt Marsh and Tide Lands, situated in the County of Alameda, State of California, surveyed under the direction of G. F. Allardt, Chief Engineer, on file in the office of the Surveyor-General of the State of California at Sacramento, Calif."; running thence from said point of beginning south 18 deg. 45 min. east along said easterly line of State Tide Lands 200.02 feet; thence south 72 deg. 0 min. west 5500 feet to a point marking beginning of area for terminal structures; thence south 18 deg. 0 min. east 100 feet; thence south 72 deg. 0 min. west 1700 feet, more or less, to a point on the westerly boundary of the City of Alameda; thence northerly along said city boundary to a point distant 400 feet northerly from said line bearing south 72 deg. 0 min. west, said distance being measured at right angles to said line; thence north 72 deg. 0 min. east 1700 feet, more or less, to a point 300 feet northerly, located at right angles to said course from the beforementioned point marking the beginning of area for terminal structures; thence south 18 deg. 0 min. east 100 feet; thence north 72 deg. 0 min. east 5497.38 feet to the point of beginning.

Section 6. That said A. O. Stewart, or his assigns, will, in the operation of said ferry, maintain such service as public necessity and convenience demands, which service

shall in no case be less than one round trip per hour between the termini hereinabove set forth between the hours of 8 o'clock a. m. and 6 o'clock p. m. during the day, due regard being had at all times for weather conditions.

Section 7. The amount of the penal bond to be given by A. O. Stewart or his assigns, as required by subdivision 1 of Section 2845 of the Political Code of the State of California is hereby fixed in the sum of ten thousand dollars, which said bond shall be given and renewed annually for said sum.

Section 8. The amount of the license tax to be paid by A. O. Stewart, or his assigns, for taking tolls on said ferry is hereby fixed at the sum of one hundred dollars per month, payable yearly.

Section 9. The rate of tolls which may be collected for crossing said ferry is hereby fixed as follows:

Board of Public Works to Grant Permits for Street Work on Unaccepted Streets.

Bill No. 7658, Ordinance No. 7169 (New Series), as follows:

Authorizing the Board of Public Works to grant permission for the performance of street work in or upon unaccepted public streets in the City and County of San Francisco by private contract; regulating the manner in which such work shall be done; prescribing the conditions and requirements essential to the obtaining of such permission, and repealing Ordinance No. 6278 (New Series) and all ordinances amendatory thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Application for permission to do any street work in or upon any unaccepted public street in the City and County of San Francisco by private contract must be made in writing to the Board of Public Works, which application shall contain a comprehensive description of the work to be done. Said Board shall thereupon investigate such application, and if after investigation the Board determines that the public interest or convenience requires the doing of the proposed work and that the same is expedient, and will not be productive of detriment to the public safety or convenience, it is hereby authorized to grant permission for the doing of the same as applied for or as modified by direction of the City Engineer, subject to the conditions and provisions in this ordinance hereinafter prescribed and provided.

Section 2. No permission for the doing of any street work in or upon any unaccepted public street in the City and County of San Francisco, except in the case of main sewer construction, or the improvement of a street crossing or intersection as hereinafter provided for, shall be granted in pursuance of the provisions of this ordinance, unless the owners of at least sixty (60) per cent of the frontage on a block of the street whereon or wherein such work is proposed to be done, or the authorized agents of such owners, shall have entered into a written contract for the doing thereof; provided, however, that no work so contracted for shall be permitted to be done on the block until at least the entire improvable frontage on one side of the block between main street crossings or main street intersections, determinable by the longest side, in case one side exceeds the other in length, shall have been so contracted for, unless in the judgment of the Board of Public Works and the City Engineer, the frontage necessary to complete a full contracted frontage on such side will not be productive of consequent detriment to the public use of such side of the block nor to the work proposed to be done on the block; and, further, provided, however, that if the entire improvable frontage on one side of a block has been so contracted for by the owner or owners of the lots and lands fronting thereon, or their authorized agents, and the City Engineer and the Board of Public Works deem the proposed improvement to be advisable and expedient and that the public interest and convenience would be subserved by such improvement, then and in such case the said Board may grant permission for the making of the same.

Where the construction of a main sewer is deemed by the Board of Public Works and the City Engineer to be necessary in any block proposed to be improved by private contract, then and in such case no work, except grading, involving the construction of a pavement on such block, shall be permitted to be done until such main sewer shall have been constructed with side sewers and other appurtenances as in this section hereinafter provided for and regulated.

Where a main sewer has already

been constructed in a block and side sewers and other appurtenances to such main sewer are deemed necessary by the said Board and the City Engineer, the construction of the same shall be conditioned for in the private contract in this ordinance referred to.

In the case of the construction of a main sewer in any block, no permission for the construction of the same by private contract shall be granted unless such contract is signed and conditioned for the construction of such sewer for its entire serviceable length between the main street crossings, or main street intersections, as may be determined by the City Engineer, with side sewers and other expedient and essential appurtenances as may be required by the City Engineer, under such regulations as may be prescribed by him, and approved by the Board of Public Works.

The provisions of Ordinance No. 5923 (New Series) regulating the construction, reconstruction or repair of private side sewers or drains and the connection thereof with main public sewers, approved June 28, 1923, shall not be deemed applicable to the construction of side sewers by private contract under and pursuant to the provisions of this ordinance.

Permission for the improvement of a public street crossing or intersection shall not be granted unless the owners of at least a majority of the frontage of the lots and lands liable for the cost thereof, or the authorized agents of such owners, shall have entered into contract therefor, such frontage being determinable according to the method provided in the Street Improvement Ordinance of 1918 for determining the frontage liable for the improvement of street crossings or intersections.

Section 3. The contract for the doing of any proposed street work pursuant to the provisions of this ordinance shall be signed in triplicate, two of which shall accompany the application for permission to do the proposed work, together with a diagram showing thereon the lots and lands signed for by the respective owners thereof, or their agents, as indicated in such contract and the respective frontages thereof so signed for. To such contracts accompanying such application there shall be attached affidavits sworn to before a notary public that the signatures of said owners or their agents, respectively, appearing in such contracts, are genuine, and were to the actual knowledge of affiant subscribed by said owners or said agents, respectively, and that the frontage set opposite the said signatures, severally, is correct according to affiant's best information and belief.

Section 4. The work proposed to be done under such private contract must be of a class or type approved and recommended by the City Engineer. Such work must be done under the direction and to the satisfaction of the Board of Public Works and the materials to be used therein must be in accordance with specifications adopted by the Board of Supervisors for similar work, and be to the satisfaction of the Board of Public Works.

The Board of Public Works shall fix the time within which the work shall be completed, which time shall begin to run from the date of the resolution of the said Board granting the permission for the doing of the same.

The said Board shall not extend the time for the completion of the work more than ninety (90) days beyond the time fixed in the said resolution, unless the application for a further extension of time be filed before the expiration of the time of the first extension granted pursuant hereto and is supported by a certificate from the City Engineer, certifying that at least the major part of the work described in the resolution granting the permission for the doing thereof has actually been done, or by evidence satisfactory to the City Engineer and the said Board that the failure to have done the required measure of work was not due to lack of diligence in the prosecution of the work on the part of the contractor. The time for the completion of the work herein provided for shall be deemed to be of the essence of the contract herein referred to in all things, and the resolution of the Board of Public Works granting permission for the doing of the work shall so declare.

When the work shall have been completed to the satisfaction of the City Engineer and the Board of Public Works, the said Board shall so declare by resolution and thereupon deliver to the contractor a certificate to that effect.

Section 5. In case that the work to be done by private contract, as hereinbefore provided for, shall not have been completed within the time limited in the resolution of permission or within such extended time as may have been granted pursuant to the provisions of Section 4 of this ordinance, the Board of Public Works shall by resolution revoke the permission theretofore granted

for doing such work, and no application for a renewed permission to do the same shall be considered by the said Board unless the same be accompanied by a contract signed anew in the manner and with the accompanying requirements prescribed in Sections 2 and 3 of this ordinance. No such application for such renewed permission, however, shall in any way be deemed to control the determination or discretion of the said Board to institute proceedings for the performance of the work pursuant to the provisions of the Street Improvement Ordinance of 1918 of the City and County of San Francisco.

Section 6. No permission for doing any street work by private contract under and pursuant to the provisions of this ordinance shall become effective until the contractor covenanting to perform the same shall have executed to the City and County of San Francisco, and delivered to the Secretary of the Board of Public Works, a bond in such amount as may have been fixed in the resolution of the said Board granting such permission, with some surety company authorized to do business in the State of California as surety thereon, conditioned for the faithful performance of the contract, or shall have deposited with the said Secretary a certified check upon some solvent bank for the said amount as a guaranty for such performance, or in lieu of such bond or such certified check, shall have executed to said City and County and delivered to said Secretary a bond in the sum of ten thousand (10,000) dollars, with some surety company authorized to do business in the State of California, as surety thereon, conditioned for the faithful performance of any and all private contracts authorized to be performed by him in pursuance of the provisions of this ordinance, which said bond shall be renewed annually. In every case of granting permission to do street work as provided for in this ordinance, the Board of Public Works shall fix in its resolution granting such permission the amount of bond required to be executed for the faithful performance of the contract, except in a case in and to which the lieu bond herein provided for may be made applicable.

Before entering upon the performance of any work in this ordinance provided for, the contractor covenanting to do such work shall execute and file with the Board of Public Works a good and sufficient bond to be satisfactory to the said Board in a sum not less than one-half of the total amount payable by the terms of his contract. Such bond shall in respect to the surety or sureties thereon conform to the requirements of the bond provided for in Section 7, Chapter III of Article II of the Charter of the City and County of San Francisco, and shall be conditioned for like purposes and intent as in said section provided and declared, and the procedure provided for in said section applicable to any claim or claims therein specified, shall be applicable to any claim or claims arising in connection with the work done or to be done under the said contract. The provisions of said Section 7, Chapter III of Article II of said Charter, as to the conditions, purposes and intent thereof, and the applicable procedure therein provided, are by reference hereby made a part of this section.

No assignment or transfer of a contract authorized or provided for in this ordinance, or of any rights thereunder, shall operate to relieve the surety or sureties on any bond executed in connection with such contract, as herein provided for, from the obligations or liabilities assumed in and by such bond, nor change or in any manner or degree qualify such obligations or liabilities.

Section 7. The Board of Public Works may institute such inquiry as it deems proper for the purpose of determining the authenticity of the signatures appearing on a private contract, or the authority of the parties thereto to sign the same. The provisions of Section 24 of Article XVI of the Charter of the City and County of San Francisco shall be applicable for such inquiry.

Section 8. The provisions of this ordinance shall not be deemed in any manner to be in conflict with the provisions of Section 16, Chapter II of Article VI of the Charter, nor with the provisions of the Street Improvement Ordinance of 1918 of the City and County of San Francisco.

Nothing in this ordinance shall be so construed as prohibiting the Board of Public Works from granting permission to an individual owner to improve a public street in front of his property, if in the judgment of the City Engineer and the said Board such improvement be deemed advisable and expedient, and the public interest or convenience requires the same.

Section 9. Ordinance No. 6278 (New Series) and all ordinances amendatory thereof and all ordinances and parts of ordinances relating to private contracts in so

far as they may conflict with the provisions of this ordinance are hereby repealed. Such provisions, however, shall not in any manner be held to affect any private contract heretofore in force and effect in pursuance of the provisions of Ordinance No. 6278 (New Series) and ordinances amendatory thereof, which provisions shall be deemed applicable until the completion of such contract.

Section 10. This ordinance shall take effect immediately.

Daylight Saving.

Supervisor Shannon presented:

Resolution No. ——— (New Series), as follows:

Whereas, daylight saving has been put into effect in many of the forward-looking communities of the East; and

Whereas, this saving of one hour of sunshine during the summer months has been proven to be an immense boon to millions of people, including all classes of these communities, and has been demonstrated to be practical in every way; and

Whereas, this conservation of one of Nature's precious gifts would be of even greater value to California than to other less favored states, inasmuch as it would afford opportunity not only to our own citizens but to the many thousand toursits, who annually visit California, to enjoy the natural wonders of our state; and

Whereas, more time in the open means better health for our citizens; and

Whereas, it is the sense of this Board that the adoption of the daylight saying standard of time is a matter for state legislation, not for action by the separate communities, thereby avoiding the confusion that results from different standards of time; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby petitions the Legislature of the State of California to enact a daylight saving law, providing that the official time for the State shall be advanced one hour beginning at midnight the first Sunday in April and returning to standard time at midnight on the last Sunday in September. Be it

Further Resolved, That the Clerk of this Board is hereby directed to forward copies of this resolution to all members of the Legislature, boards of supervisors and city councils within the State of California, together with a letter urging such bodies to use their best efforts in securing this legislation, that California next year may benefit by this extra hour of sunshine.

Referred to Public Welfare Committee.

Endorsement of Wiley Traffic Signal System.

Supervisor Schmidt presented:

Resolution No. ——— (New Series), as follows:

Whereas, various traffic signal devices have been installed at various street intersections for the purpose of demonstrating the relative merits of the different systems, and as a result of such demonstrations it appears to the satisfaction of some of the members of this Board that the signal system manufactured by the City and known as the "Wiley System" is best adapted to meet the requirements of our traffic conditoins; therefore,

Resolved, That the said Wiley Traffic Signals be given the approval of this Board, such approval to be effective thirty days from the adoption of this resolution; provided, however, that in the meantime a majority of the membrs of this Board give their individual endorsement to this declaration after an impartial investigation of the various signal systems installed.

Referred to the Traffic Committee.

(Supervisor Colman asked for data, operating costs, etc., of the various systems.)

Rejection of Bids, Basket Ball Backstops.

PROCEEDINGS OF THE BOARD OF EQUALIZATION.

Delivery of Assessment Roll 1926-1927.

The chair announced that Assessor Wolden has this day delivered to the Clerk of the Board of Supervisors the assessment roll for fiscal year 1926-1927, describing real estate, secured personal property and unsecured personal property, together with indices thereto.

Also, that the Assessor had filed on July 1, 1926, a list of arbitrary assessments, separate from the assessment book as required by Section 3633 of the Political Code of the State of California.

Report of Assessor on Assessment Roll for 1926-1927.

The following report was presented and read by the Clerk:

July 6, 1926.

Honorable Board of Supervisors,
City Hall, San Francisco, Cal.

Gentlemen:

I am this day delivering to your Honorable Board the Assessment Roll for 1926.

The entire or real increase is not evidenced by the totals, nor will it be in the final totals, but is shown

in the following report:

Net increase in taxable roll up to July 6, 1926.	$16,103,632
Estimated additions to unsecured personal property, July collections..	7,000,000
Loss by 3943 additional soldiers' exemptions—but absorbed in increase	2,413,116
Estimated loss by new 7 per cent solvent credit law and operative property taken from the property taken from the taxable roll (also absorbed)	30,000,000
Gross increase of taxable roll	$55,516.748

As in previous years, in addition to the taxable roll there will be a further increase which is obtained entirely by the diligence of my office force—namely, the collection of unsecured personal property in July. This amount, which is collected under Section 3821 of the Political Code will not be definite until some time in August. The indications are that this year this will be more than $6,000,000, but because of the new 7 per cent solvent credit law, etc., it is impossible to make a more accurate estimate. The unsecured personal property will approximate $77,000,000. All unsecured personal property is collected at the previous year's tax rate of $4.13. See Section 9, Article XIII. The City and County will derive a large additional revenue from this.

I have endeavored to fulfill my public duties with all the facilities at my command and without fear or favor and in an absolutely independent manner. The result is the largest assessment roll and the greatest gross increase ever returned or given by an Assessor of the City and County of San Francisco, despite the fact that this year's assessment roll started with an estimated loss of $30,000,000 behind last year's roll, due to the initial operation of the new 7 per cent solvent credit law and property of the public service corporations taken from the taxable roll. This had to be absorbed, together with 3943 additional soldiers' exemptions.

The increased amount of business in the past year has greatly added to my duties, and in the performance of them I have been ably supported by a very efficient office staff, whose cooperation with me has made possible the largest assessment roll in the history of our City, although this work is handicapped by the limitations of the laws, funds and equipment at the disposal of the Assessor's office.

These results have been accomplished in spite of the fact that the duties of the late Mr. Ginty, by reason of his untimely death, were taken over by me at the height of the assessment period, and that the assumption of the office, with its manifold responsibilities, was rendered more difficult than it would have been under other circumstances.

My estimated report and comparison to last year's taxable roll is as follows:

Total nonoperative or taxable roll, 1926 to date	$750,032,999
Estimated July collections	7,000,000
Estimate of final roll (after losses have been absorbed)...	$757,032,999
Total nonoperative roll 1925, complete, including solvent credits under old law.....	733,929,367
(Gross increase, $55,516,748.) However, through absorptions, actual net increase	$ 23,103,632

It has been my endeavor to present to your Honorable Board and to the people a fair and just roll, and I am gratified that the results of this year's assessment roll will enable the tax rate to be materially lowered.

Respectfully submitted,
(Signed) R. L. WOLDEN,
Assessor.

Motion.

Supervisor Havenner moved that the Clerk be instructed to invite the Appraisement Committee of the Real Estate Board to attend the meeting of the Board of Equalization on Friday and explain what were its recommendations for increasing the assessment roll. Also, that the Assessor be invited to attend and explain why he reduced the committee's recommendations. A copy of the report made by the committee of the Real Estate Board to the Assessor.

Motion *carried.*

Transmittal of Arbitrary List.

The following was presented and read by the Clerk:

July 1, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen:

Please find attached hereto a list of taxpayers who have neglected to

make a return of their taxable property, together with the amounts assessed against each for this class of property.

This assessment is made uder the provisions of Section 3633 of the Political Code, and does not represent the real estate holdings of these parties, or their investments in business, this property being separately assessed by this office. These arbitrary assessments include personal property only, and are made to include principally money in commercial banks and stocks and bonds of corporations whose property is located outside of this State, together with solvent credits, and is in addition to any assessment levied against real estate owned by these parties.

Respectfully submitted,

(Sgd.) R. L. WOLDEN,
Assessor.

Adopted.

Whereupon, the following resolutions were presented and *adopted*:

Resolution No. 25913 (New Series), as follows:

Resolved, That the Board of Supervisors having met on this Tuesday afternoon, July 6, 1926, at 2 p. m. and examined the assessment books of real and personal property for the year 1926, will thereafter be in session as a Board of Equalization from time to time until Monday, July 19, 1926, at 12 o'clock noon, for the purpose of hearing applications, verified by oath, for the correction of assessment books.

Ayes — Supervisors Badaracco, Colman, Deasy, Harrelson, Havenner, Kent, Marks, McSheeny, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

Absent—Supervisors Bath, Gallagher, Hayden—3.

Resolution No. 25875 (New Series), as follows:

Resolved, That this Board meet on the 9th day of July, 1926, at 2 p. m., as a Board of Equalization, to examine applicants for reduction or correction of assessment, who have filed sworn statements as required by law, and to perform such other duties as may come before the Board.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—17.

Absent—Supervisor Hayden—1.

Resolution No. 25876 (New Series), as follows:

Adopting a rule as to the manner in which persons, firms and corporations are to be notified why their assessments for the fiscal year 1926-1927 should not have been increased by the Board of Supervisors, sitting as a Board of Equalization.

Resolved, That it is hereby adopted as a rule of this Board that the notice required to be given under the provisions of Section 3673 of the Political Code, to corporations or persons, to show cause why their assessments on the assessment books of real and personal property for the fiscal year 1926-1927 should not be increased, will be as follows:

To corporations—a written or printed notice addressed to the president, secretary, manager or agent of such corporation and delivered by the Sergeant-at-Arms of the Board of Supervisors at the office of such corporation in this City.

To persons, firms or companies—a written or printed notice, postage prepaid, and mailed to their address.

The Clerk is hereby directed to cause to be delivered or mailed to the several corporations, persons, firms or companies, when designated by this Board, the said notice at least twelve (12) hours prior to the time set for hearing said parties as aforesaid.

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—17.

Absent—Supervisor Hayden—1.

ADJOURNMENT.

Whereupon, the Board adjourned to meet again Friday, July 9, 1926, as a Board of Equalization, to consider applications for correction or reduction of assessments.

J. S. DUNNIGAN,
Clerk.

FRIDAY, JULY 9, 1926, 2 P. M.

Proceedings of the Board of Equalization.

In Board of Supervisors, San Francisco, Friday, July 9, 1926, 2 p. m.

The Board of Supervisors met pursuant to adjournment to hear all applicants who had filed sworn applications for correction of assessments on the Assessment Book of Real and Personal Property for the fiscal year 1926-27, or those who, after notification of arbitrary assessments

made against them, had filed sworn statements of the personal property owned by them or in their possession on the first Monday in March, 1926.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—18.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Marks was elected to preside.

Privilege of the Floor.

Louis Mooser was granted the privilege of the floor on motion of Supervisor Havenner. In reply to a statement that representatives of the Real Estate Board had recommended an increase of upwards of $50,000,000 in the assessment roll and that the Assessor had brought in less than a $25,000,000 increase; he denied as a representative of the Real Estate Board that he had made any such recommendation. He said there was no detailed report made to the Assessor or any recommendation for increased assessment. A committee, he said, sat down with the Assessor and gave their opinions as to market values in order that a proper basis for assessment might be determined. The committee made no suggestion of increase, just gave its opinions of market values. He declared that two years ago in a letter to the Assessor he called attention to certain inequalities in the assessment of city property and Supervisor McLeran wanted to know what could be done. He (Mooser) suggested that the Assessor be given more money for assistants or get a Board of Appraisers to go over the assessment roll in every way, as to the statement that an increase for $50,000,000 was recommended. P. Paschel, B. A. Banker, W. Sullivan, Mr. Holms and myself sat down with the Assessor and Finance Committee and gave our opinions as to market values on certain streets. Being asked for the figures he had given the Assessor, he said, It is wholly a personal opinion and no one has any right to the figures. (The Assessor being asked if he would furnish the figures referred to) Mr. Mooser declared that "if the Assessor was willing, we are not."

Being asked if they acted as a committee or as individuals, he declared that they started as a committee of the Real Estate Board a couple of years ago to bring about an equaliaztion of assessments, but that in this instance they were acting as individuals.

Assessor Wolden also addressed the Board as to the $50,000,000 assessment increase referred to. In reply to one of the members, he declared, that "income is not a factor in assessing."

Consideration of Applications for Reduction of Assessment.

Thereupon, applications for reduction of assessments were taken up, the applicants or their agents called, sworn, examined and, after consideration, disposed of as follows:

Communications.

The following matters were presented and read by the Clerk:

Communication, from Timothy Healy, attorney, representing Mr. R. S. Chew, engineer, who is now planning for a bridge crossing San Francisco Bay from Telegraph Hill to Goat Island, and thence to the Key Route fill or vicinity, and calling attention to the alleged fact that the Inter-Cities Bridge Company has given notice of its intention to file application for a franchise for a bridge across the bay which is practically a duplication and an outright adoption of the plan of his client, Mr. R. S. Chew.

Filed and made a part of the record.

Communication, from San Francisco-Alameda Counties Bridge Commission, transmitting copy of resolution adopted by the board of supervisors of the Down Town Association, in which cooperation is urged among all official, public and semi-public bodies concerned, with the sole object of devising a plan that will permit a bridge or bridge and tube construction across San Francisco Bay in accordance with the requirements of the War and Navy Departments, at the earliest possible moment.

Ordered *filed.*

Communcation, from Federated Voters' League of California, requesting that no consideration be given to a proposition for a bridge across the bay, and favoring the construction of a tube.

Ordered *filed.*

Mayor's Veto.

The following matters were presented and read by the Clerk and *laid over for consideration until next meeting*:

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

I am returning to you, without my approval, Ordinance No. 7160 (New Series), finally passed by your honorable Board June 28, 1926, entitled "Providing for the selection and location of traffic signals and safety zones on the streets of the City and County of San Francisco." My action is taken for the following reasons:

In conference with members of the Traffic Committee of the Board of Supervisors, the President of the Board of Police Commissioners and the Chief of Police, it was decided that this ordinance should so be amended that there will be vested in the Police Department the right and power to select and recommend to the Board of Supervisors the locations of all traffic signals, traffic safety zones and pedestrian lanes; also that the Board of Supervisors shall retain the authority to designate the type of traffic signal that may be purchased, and that, further, the Board of Supervisors shall retain the authority to substitute another signal or type of signal for any signal that may now be in operation or which hereafter may be installed on our streets.

My disapproval of this ordinance is therefore without prejudice, and is for the sole purpose of enabling the Board of Supervisors to amend this ordinance by adding the provisions herein suggested should the Board, in its wisdom, see fit to accept my recommendations.

Very sincerely yours,
JAMES ROLPH, JR.,
Mayor.

Communications, from Theodore Roche, President of the Police Commissioners; Daniel J. O'Brien, Chief of Police; Civic League of Improvement Clubs and Associations:

Hon. James Rolph, Jr., Mayor of the City and County of San Francisco, City Hall, Civic Center, San Francisco.

Dear Sir:

There is now before you an ordinance passed by the Board of Supervisors of the City and County of San Francisco last Monday, which, if permitted to become effective, will, in the opinion of the Civic League of Improvement Clubs and Associations, be detrimental to the safety of pedestrians and automobilists alike, in that it takes from the proper police authorities the power to designate important traffic intersections at which traffic signals, automatic and otherwise, are to be installed, placing such authority in the hands of inexperienced laymen who may for the time being be members of the Traffic Committee of the Board of Supervisors.

As President of the Civic League

of Improvement Clubs and Associations, and by direction of its executive board, I am herewith placing this protest before you, with the sincere request that you veto this proposed ordinance, and by refusing your approval perhaps prevent this measure from becoming enacted into law.

Very truly yours,

CIVIC LEAGUE OF IMPROVEMENT CLUBS AND ASSOCIATIONS,
By W. W. WATSON,
President.

Bill No. 7607, Ordinance No. 7160 (New Series), as follows:

Providing for the selection and location of traffic signals and safety zones on the streets of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever the public interest shall require, the Board of Supervisors may order the installation of signal devices and the establishment of safety zones on the streets of the City and County of San Francisco, and said Board shall have authority to select the devices, apparatus, markers or other appliances as it shall deem best suited for the purpose, and, after conference with the Police Department, it shall be its duty to designate and specify the location of the same and the manner in which they are to be placed or installed, which installation of signal devices shall be made by the Department of Electricity.

Section 2. This ordinance shall take effect immediately.

Finally passed by the Board of Supervisors, San Francisco, June 28, 1926.

Ayes — Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—13.

Noes—Supervisors Colman, Harrelson—2.

Absent — Supervisors Hayden, Kent, Marks—3.

J. S. DUNNIGAN, Clerk.

Disapproved, San Francisco, July 9, 1926.

JAMES ROLPH, Mayor.

Without prejudice for reasons set forth in my accompanying communication.

Bay Bridge.

Supervisor Gallagher called for the Special Order for 2:30 p. m., asking for information and stating that he had noticed in the press that a bay bridge commission had been formed which has taken upon itself the business of wiring to Washington or somebody there to do certain things in relation to the decision of the War Department, requesting it to defer its decision on bridges. He asked the chairman of the joint committee if he or any other member of the committee, or any member of the Board, had been consulted in the matter.

Supervisor McSheehy, chairman of the joint committee, and Supervisor Shannon, chairman of the Public Utilities Committee, and Supervisors Badaracco and Powers, members of the last-named committee, declared that they had no communication nor had they been consulted in the matter.

Being interrogated by the Chair as to whether he had any communication from the War Department, the Clerk said "no."

The Clerk then presented the following communication, which, on motion of Supervisor Gallagher, was read, to-wit:

Communication from S. F.-Alameda County Bridge Commission.

Gentlemen:

The undersigned, as chairman of the San Francisco-Alameda County Bridge Commission, is in receipt of a resolution, passed today by the board of directors of the Down Town Association in which cooperation is urged among all official, public and semi-official bodies concerned with the sole object of devising a plan that will permit a bridge or bridge and tube construction across San Francisco Bay under the requirements of the War and Navy Departments at the earliest possible moment.

In conformity with the purpose and spirit of this resolution, copy of which is herewith attached, this commission is pleased herewith to tender the services of its board of engineers and technical experts in whatever investigations or research may be undertaken on the various bridge projects.

The sole object of the commission is in having selected at the earliest possible time such bridge or bridge and tube project as will meet the requirements of the Washington authorities and bring about a speedy solution of our bay transportation problem. This commission will cooperate in every way in any plan of unified action that may be suggested by any of the parties concerned.

For your information there is given herewith the names and qualifications of the board of engineers and technical experts al-

ready in the service of this commission.

Very sincerely yours,
SAN FRANCISCO-ALAMEDA COUNTY BRIDGE COMMISSION,
By JAMES N. GILLETT,
Chairman.

The following is a list of the engineering and technical board of the San Francisco-Alameda County Bridge Commission:

Professor Charles D. Marx, professor of civil engineering, Leland Stanford Junior University, past president American Society of Civil Engineers, president Engineering Council of California, consulting engineer of Oakland harbor; Thomas E. Means, past president American Society Civil Engineers, San Francisco Section, Seismological Society of America, American Association for the Advancement of Science, noted geologist and foundation expert, formerly United States Reclamation Service, consulting engineer for governments of India and Egypt; Francis Betts Smith, builder navy dry docks Pearl Harbor, Hawaii, builder Hawaii Pineapple Co. harbor, Hawaii, consulting engineer Oakland-Alameda tube, Richmond harbor, Santa Barbara harbor, constructor Mare Island and League Island (Philadelphia) dry docks; Earl Cope, member American Society of Civil Engineers, construction engineer for many California bridges; Sydney W. Taylor, Jr., specialist in engineering economics, industrial engineering, engineering investigator for Canadian government; Jerome Neuman, former engineer State Board of Harbor Commission, superintendent of engineering, Yosemite Valley Railroad; Bailey Willis, president of Seismological Society of America, professor emeritus of geology, Leland Stanford Junior University, consulting adviser Japanese government; Capt. Frank H. Ainsworth, retired captain, U. S. N., Washington representative Alameda naval base; Fred Dohrmann, Jr., city planning expert, San Francisco Regional Plan Association.

The following is a copy of the resolution adopted by board of directors of the Down Town Association of San Francisco:

Whereas, there was organized by the Down Town Association on July 7, 1926, following several months of investigation and conference, an organization known as the San Francisco-Alameda County Bridge Commission, to make a complete survey and report on the entire San Francisco Bay bridge project to the end that unified action by all parties concerned, both in official and public circles, might be obtained for the speedy construction of such bridge or bridge and tube project as would meet the requirements and rulings of the War and Navy Departments at Washington; and

Whereas, the army and navy authorities at Washington, following representations for delay in a final ruling made by such bridge commission in conjunction with the Board of Supervisors, the San Francisco Chamber of Commerce and other public and private agencies has granted such a continuance; now, therefore, be it

Resolved, That the directors of the Down Town Association hereby express their hearty endorsement of the activities of the San Francisco-Alameda County Bridge Commission and urges that this commission use its best efforts to effect a thorough cooperation through all official and semi-official bodies concerned with the objective of a bridge or tube across San Francisco Bay, in order that the most practicable and feasible plan under the rulings of the War and Navy Departments may be decided on at the earliest possible moment; and be it

Further Resolved, That copy of this resolution be forwarded to the San Francisco Board of Supervisors, San Francisco Chamber of Commerce and to the press.

Privilege of the Floor.

Judge McAtee, representing the Down Town Association, was granted the privilege of the floor, interrogated by various members of the Board, he was heard at length as to the action of the commission in requesting the War Department to delay its decision on bay bridges.

Charles Brennan, attorney for John Bermingham, Jr., stated that Mr. Huggins, who is chairman of the Bridge Committee of the Down Town Association, who organized the San Francisco-Alameda County Bridge Commission, is a representative of "Victory Tubes." That Mr. Sydney Taylor, Jr., a member of the commission, is also a representative of "Victory Tubes." That Capt. Frank H. Ainsworth, also a member of the commission, is a representative of the Southern Pacific Company, and is now in Washington.

Telegram.

On motion of Supervisor Stanton, the following telegram was prepared and ordered sent to the War Department at Washington:

"Please be advised that San Francisco-Alameda County Bay

Bridge Commission is purely an unofficial and voluntary body and is not in any manner authorized to speak officially for the Board of Supervisors or for any official board or commission of the government of the City and County. The Board of Supervisors is planning concurrently with further hearings which we are advised by the press have been adopted by the War Department to proceed immediately and without interruption to the public hearing of several applications for bridge franchises across the Bay of San Francisco, and we request that you consider as official and representative of the point of view of the people of San Francisco only such communications and representations concerning the building of a bridge or bridges across San Francisco Bay as shall hereafter be transmitted by this Board of Supervisors duly authenticated."

(*Supervisor Badaracco requested to be recorded as voting no.*)

An Associated Press notice was read from a daily paper to the effect that the War Department had ordered a further hearing before the department at San Francisco. However, the Board had not yet received official notice of the fact.

Protest.

Mr. Timothy Healy, attorney for R. S. Chew, filed a protest against the application of Inter-Cities Bridge Corporation, in which he states the application is almost identical with the plan of Mr. Chew, which was prepared in 1921.

Amending Traffic Ordinance Relating to Arterial Streets.

On motion of Supervisor Bath:

Bill No. 7674, Ordinance No. —— (New Series), as follows:

Amending Section 18-A of Ordinance No. 1857 (New Series), entitled "Regulating moving traffic on the public streets relating to arterial streets."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 18-A of Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 18-A. (a) An arterial street is hereby defined to be a main street connecting a central business district of the city with its environs, over which there is a large volume of moving traffic and which, by reason of its location, invites an unusual number of vehicles to use its facilities.

(b) Fell street between Market and Baker streets and Fulton street between Van Ness avenue and Stanyan street, Bush and Pine streets between Divisadero street and Presidio avenue, Geary street between Presidio and Forty-third avenues, Mission street between The Embarcadero and the County line, Valencia street between Market and Mission streets, Nineteenth avenue from Lincoln way to Sloat boulevard, Twenty-fourth avenue from Geary street to Fulton street, Twenty-fourth street from Dolores street to Hoffman avenue and Post street between Mason street and Presidio avenue are hereby declared to be arterial streets as defined in paragraph (a).

(c) Fell street between Baker street and Stanyan street is hereby declared to be an open public boulevard.

(d) No heavy traffic shall be allowed to pass upon and along Fell street between Baker street and Stanyan street and the words "heavy traffic" herein used shall be held to include all trucks and all wagons and other vehicles employed in carrying goods, merchandise, hay, coal, lumber, building material, sand, manure, oil or other articles of commerce, but shall not be held to include vehicles carrying goods for retail delivery to persons residing upon said boulevard. All vehicles shall be permitted to travel upon said boulevard for a distance of less than one block when carrying goods to be delivered at a point within the block so traveled.

(e) No permit shall be issued for the moving of any houses upon and along Fell street between Baker street and Stanyan street except as may be necessary to cross same at intersections.

(f) It shall be unlwaful for any driver or operator of any vehicle or motorman of any street car to cross an arterial street or a street declared to be an open public boulevard from an intersecting street unless such vehicle or street car shall have been brought to a full stop before entering the intersection of such arterial street or open public boulevard unless otherwise directed by a police officer or by any signal device showing or indicating "Stop or Go" or any other device or sign that shall be authorized, installed and put in use and operation by the Police Department of said City and County.

Privilege of the Floor.

A. Young, attorney, representing Geo. Skaller, requested that assessment be reduced to $29,700. He declared that Mr. Skaller had only a leasehold interest and was tied up with a long term, low-rent lease and that tax would be out of all proportion to income derived from the property.

Geo. Skaller, applicant, was also heard on the matter.

Motion.

Supervisor McSheehy moved that the assessment of Mr. Geo. Skaller be fixed at $47,000.

Motion *lost* by the following vote:

Ayes—Supervisors Harrelson, Marks, McSheehy, Roncovieri, Shannon—5.

Noes—Supervisors Badaracco, Gallagher, Kent, Powers, Stanton, Todd—6.

Absent—Supervisors Bath, Colman, Deasy, Havenner, Hayden, Schmidt, Welch—7.

Referred to Special Committee.

Report of Special Committee on Sunset Zoning.

The following was presented by Supervisor McSheehy, read by the Clerk and *adopted* by the following vote:

San Francisco, July 8, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

On Tuesday, June 1, while the Board of Supervisors was considering an ordinance recommended by its City Planning Committee, providing for rezoning in the Sunset District, your Honorable Board appointed a Special Committee to investigate certain statements made by members of the City Planning

Commission. Judge Matt I. Sullivan, president of that Commission, had informed the Board of Supervisors that he had been told by Major Kendrick, another member of the City Planning Commission, that he had been approached by a certain real estate agent with a proposition to buy two blocks of land in the Sunset District.

This real estate agent, according to Judge Sullivan's statement to the Supervisors, said to Major Kendrick: "If you will buy this property I will guarantee that the Board of Supervisors will change the zoning character of that district"

Your Special Committee has held two extensive hearings in an endeavor to ascertain whether there was any foundation for the above statement, which implied that the real estate agent referred to had tried to sell the property with a positive guarantee that this Board of Supervisors would subsequently take action that would affect its value.

Your Committee is happy to report that its investigations have shown that there was no foundation whatsoever for the statement made to the Board. All of the witnesses examined denied, without reservation, that any offer to guarantee rezoning had been made in connection with the property offered for sale or that there was any possible basis for the implication that the real estate agent referred to had obtained or could obtain any definite information concerning the probable action of the Board of Supervisors with respect to the rezoning of property. Indeed, it was developed during the hearings that the property offered for sale to Major Kendrick was already zoned for the purpose for which it was offered.

The general examination of witnesses during the investigations, however, elicited the information that it is a somewhat common practice among real estate men in San Francisco to offer property for sale subject to future rezoning by the Board of Supervisors. We desire to condemn this practice, as it unquestionably has the tendency to create in the mind of the purchaser the strong impression that the seller may be able to influence the future action of the Supervisors. We believe that all of the people of San Francisco should be emphatically advised that the action of this Board upon any rezoning application will be adversely affected whenever it is disclosed that any such contract of sale has been entered into with respect to the property involved.

Respectfully submitted,
(Sgd.) JAS. B. McSHEEHY,
FRANCK R. HAVENNER,
MILTON MARKS,
MILO F. KENT.

SET-BACK LINE HEARING—2 P. M.

Hearing of objections to the establishment of set-back lines along portions of Lisbon street.

No objection being offered, the following bill was *passed for printing*:

Bill No. 7675, Ordinance No. —— (New Series), as follows:

Establishing set-back lines along portions of Lisbon street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 1st day of June, 1926, the Board of Supervisors adopted Resolution of Intention No. 124 to establish set-back lines along Lisbon street, and fixed the 28th day of June, 1926, at 2 o'clock p. m., at the chambers of the Board of Supervisors as the time and place for hearing objections thereto; that thereafter and more than ten days prior to said hearing the said resolution was published and notices of the passage of said resolution were posted along the line of said street, in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was held at the time and place aforesaid, and the objections made to the establishment of said set-back lines were sustained in part and proposed set-back lines were ordered modified, and as modified, established as follows:

Section 2. Purusant to the foregoing recitals and in accordance with the provisions of said Ordinonce No. 5636 (New Series), set-back lines are hereby established as follows:

Along the northwesterly side of Lisbon street, commencing at a point 95 feet northeasterly from Brazil avenue, and running thence northeasterly 30 feet, said set-back line to be 3 feet; thence northeasterly 25 feet, said set-back line to be 6 feet; thence northeasterly 25 feet, said set-back line to be 9 feet; thence northeasterly 200 feet, said set-back line to be 11 feet; thence northeasterly 175 feet, said set-back line to be 15 feet; thence northwesterly to Excelsior avenue, said set-back line to be 4 feet.

As shown on the maps filed in the office of the Board of Supervisors and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the pelanties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

Ordered on Calendar by Board of Supervisors.

Consideration of the matter of the lease and occupancy of No. 333 Kearny street by departments now housed in Hall of Justice.

Relative to Occupancy of 333 Kearny Street.

The following matters were presented and read by the Clerk:

Communication, from Public Defender Frank J. Eagan advising that he is not opposed to moving to 333 Kearny street or any other location selected by the Board, but is interested in securing adequate quarters for his department.

Ordered *filed.*

Also, *communication*, from William H. Nicholl, Chief Adult Probation Department, stating that he is of the opinion that his department would be better away from the environment of the Hall of Justice and that the quarters set aside by the Board of Supervisors for his department at 333 Kearny street will be very satisfactory.

Ordered *filed.*

Also, *communication*, from Matthew Brady, District Attorney, stating that it is the duty of the Board of Supervisors to furnish suitable offices for his department, that the present accommodations are inadequate both as to equipment and office space, and advising that he is willing to accept any suitable quarters selected by the Board of Supervisors provided they are properly equipped.

Ordered *filed.*

Bill No. 7674, Ordinance No. 7186 (New Series), as follows:

Amending Section 18-A of Ordinance No. 1857 (New Series), entitled "Regulating moving traffic on the public streets relating to arterial streets."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 18-A of Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 18-A. (a) An arterial street is hereby defined to be a main street connecting a central business district of the city with its environs, over which there is a large volume of moving traffic and which, by reason of its location, invites an unusual number of vehicles to use its facilities.

(b) Fell street between Market and Baker streets and Fulton street between Van Ness avenue and Stanyan street, Bush and Pine streets between Divisadero street and Presidio avenue, Geary street between Presidio and Forty-third avenues, Mission street between The Embarcadero and the County line, Valencia street between Market and Mission streets, Nineteenth avenue from Lincoln way to Sloat boulevard, Twenty-fourth avenue from Geary street to Fulton street, Twenty-fourth street from Dolores street to Hoffman avenue and Post street between Mason street and Presidio avenue are hereby declared to be

arterial streets as defined in paragraph (a).

(c) Fell street between Baker street and Stanyan street is hereby declared to be an open public boulevard.

(d) No heavy traffic shall be allowed to pass upon and along Fell street between Baker street and Stanyan street and the words "heavy traffic" herein used shall be held to include all trucks and all wagons and other vehicles employed in carrying goods, merchandise, hay, coal, lumber, building material, sand, manure, oil or other articles of commerce, but shall not be held to include vehicles carrying goods for retail delivery to persons residing upon said boulevard. All vehicles shall be permitted to travel upon said boulevard for a distance of less than one block when carrying goods to be delivered at a point within the block so traveled.

(e) No permit shall be issued for the moving of any houses upon and along Fell street between Baker street and Stanyan street except as may be necessary to cross same at intersections.

(f) It shall be unlwaful for any driver or operator of any vehicle or motorman of any street car to cross an arterial street or a street declared to be an open public boulevard from an intersecting street unless such vehicle or street car shall have been brought to a full stop before entering the intersection of such arterial street or open public boulevard unless otherwise directed by a police officer or by any signal device showing or indicating "Stop or Go" or any other device or sign that shall be authorized, installed and put in use and operation by the Police Department of said City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 3, Chapter I, Article III of the Charter of San Francisco, a special fund to be known as the Wages, Salary and Compensation Special Fund is hereby created. To such fund shall revert at the end of each and every month any and all amounts set aside and itemized in the annual budget and allowed in any department, office, board or commission, except as provided in Section 3 hereof, as wages, salary or compensation of the various deputies, clerks, assistants and employees of every kind and classification which have not been expended for the purposes so itemized in any one month.

Section 2. The money so reverting to said fund may be reapportioned by the Board of Supervisors from time to time for the payment of the purposes for which said money was originally set out in the budget ordinance.

Section 3. This ordinance shall not apply to salaries, wages or compensation of the various clerks, assistants or employees of the Police Department, Fire Department, Park Commissioners, Playground Commission, School Department and Free Public Library.

Section 4. It shall be the duty of the Treasurer, the Auditor, the Civil Service Commission and of every department affected hereby to do such things as may be necessary to be done to place this ordinance and Section 3, Chapter I, Article III of the Charter as amended November 4, 1924, in full force and effect.

Section 5. All ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

Section 6. This ordinance shall take effect immediately.

Report of Health Committee on Garbage Disposal.

The following was presented and read by the Clerk:

San Francisco, California,
July 26, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

A petition has been submitted to you asking for the removal of garbage incinerator located at Eighth and De Haro streets for the reason that it is a public nuisance and offensive to the entire neighborhood.

This petition was referred, after investigation, to the Health Committee, and this committee submits the following report:

The incinerator and the property on which it stands is owned by the City of San Francisco and represents an investment of $400,000, and the Scavengers' Protective Association is permitted to use it without charge. A charge of $1 per ton is made for garbage delivered by scavengers to the incinerator.

The incinerator was built more

than 30 years ago and has a capacity of 400 tons and during recent years it has been handling about 600 tons daily, which has increased the nuisance. Whenever the winds are blowing east or west an offensive smell is created in the Mission and Potrero districts which is almost unbearable.

The committee held several hearings and finds that the garbage is not being burned—it is partially cooked. Charred papers have blown through the chimney and carried several blocks by the wind. A number of industries adjacent to the incinerator claim that it is retarding the growth of the neighborhood and detrimental to that section of the City.

After carefully going into every phase as to the disposal of garbage, visiting Seattle, Portland, Los Angeles and Berkeley, the committee recommends that the incinerator be discontinued and that the "fill and cover" method be used. Seattle, Portland and Berkeley are using this method and it has proven a success. Lands that were almost worthless were reclaimed and are now being built on or are being used as public parks and playgrounds, school sites and for homes and factories. This fill was made in various parts of these cities with no complaint. The method of doing the work is by first filling with garbage and then covering the same with dirt, sand or clay, keeping a stock on hand at all times for covering. The covering is always done before quitting time so that there is never any smell.

Objections to the "fill and cover" method on the ground that it is impractical or unsanitary, are not sustained by experience. Seattle has used this method for ten years, Portland for eight years and Berkeley for three years. In all these cities the reclaimed land has proven practical for building purposes and no unsanitary conditions have developed. In San Francisco blocks of land south of Market street have been reclaimed by the "fill and cover" method and buildings of all types have been erected on these lands. There are large sections of land along the waterfront and adjacent thereto under State and private ownership that can be used for this purpose.

Ordinance No. 5503, regulating charge to householders for garbage, sets the prices at which this work may be done. These prices were compiled on the number of rooms in the house or apartment. If the "fill and cover" method is used, a charge of 40 cents per ton can be made by the City which will cover every expense and a saving of 60 cents per ton will be made. Ordinance No. 5503 can be amended and a cut of 10 per cent on all bills can be made to every householder in San Francisco.

The committee recommends the passage of necessary ordinances to abate the garbage incinerator, provide for the disposal of refuse and to revise the charges now collected from householders.

Respectfully submitted,
JAS. B. McSHEEHY.
W. P. STANTON.

As the committee did not offer any resolution in connection with the report, Supervisor Shannon asked to withdraw from the committee the resolution which he presented several weeks ago and which had been referred to the committee.

The report of the Health Committee will be considered by the Board at the meeting on August 9th, and made a Special Order of Business at 3 p. m.

The Clerk was instructed to send copies of the report to the members of the Board and to request the Health Officer to be present at the hearing. Supervisor Shannon's resolution was *rereferred to the Health Committee.*

Accepting Offer to Sell Lands Required for the Opening of Bernal Cut.

Supervisor McSheehy presented: Resolution No. 25978 (New Series), as follows:

Whereas, the owners of the following described lands sought to be acquired by the City and County of San Francisco for the opening of Bernal Cut, extending from Mission and Randall streets, southwesterly along the Southern Pacific Railroad right of way to the intersection of San Jose avenue and Circular avenue, have offered to convey the properties desired by the City and County of San Francisco for the sums set forth opposite their names, viz.:

Joseph Silvia and Lillian G. Silvia, $4,500—Beginning at a point on the easterly line of San Jose avenue, distant thereon 77 feet southerly from the southerly line of Brook street, and running thence southerly along the easterly line of San Jose avenue 25 feet to the southerly boundary of the property of Joseph Silvia and Lillian G. Silvia; thence deflecting 112 deg. 18 min. 51 sec. to the left and running easterly along said southerly boundary 10.118 feet to the proposed easterly line of San Jose avenue; thence deflecting 73 deg. 8 min to the left and running northerly along said proposed easterly line 24.107 feet to the northerly boundary of the property of Joseph Silvia and Lillian G. Silvia; thence deflecting 106 deg. 24 min. 38 sec. to the left and running westerly along said northerly boundary 7.631 feet to the point of beginning; being portion of Lot 394, Precita Valley Lands.

It is understood and agreed that the improvements partially located on the above described parcel of land are to become the property of the City and County of San Francisco.

August Chazel and Elizabeth Chazel, $75—Beginning at the point of intersection of the southerly line of Brook street with the easterly line of San Jose avenue, and running thence southerly along the easterly line of San Jose avenue 26 feet to the southerly boundary of the property of August Chazel and Elizabeth Chazel; thence deflecting 111 deg. 41 min. 45 sec. to the left and running easterly along said boundary 2.571 feet to the proposed easterly line of San Jose avenue; thence deflecting 73 deg. 45 min. 6 sec. to the left and running northerly along said proposed easterly line 25.163 feet to the point of beginning; being portion of Lot 394, Precita Valley Lands.

The proposed sidewalk fronting the adjoining parcel of land will be constructed at the expense of the City.

The above amount of $75 includes damages in full to the fence now located on the above described parcel of land.

Mary M. Bannan and William J. Bannan, $5,500—Lot 2, Block 6661, as per Assessor's Map of the City and County of San Francisco.

Whereas, the City Attorney has recommended the acceptance of the said offers and the acquisition of

the properties owned by said persons and offered to the City and County of San Francisco for the sums set forth, which said prices are in accordance with the City's appraisement of the property; now, therefore, be it

Resolved, That the said offers of sale be accepted and the City Attorney is hereby authorized and directed to examine the titles of said properties and if the same are found in satisfactory condition, to accept in behalf of the City and County of San Francisco deeds conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase prices.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Disposal of Garbage by "Fill and Cover" Method.

The following resolution heretofore, on June 14, 1926, presented by Supervisor Shannon and referred to the Health Committee, was, on his motion, called up from said committee, the thirty-day limitation having expired:

Resolution No. —— (New Series), as follows:

Whereas, the disposal of San Francisco's garbage through the operation of the incinerator has resulted in the creation of a disgraceful public nuisance in the very heart of the Potrero District; and

Whereas, it is against public conscience that the citizens, taxpayers and owners of property in its vicinity should be compelled to further bear the insufferable conditions dangerous to health, and seriously detrimental to property values for blocks around, resulting from its operation; and

Whereas, other large cities on the Pacific Coast are successfully and beneficially using the "fill and cover" method of garbage disposal, thereby reclaiming land and filling in swampy areas adjacent to said cities; and

Whereas, the tide lands to the seawall along San Francisco's bay shore should be reclaimed to provide additional industrial sites to care for San Francisco's rapid industrial development; and

Whereas, the "fill and cover" method is recommended by sanitation engineers; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse the "fill and cover" method of garbage disposal and adopts such method as its policy in the disposition of garbage and waste arising in the City and County of San Francisco.

Motion.

Supervisor Shannon, seconded by Supervisor Badaracco, moved that the City Attorney be requested to prepare an ordinance providing for plans, specifications, etc., for the disposal of garbage by the "fill and cover" method.

Motion.

Supervisor McSheehy moved as an amendment that the foregoing resolution be rereferred to the Health Committee and copies sent to all members. Motion *carried* by the following vote:

Ayes—Supervisors Colman, Havenner, Kent, McSheehy, Powers, Schmidt, Stanton, Welsh—8.

Noes—Supervisors Marks, Roncovieri, Shannon, Todd—4.

Absent — Supervisors Badaracco, Bath, Deasy, Gallagher, Harrelson, Hayden—6.

Whereupon, Supervisor Shannon *withdrew* his motion and declared that he himself would have the City Attorney prepare ordinance.

Allocation of Hetch Hetchy Funds.

The following resolution was introduced by Supervisor Shannon and *adopted*:

Resolution No. 25989 (New Series), as follows:

Whereas, the proceeds of $45,000,000 of bonds voted by the people in 1910 have been expended on the Hetch Hetchy project in the acquiring of certain lands and rights incidental thereto and in the construction of certain dams, reservoirs, canals, tunnels, pipe lines, power houses, electric transmission lines and other works connected therewith: and

Whereas, a large amount of money must yet be spent extending over a period of several years into the future before the Hetch Hetchy water is brought to the City limits; and

Whereas, electric energy is now being generated at the large Moccasin Creek power plant and at the Early Intake power plant constructed as portions of said project, which energy is now being transmitted over the City's transmission line to a point in the vicinity of Newark where it is taken into the system of the Pacific Gas & Electric Company and distributed to

the inhabitants of the City and County under the terms of an agreement between the City and said company, dated July 1, 1925; and

Whereas, as a result of the operation of said power plants and the distribution of the City's energy to the inhabitants of the City and County of San Francisco, the City is now receiving a revenue of approximately $2,000,000 a year, resulting in a surplus revenue to the City and County over and above the expenses incident to the operation of said power system; and

Whereas, it is the desire and intention of the Board of Supervisors that the interest on and redemption of that portion of the bond issue of 1910, the proceeds of which were expended on such power development, be paid from the surplus earnings realized from the operation of said electric utility; and

Whereas, it is necessary, before the tax levy for the fiscal year 1926-1927 be fixed, that the amount of proceeds of the 1910 bond issue that were expended in the construction of the water development portion of the Hetch Hetchy project and the amount expended from said proceeds of the bond issue in the construction of the said hydro-electric portion of said project, be fixed and determined by official action of this Board, and a proper allocation of the funds expended on said project as between the water development portion thereof and the electric utility portion thereof be made:

Now, therefore, the Board of Supervisors does hereby request and direct the Public Utilities Committee of this Board to report to this Board at its next regular meeting a proper ordinance which will determine the amount actually expended from the proceeds of said 1910 bond issue in the construction and installation of all electrical equipment, including penstocks, power plants, transmission lines and stations constructed for or used in and about the development and distribution of said electrical energy in said Hetch Hetchy project and also to allocate and determine the proper amount of the other expenditures made in the development of said Hetch Hetchy water project that can or should be reasonably charged to the development of said electric energy.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Havenner, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—11.

Absent—Supervisors Bath, Deasy, Gallagher, Harrelson, Hayden, Kent, Shannon—7.

Municipal Ownership.

The following statement was made by Supervisor Havenner for the record:

This is an appropriate time to remove the mask of pretended good citizenship and disinterested public service from Mr. Adolph Uhl.

Only a short time ago, within the space of the last three years, I believe, Mr. Uhl appeared before this Board of Supervisors in the guise of a friend of municipal ownership and presented a plan for the development of the municipal power project which was very much in accord with the progressive steps that have already been taken by this Board.

Today Mr. Uhl is displaying an inexplicable change of heart. Indeed, every move he has made recently indicates that he has become a bitter foe of municipal ownership, and, whether by definite arrangement or not, an untiring ally of the private power corporations and other interests which are seeking to sabotage and ultimately to defeat the program of public development to which our municipality and our citizens are committed. Acting on a legal technicality, Mr. Uhl has held up, by obstructionist tactics, in the courts, the appropriation which this Board authorized for the preliminary surveys for the construction of a transmission line to bring our San Francisco power to the homes of our citizens.

In the last municipal campaign there were two paramount issues which were submitted to the voters in the shape of a popular referendum. These were the reduction, by proper economy, of our mounting tax rate, and a pledge to bring into effect, at the earliest possible moment, municipal distribution of power. These issues were so thoroughly advertised that every citizen of San Francisco knew exactly the questions upon which he or she was voting. The leader of the ticket of supervisorial candidates which was pledged to carry out the program of municipal distribution of power received at the polls twice as many votes as the leader of the ticket which had stood for delay and procrastination.

Mr. Uhl's present activities clearly established him as the friend and active leader of the group of special interests which are endeav-

oring to defeat this overwhelming mandate of our people.

In further evidence of the present purposes and activities of Mr. Uhl, I read a letter which he has mailed, I am informed, to a number of citizens of San Francisco, whom he believes to be opposed to municipal ownership.

The letter from Mr. Uhl is as follows:

San Francisco, July 19, 1926.

We have reached the time when the income from the sale of power if applied to payment of interest on Hetch Hetchy bonds will further reduce the tax rate about twenty cents.

A lawsuit is necessary to accomplish same due to recent action of the Supervisors in creating that power operating fund. I therefore have filed a mandamus action in the Supreme Court to compel the Supervisors to transfer the revenue amounting to $1,752,000 from the power operating fund to the water operating fund.

Charter provides when a utility has been voted, an operating fund of that utility shall be created and into which the revenue of that utility shall be deposited. No power utility having as yet been voted, it is illegal for the Supervisors to create a power operating fund.

If a favorable decision is rendered in this action there will be an annual saving to you of five per cent in your taxes.

Five thousand dollars is the estimated cost of this Supreme Court action, together with the distribution of 120,000 circulars which set forth concrete facts that will influence the defeat of a bond election that will be called this fall for purchase of a power distributing system (copy of circular under separate cover).

Will you kindly contribute $.... toward these costs?

Yours truly,

(Signed) ADOLPH UHL.

Privilege of the Floor.

Adolph Uhl was granted the privilege of the floor. In his reply to Mr. Havenner and response to questions by members of the Board, Mr. Uhl stated that he is in favor of municipal ownership but also in favor of private corporation operation and distribution.

Civil Service Preference for War Veterans.

Supervisor Kent presented:

Proposed Charter Amendment No. ———

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 22, Article XIII, relating to Civil Service pref-ernce to war veterans.

The Board of Supervisors of the City and County of San Francisco

hereby submits to the qualified electors of said City and County at the next general election, to be held on the 2d of November, 1926, a proposal to amend the Charter of the City and County of San Francisco as follows:

That Section 22, Article XIII, is hereby amended as follows:

Preference to War Veterans.

Section 22. The term "veteran" as used in this section shall be taken to mean any person who has served in the Army, Navy or Marine Corps of the United States in time of war, or in any expedition of the armed forces of the United States, and received an honorable discharge or certificate of honorable active service.

The Civil Service Commission shall by rule establish preference for veterans as follows: In the case of entrance examinations to establish elegible lists in the Police and Fire Departments, veterans who become eligible for appointment by obtaining the passing mark established for the examination whose service as veterans exceeds three months shall be classified on such eligible lists in the relative order of the individual ratings attained, and ahead of all non-veterans passing such examinations, and shall be eligible for appointment on the basis of such order of standing on such eligible lists. This preference shall expire five years after the ratification of this amendment.

SPECIAL ORDERS.

Rezoning Chestnut street from Second Residential to Commercial. Consideration of the report of the City Planning Committee for the rezoning of Chestnut street between Fillmore street and Divisadero street from Second Residential zone to Commercial zone fixed for the hour of 2:30 p. m.

Supervisor Marks, chairman of the City Planning Committee, had supplied each member of the Board with a photostat copy of an elaborate report and drawings of the portion of Chestnut street which the Board had been petitioned to rezone, viz.: Between Fillmore and Divisadero streets.

The report recommended that the petition be denied as to the north side of Chestnut street between Fillmore and Divisadero streets and on the south side of Chestnut street between Divisadero and Scott streets. A resolution was adopted by the Board denying this portion of the petition.

Supervisor Marks suggested that the Board adopt a resolution endorsing the policy outlined in his report in reference to the south side of Chestnut street between Scott and Fillmore streets; that is, that if it is found that it would be developed as a Commercial District the change in zone be made.

As there seemed to be a slight divergence of opinion in regard to that particular portion of the street, it was referred back to commitee, so that all may have an opportunity to further investigate the situation.

Bridge Application, G. Lindenthal.

The Clerk read:

Application of G. Lindenthal for franchise to construct, operate and maintain a toll bridge.

Said bridge is to be located along the following described lines.

Commencing at a point in the center line of Jerrold avenue, in the City and County of San Francisco, about midway between Ship street and Dock street, in said City and County of San Francisco; thence on a curve easterly and northerly a distance of 30,000 feet, more or less, to the southerly foot of Webster street, in the City of Alameda, County of Alameda, State of California.

The width of said bridge at the easterly end thereof for approximately 16,000 feet will be 75 feet, and the width of the remaining portion thereof will be approximately 40 feet. The length of said bridge will be approximately 30,000 feet.

Action Deferred.

Supervisor Welch moved that further consideration of the foregoing application be continued until 10 a. m., August 3, 1926.

Motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—11.

Absent—Supervisors Bath, Deasy, Harrelson, Kent, Powers, Shannon, Welch—7.

No—Supervisor Colman—1.

Absent—Supervisors Bath, Deasy, Harrelson, Kent, Powers, Shannon, Welch—7.

Explanation of Vote.

Supervisor Colman explained his vote by saying:

I want to be recorded as voting *no* on No. 10. I consider it a repetition. The reasons are very brief:

The City is now conducting evaluation proceedings — the Railroad Commission is—and the City is paying for that.

The object of the evaluation is to determine the price of the public utilities and placing the amount of severance charge. The object of this is to call a bond election at the earliest possible moment to put the question up to the people of San Francisco as to whether they will vote the money to embark in the power business, and in my opinion that could wait until these figures are determined and the people have had an opportunity of deciding by their ballots before expending any money on the matter of the retail distribution of the power.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Authorizing the Exchange of Deeds for Opening and Widening Certain Streets in Parkside.

Supervisor Welch presented:

Resolution No. 26017 (New Series), as follows:

Authorizing the execution of a deed by the Mayor and the Clerk of the Board of Supervisors to affronting and adjacent property owners to portions of streets closed by Res-

olution No. 24988 (New Series), in exchange for property for new streets to be opened and widened in lieu of such closed streets.

Whereas, this Board, on the 28th day of December, 1925 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 24988 (New Series), closing and abandoning portions of Thirty-sixth, Thirty-fourth, Thirty-third, Thirty-second, Thirty-first, Thirtieth, Twenty-ninth, Twenty-eighth, Twenty-seventh, Twenty-sixth and Twenty-fifth avenues and portions of Wawona street, as in said resolution described; and

Whereas, on the 31st day of December, 1925, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, the Parkside Realty Company of San Francisco, owner of lands adjacent to or fronting on the aforesaid portion of said streets so closed and abandoned, has offered to convey, or cause to be conveyed, to the City and County of San Francisco property for the opening and widening of streets in lieu of such portions of streets so closed and abandoned; and

Whereas, said Parkside Realty Company of San Francisco, pursuant to its aforesaid offer, has caused to be made, executed and delivered to said City and County of San Francisco good and sufficient conveyances vesting in said City and County of San Francisco, for street purposes, the title to the parcels of land hereinafter more particularly described in lieu of said portions of said streets so closed and abandoned as hereinbefore recited; and

Whereas, the said parcels of land so conveyed to said City and County of San Francisco as new streets and portions of streets in lieu of those closed and abandoned as aforesaid are more particularly described as follows, to-wit:

All of parcels 1, 2 and 3 (except that portion thereof lying within the bounds of the engine lot of the City and County of San Francisco in Outside Lands Block 1273, as said lot and block are delineated and designated on Outside Lands Map of said City and County of San Francisco), 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 19a, 20 and 21 as said parcels of land are delineated and designated on a certain plat entitled, "Plat showing parcels of land in Pine Lake Park to be deeded to the City and County of San Francisco, by the Parkside Realty Company of San Francisco for opening and widening streets," which plat is dated January 2, 1926, and recorded in the office of the Recorder of the City and County of San Francisco, State of California, in Book K of Maps, on pages 72, 73 and 74, filed July 28, 1926.

Whereas, it is deemed advisable by this Board of Supervisors that said parcels of land be opened as new streets and portions of streets in lieu of those so closed and abandoned; and

Whereas, said new streets and portions of streets so conveyed to the City and County of San Francisco for street purposes as aforesaid will and do constitute ample consideration to said City and County for its deed to the portions of said streets closed and abandoned as hereinbefore recited and will be of much greater practical value, both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portions of said streets closed and abandoned as aforesaid should be conveyed by the City and County of San Francisco to said Parkside Realty Company of San Francisco; and be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said Parkside Realty Company of San Francisco deeds conveying to said Parkside Realty Company of San Francisco all of the right, title and interest of the City and County of San Francisco in and to the parcels of land, situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All those portions of Thirty-sixth, Thirty-fourth, Thirty-third, Thirty-second, Thirty-first, Thirtieth, Twenty-ninth, Twenty-eighth, Twenty-seventh, Twenty-sixth and Twenty-fifth avenues and portions of Wawona street (except Wawona street lying between the easterly line of Twenty-eighth avenue and the median line of Twenty-fifth avenue and Twenty-sixth avenue lying north of Wawona street) as closed and abandoned by Resolution No. 24988 (New Series); be it

Further Resolved, That the Clerk of this Board is hereby directed to advertise this resolution as required by law.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Gallagher, Havenner, Hay-

den, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—11.

Absent—Supervisors Bath, Deasy, Harrelson, Kent, Powers, Shannon, Welch—7.

Accepting Deed to Land for Street Purposes in Pine Lake Park Subdivision.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Religious Persecution in Mexico.

Supervisor Todd presented and moved the adoption of the following:

Resolution No. ——— (New Series), as follows:

Whereas, our neighbor Republic, Mexico, is passing through an ordeal of religious persecution at the hands of a vicious clique of political radicals and other anti-Christian elements thrown up by the disorders of the country and who represent only a very small minority of the great Mexican people who for centuries have been and now are overwhelmingly Christian and Catholic, which clique has taken advantage of the distracted, unarmed and defenseless condition of the mass of

the people to deprive millions of Catholic Christians of their religious and civil liberties; and

Whereas, as the result of a brutal and unwarranted order of the head of this clique, schools, orphanages, homes and convents conducted by the Catholic Church have been taken over by the government in Mexico and many thousands of unfortunate orphan children and dependents have been thrown on their own resources, unprotected and at the mercy of all the evil influences abroad in that helpless nation; and

Whereas, we people of California still have evidence, in the decay of the romantic Missions of this State, of what a previous coterie of Mexican officials did to the wonderful work of Father Junipero Serra and his devoted Catholic missionaries by the secularization of the Missions, and we need no further evidence of the intent and design of the present administration in Mexico; and

Whereas, we of the United States of America, menaced by the pernicious activities of the Know-Nothings, I. W. W., A. P. A. and Ku Klux Klan, which organizations by secret conspiracy and cowardly tactics, by lying and distortion of historical truth, charge the American Catholic with treason to this country, in an attempt to find a basis for depriving him of his civil and religious rights. So the Catholics of Mexico are now being charged for the same purpose. With the example of our own country before us, we are convinced that the Mexican Catholic clergy and laity are no less subject to the same lying propaganda of the same or similar organizations temporarily in power and are now intent upon accomplishing the destruction of all Catholic religious, educational and social activities in Mexico.

Resolved, That we see in this outrageous action of the Mexican government, inciting, provoking and amply justifying incessant revolutions, rebellions and disorders in Mexico, no promise of any stability of government in Mexico for generations to come; religious wars last for centuries and are never settled; wherefore, be it

Further Resolved, That this Board of Supervisors, representing the people of the City and County of San Francisco, hereby condemns this outrageous order of President Calles and deplores the fact that the government in Mexico has the recognition of our own country; and believing that the violence of this persecution done to the fundamental rights of the Mexican people, so much at variance with our own principles of civil and religious liberty, destroys whatever basis may exist for such recognition, we request the President of the United States and our representatives in Washington to reexamine the terms of such recognition with a view to bringing the action of the United States in the matter in conformity with our own principles of government as the only proper basis for recognition.

Further Resolved, That we extend to the oppressed people of Mexico our deepest sympathy in their extremity and suffering, and ask them to take hope and encouragement in their eternal struggle for justice and truth, with the assurance that they have the good-will of all right-thinking and fair-minded people.

Further Resolved, That copies of this resolution be telegraphed to His Excellency the President of the United States and to our Senators and Congressmen in Washington.

Referred to the Welfare Committee for redrafting.

Subsequently, the following sustitute was offered by Supervisor Havenner and *adopted* by the following vote:

Resolution No. 26036 (New Series), as follows:

Whereas, recent press dispatches from our Sister Republic of Mexico report that by official action of the existing government the operation and conduct of the Catholic Church has been interrupted and subjected to arbitrary regulation; and

Whereas, there has been widespread protest against this interruption and regulation on the ground that it constitutes a violation of the principle of religious liberty; and

Whereas, the Government of the United States of America was established on the fundamental principle that there shall be no interference with religious convictions or the practice and enjoyment of religious freedom; therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That we respectfully and urgently petition the President of the United States and Secretary of State to make a most careful and thorough investigation of the reports of discrimination against and unjust treatment of the members and clergy of any church and religious sect in the Republic of Mexico to the end that this government shall not tolerate, in its recognition of any other government, a denial of those rights of religious freedom and belief which

the founders of this republic have declared to be fundamental.

Ayes — Supervisors Badaracco, Colman, Gallagher, Havenner, Hayden, Marks, Roncovieri, Schmidt, Stanton, Todd—10.

No—Supervisor McSheehy—1.

Absent—Supervisors Bath, Deasy, Harrelson, Kent, Powers, Shannon, Welch—7.

Transfer of Franchise of A. O. Stewart to Golden Gate Ferry Company.

On motion of Supervisor Shannon:

Bill No. 7706, Ordinance No. —— (New Series), as follows:

Authorizing transfer of franchise heretofore granted to A. O. Stewart to operate ferry between City and County of San Francisco, in the State of California, and the City of Alameda, County of Alameda, State aforesaid, to Golden Gate Ferry Company.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, the Board of Supervisors of the City and County of San Francisco, State of California, did, on the 6th day of July, 1926, by Bill No. 7656, Ordinance No. 7167, grant to A. O. Stewart the right, privilege and franchise of operating a public ferry between the City and County of San Francisco, State of California, and the City of Alameda, in the County of Alameda, State aforesaid; and

Whereas, it was in said franchise provided that the same should not be assigned or transferred without the permission of the Board of Supervisors of the City and County of San Francisco; and

Whereas, said A. O. Stewart has requested permission and authority to assign said franchise to the Golden Gate Ferry Company, a corporation; and

Whereas, it appears to the said Board of Supervisors that said Golden Gate Ferry Company is a suitable corporation to operate said ferry and to acquire said franchise;

Now, therefore, the consent of the Board of Supervisors of the City and County of San Francisco to the assignment of the aforesaid franchise by A. O. Stewart to said Golden Gate Ferry Company be and the same is hereby given, and that said A. O. Stewart is hereby permitted to assign and transfer said franchise to said Golden Gate Ferry Company, upon the condition that said Golden Gate Ferry Company carry out and perform all and singular the terms and conditions agreed in said franchise to be performed and carried out by said A. O. Stewart, and that said Golden Gate Ferry Company be bound by all of the provisions of said franchise to the same extent as the said A. O. Stewart under the terms thereof, and that this consent shall not be taken as a consent to any further transfer of said franchise, or any right thereunder, without the consent and permission of the Board of Supervisors of the City and County of San Francisco.

Accepting Offer to Sell Land for Market Street Widening.

Supervisor McSheehy presented:

Resolution No. 26038 (New Series), as follows:

Whereas, the owner of the following described land sought to be acquired by the City and County of San Francisco for the extending and widening of Market street has offered to convey the property desired by the City and County of San Francisco for the sum set forth opposite her name, viz.:

Emma Winstedt, $6,200—Beginning at a point on the southwesterly line of Danvers street, distant thereon 5.593 feet southeasterly from the northwesterly boundary line of Lot No. 3 of Block D of Park Lane Tract No. 4, and running thence southeasterly along the southwesterly line of Danvers street 69.407 feet; thence deflecting 53 deg. 39 min. 44 sec. to the right and running southwesterly 31.035 feet to a point distant 25 feet at right angles southwesterly from the southwesterly line of Danvers street extended and produced southeasterly; thence deflecting 126 deg. 20 min. 16 sec. to the right and running northwesterly parallel with the southwesterly line of Danvers street and said line extended and produced southeasterly and distant 25 feet at right angles southwesterly therefrom, a distance of 82.027 feet; thence deflecting 77 deg. 00 min. 16 sec. to the right and running northeasterly 25.657 feet to the point of beginning.

Being portion of Lots Nos. 1, 2 and 3 of Block "D" of Park Lane Tract No. 4.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the property owned by said person and offered to the City and County of San Francisco for the sum set forth, which said price is in accordance with the City's appraisement of the property; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the title of said property, and if the same is found in satisfactory condition, to accept in behalf of the City and County of San Francisco a deed conveying title thereto, and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

Adopted by the following vote:

Ayes— Supervisors Badaracco, Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—11.

Absent—Supervisors Bath, Deasy, Harrelson, Kent, Powers, Shannon, Welch—7.

Exchange of Land for Streets.

Supervisor Badaracco presented:

Resolution No. 26040 (New Series), as follows:

Authorizing the execution of a deed by the Mayor and the Clerk of

the Board of Supervisors to affronting and adjacent property owners to portions of street or streets closed by Resolution No. 25784 (New Series) in exchange for property for new street or streets to be opened and widened in lieu of such closed street or streets.

Whereas, this Board on the 14th day of June, 1926 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 25784 (New Series), closing and abandoning a portion of Gilman avenue as in said resolution described; and

Whereas, on the 26th day of June, 1926, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, the Kroehler Mfg. Company, a corporation, owner of lands adjacent to or fronting on the aforesaid portion of said street so closed and abandoned, has offered to convey or cause to be conveyed to the City and County of San Francisco property for the widening of Charter Oak avenue in lieu of such portion of street so closed and abandoned; and

Whereas, said Kroehler Mfg. Company, a corporation, pursuant to its aforesaid offer, has caused to be made, executed and delivered to said City and County of San Francisco good and sufficient conveyances vesting in said City and County of San Francisco for street purposes, the title to the parcels of land hereinafter more particularly described in lieu of said portions of said street so closed and abandoned as hereinbefore recited; and

Whereas, the said parcels of land so conveyed to said City and County of San Francisco as new portions of street in lieu of that portion closed and abandoned as aforesaid are more particularly described as follows, to-wit:

Commencing at the point of intersection of the northeasterly line of Charter Oak avenue and the northwesterly line of Lot No. 9 in Block No. 544 according to map hereinafter referred to, running thence northeasterly and along said line of said Lot No. 9 to a point which is pendendicularly distant 25 feet northeasterly from the northeasterly line of Charter Oak avenue; thence southeasterly and parallel with said line of Charter Oak avenue to the northeasterly line of Gilman avenue; thence northwesterly along said line of Gilman avenue to the northeasterly line of Charter Oak avenue; thence northwesterly along said line of Charter Oak avenue 47.24 feet to the point of commencement.

Being part of Lots Nos. 6, 7, 8 and 9 in Block No. 544, according to map entitled "Plan of the Haley Purchase West of and Adjoining the Hudson Tract," filed in the office of the County Recorder of the City and County of San Francisco, State of California, May 6, 1869, and recorded in Book "C" and "D" of Maps, page 99.

Whereas, it is deemed advisable by this Board of Supervisors that said parcels of land be opened as new portions of a street in lieu of that portion so closed and abandoned; and

Whereas, said new portions of a street so conveyed to the City and County of San Francisco for street purposes as aforesaid will and do constitute ample consideration to said City and County for its deed to the portion of said street closed and abandoned as hereinbefore recited and will be of much greater practical value, both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portion of said street closed and abandoned as aforesaid should be conveyed by the City and County of San Francisco to said Kroehler Mfg. Company, a corporation; and be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said Kroehler Mfg. Company, a corporation, a deed conveying to said Kroehler Mfg. Company, a corporation, all of the right, title and interest of the City and County of San Francisco, in and to the parcel of land situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All that portion of Gilman avenue as closed and abandoned by Resolution No. 25784 (New Series). Be it

Further Resolved, That the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Gallagher, Havenner, Hayden, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Todd—11.

Absent—Supervisors Bath, Deasy,

Harrelson, Kent, Powers, Shannon, Welch—7.

In Memoriam.

Supervisor McSheehy presented:

Resolution No. 26042 (New Series), as follows:

Whereas, in the death of Dr. Saxton Temple Pope, Professor of Surgery of the University of California and editor of the State Medical Journal, this City and State loses a noted character whose distinguished career as a surgeon has placed his name highest among those of the medical profession in America and whose services as Chief Surgeon in the San Francisco Emergency Hospital during the World War and subsequently during the recurrent "flu" epidemcis that afflicted this City, he has placed the people of this City under a deep debt of gratitude for inestimable services rendered in this trying ordeal.

Resolved, That in the death of Dr. Saxton Temple Pope this City loses a distinguished and faithful official and citizen who has rendered service of the highest and noblest character to the City of his adoption.

Further Resolved, That this Board of Supervisors extend to the bereaved wife and children of Dr. Saxton Temple Pope its deepest sympathy and condolence in the loss of their distinguished husband and father.

Further Resolved, That when this Board adjourns it does so out of respect to the memory of the deceased.

Adopted unanimously by rising vote.

City Attorney to Confer with Attorney-General of the State in re Franchise of the Southern Pacific Co. to Operate a Ferry.

Supervisor Shannon presented:

Resolution No. 26059 (New Series), as follows:

Whereas, this Board has been advised by the City Attorney that Southern Pacific Company has not the legal right to establish a public ferry across the Bay of San Francisco between the City of Alameda and the City and County of San Francisco without first having obtained a franchise from this Board and certificate of public convenience and necessity from the State Railroad Commission; and

Whereas, it appears that Southern Pacific Company is preparing to establish such a public ferry without having obtained a franchise from this Board or a certificate of public convenience and necessity from the Railroad Commission and will establish such ferry and commence operating same on or before the 14th day of August, 1926, unless restrained from so doing by court order; now, therefore, be it

Resolved, That the City Attorney be and he is hereby requested in the name of the City and County of San Francisco to call upon the Attorney-General of this State and request that he, in behalf of the State, immediately commence quo warranto proceedings against the Southern Pacific Company for the purpose of restraining the establishment and operation of said ferry until said franchise and certificate of public convenience and necessity have been obtained in accordance with law. And be it

Further Resolved, That the City Attorney be and he is hereby requested in the name of the City to file with the State Railroad Commission a written request that said Commission accept and file no rate or time schedules from Southern Pacific Company covering the operation of said ferry until the legal right of Southern Pacific Company to establish and operate said ferry be determined.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent—Supervisors Bath, Powers—2.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, AUGUST 16, 1926, 2 P. M.

The meeting of the Board of Supervisors was called to order by Supervisor Marks in the chair.

Present: Supervisors Colman, Harrelson, Kent, Marks, McSheehy, Roncovieri, Schmidt, Stanton, Welch—9.

The following resolution was presented by Supervisor McSheehy and *unanimously adopted by a rising vote*:

Resolution No. ——— (New Series), as follows:

Resolved, That the Board of Supervisors learns with deep regret of the passing of Honorable Thomas J. Lennon, Associate Justice of the Supreme Court of the State of California. Justice Lennon has discharged many public duties with probity and integrity and his passing is a great loss to the State of California. His services on the Superior bench in Marin County and later on the Appellate and Supreme courts of this State was marked with ability and patriotism. As a mark of respect the Board of Supervisors records this in the Journal and adjourns this day out of respect to his memory. We extend to his bereaved family our deepest sympathy.

The following resolutions were introduced and ordered *placed on Calendar of meeting of August* 23, 1926:

Widening of Noriega Street Between Twenty-first and Thirty-first Avenues.

Supervisor Welch presented:

Resolution No. ——— (New Series), as follows:

Whereas, the property owners owning all the frontage on both sides of Noriega street between Twenty-first and Thirty-first avenues have agreed to widen said thoroughfare 7 feet on each side, making a total roadway of 94 feet; therefore, be it

Resolved, That as soon as the deeds for this property are deposited with the City Engineer the necessary resolution and map approving of the same will be adopted by this Board.

Board of Health to Investigate Health Conditions Existing in Butchertown District.

Supervisor Marks presented:

Resolution calling upon the Board of Health to make an immediate and thorough investigation of the manner of conduct and the health conditions existing in the district commonly known as "Butchertown" and in the so-called "hog ranches" and report to the Board of Supervisors without delay the details and results of such investigation.

ADJOURNMENT.

There not being a quorum present for the transaction of regular business, the meeting adjourned.

J. S. DUNNIGAN,
Clerk.

Adopted by the Board of Supervisors November 22, 1926.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, AUGUST 23, 1926, 2 P. M.

In Board of Supervisors, San Francisco, Monday, August 23, 1926, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—18.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the previous meeting was laid over until next meeting for approval.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Veto Message, Quo Warranto Proceedings, Southern Pacific Co.

Communication, from his Honor the Mayor, returning without his approval Resolution No. 26059 (New Series), requesting the City Attorney to call upon the Attorney-General of this State, in the name of the City and County of San Francisco, and request that he, in behalf of the State, immediately commence quo warranto proceedings against the Southern Pacific Company for the purpose of restraining the establishment and operation of a ferry across the Bay of San Francisco between the City of Alameda and the City and County of San Francisco until a franchise and certificate of public convenience and necessity have been obtained in accordance with law.

The communication from his Honor the Mayor reads as follows:

Mayor's Veto.

I am returning to you herewith, without my approval, Resolution No. 26059 (New Series), for the following reasons:

It does not seem to me consistent with the policy of bridging the Bay to accommodate traffic, and the granting of new franchises to ferries to care for the traffic until a bridge can be erected, to forbid a ferry, long in existence, and now in operation in passenger and freight service, to carry automobiles for the convenience of the public.

If there is any technical legal objection discriminating against automobiles on a passenger and freight ferry, that, of course, is a matter for the courts, not for the Board of Supervisors or the Mayor.

I understand that, since the passage of your resolution, the rights to maintain the ferry service, referred to in your resolution, have been challenged in a suit in the Federal Courts, brought by the Golden Gate Ferry Company, where I assume all points involved will be settled.

Therefore, the subject is now a moot question as far as the Board of Supervisors and the Mayor are concerned.

Pending the determination of the law, it appears to me unwise to announce, in the face of the admitted need for enlarged transportation facilities, that we desire to reduce those in being.

Your respectfully,

(Sgd.) JAMES ROLPH, JR.,
Mayor.

The communication was read and action thereon *laid over one week.*

Mayor to Appoint a Citizens' Committee.

His Honor the Mayor also presented a communication advising the Board that a communication had been received from the Consul General of the Netherlands, in San Francisco, announcing the impending visit to this City about August 25th of the Netherlands Submarine K XIII, engaged in scientific research, and suggesting that by reason of the important commission and the warm friendship existing between the government of the Netherlands and this government, that he be authorized to appoint a proper committee to entertain the

officers and men of the submarine while in this port.

On motion of Supervisor Colman, the Mayor was authorized to appoint a proper citizens' committee to receive and entertain the distinguished visitors in conjunction with his Honor the Mayor and the Board of Supervisors.

Report of State Board of Equalization.

Communication, from the State Board of Equalization was received, enclosing therein a statement of the amount to be collected and received from State taxes for the seventy-eighth fiscal year, beginning July 1, 1926.

The communication was read and *ordered placed on file.*

City Attorney's Opinion Concerning an Airport Site Outside the Limits of the City and County.

The opinion of the City Attorney concerning the question of whether or not the City and County of San Francisco is permitted to spend money for the purchase of an airport site outside the limits of the City and County of San Francisco without an amendment to the City Charter authorizing it.

The opinion was read by the Clerk, and, on motion, *referred to the Special Committee on Airport Site and the Public Utilities Committee.*

Introduction of Chas. A. Dietz.

Honorable Chas. A. Dietz, Councilman of Milwaukee, was introduced by his Honor the Mayor. Mr. Dietz addressed the Board and expressed his appreciation of the City and his presence before the Board of Supervisors.

Supervisor Hayden responded in an appropriate way to the remarks of the visitor.

Invitation to Attend Meeting of the Advisory Committee to the Board of Equalization.

The Advisory Committee of the Board of Equalization cordially invited the Board to attend an exemplification of the method of appraisal of the taxable real property of the City and County on August 25, 1926, at 4 o'clock p. m.

The Clerk was directed to request that the said committee fix upon a future date for the meeting more convenient to the Board.

PRESENTATION OF PROPOSALS.

Beds for Relief Home.

Sealed proposals were received and opened at 3 p. m. by the Board of Supervisors for furnishing 200 beds for Relief Home.

Reports, Bureau of Engineering.

Sealed proposals were received and opened at 3 p. m. by the Board of Supervisors for furnishing 400 copies annual report, Bureau of Engineering, 1924-1925.

Reports of the Department of Public Health.

Sealed proposals were received and opened at 3 p. m. by the Board of Supervisors for furnishing 500 copies annual report of the Department of Public Health, 1924-1925.

Equipment for Infirmary and Kitchen, Relief Home.

Sealed proposals were received and opened at 3 p. m. by the Board of Supervisors for furnishing equipment for infirmary and kitchen, Relief Home.

On motion, the bids presented for the foregoing supplies were *referred to the Supplies Committee.*

His Honor the Mayor asked to be excused from the meeting. Request granted.

Thereupon, Supervisor McSheehy was called to the chair.

Supervisor Hayden was heard at length and extended his felicitations and the compliments of the Board to his Honor Mayor Rolph, it being his fifty-seventh birthday.

Supervisor McSheehy was also heard and expressed kind sentiments and compliments to the Mayor.

His Honor Mayor Rolph responded in expression of his appreciation of the kindly words and compliments extended to him and invited the Board to visit his office at the hour of 3 o'clock p. m., at which time a reception would be tendered him by the 30th Marine Band.

RECESS.

Supervisor McSheehy asked the Board to recess at the hour of 3 o'clock for visit to the Mayor's office.

Whereupon, on motion of Supervisor Welch, the Board at the hour of 3 o'clock p. m. took a recess for thirty minutes to call upon his Honor the Mayor and join in the reception tendered him.

BOARD RECONVENED.

Reference to Committees.

The Board having reconvened, Supervisor Welch presented:

Communication, from the Central Council Greater Excelsior District, requesting that a sufficient appro-

priation of funds be allowed to proceed with the erection of the new Southern High School on Onondaga avenue.

On motion, communication was *referred to the Public Buildings and Lands Committee.*

Supervisor Schmidt presented:

Communication, from property owners and residents, calling attention to an industry known as the Eureka Planing Mill, located on Erie street between Mission and Howard streets, and complaining about its present mode of operation causing trouble and uneasiness in the neighborhood due to the number of fires.

On motion, the communication was *referred to the Fire Committee.*

Privilege of the Floor.

Supervisor Havenner introduced Mr. Carl Salbach, president of the Dahlia Society of California, who was heard at length on the aims and purposes of his organization, and requested that the dahlia be pronounced the official flower of San Francisco and presented the following communication:

The Dahlia Society of California, Creston Road, Berkeley, Calif.
To the Mayor and Board of Supervisors of the City of San Francisco.

We, the officers and members of the California Dahlia Society, beg to submit the following petition to your honorable Board on behalf of our organization and of the dahlia lovers of San Francisco.

Whereas, the dahlia has reached its highest perfection in the gardens in and about San Francisco, and because dahlias originated in San Francisco are grown in gardens all over the word;

Whereas, the dahlia partakes essentially of the character of our beloved city, in birth, breeding and habit, for it was originally Mexican, carried thence to Spain, to France and to England in turn, being changed in the process from a simple daisy-like flower to a cosmopolitan beauty, and, like many sophisticated world travelers, has come back to San Francisco to find its favorite home here, where it thrives in the cool summers and the moist air of our fog-swept, sandy gardens near the sea;

Whereas, it is a robust flower, generous and able to thrive in any reasonable soil, so long as it is not too dry, and has the primitive strength and vitality of our pioneer ancestors, together with the gayety and color that no other city nor flower can hope to equal, going like our artists and poets to carry color and beauty into far climes; and

Whereas, it is an autumn flower, blooming in its greatest profusion when San Francisco's fiesta days are at their best;

Whereas, in its versatility, its beauty, its infinite variety of color and form, it is the very symbol of San Francisco life and of the spirit of her people;

Therefore, we petition your honorable Board to pronounce the dahlia as the official flower of San Francisco, and that you may see it in its best array, we cordially invite you to attend the eleventh annual dahlia show, to be given by the undersigned association at the Palace Hotel on August 26, 27 and 28 of this year.

Very respectfully yours,
CALIFORNIA DAHLIA SOCIETY,
By (Sgd) CARL SALBACH,
President.
(Sgd) H. T. HENNIG,
Secretary.

Mrs. Hubbard was also heard in the matter. Supervisor Havenner extended thanks to the society for its floral distribution, and upon motion, the communication was *referred to the Public Welfare Committee.*

Leave of Absence.

The following resolution was taken up out of order and *adopted* by the following vote:

Resolution No. 26061 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Honorable Andrew F. Mahony, member of the Board of Fire Commissioners, is hereby granted a leave of absence for a period of two weeks, commencing August 17, 1926, with permission to leave the State.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—18.

Police Commission to Appoint Eight Sergeants.

Supervisor McSheehy presented:

Resolution No. 26062 (New Series), as follows:

Resolved, That the Board of Police Commissioners is hereby authorized to appoint eight eligible sergeants as lieutenants in the Police Department, and the additional salary, amounting to $2,400. to be charged against the Personal Serv-

ice appropriation of said Department.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—18.

Also, Resolution No. ——— (New Series), as follows:

Resolved, That the sum of $1,080 be and the same is hereby set aside and appropriated out of General Fund, 1926-1927, to the credit of Appropriation 42-A (Police Department Personal Services), to provide compensation during fiscal year 1926-1927 for three detective sergeants to meet quota according to Charter requirements.

Passed to print by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—18.

Automobile Supply Station.

Resolution No. ——— (New Series), as follows:

Granting Wm. Bourne permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile supply station on the southeast corner of Twenty-fifth and Howard streets.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Garage.

Also, Resolution No. ——— (New Series), as follows:

Granting J. M. Johnson permission, revocable at will of the Board of Supervisors, to maintain and operate a public garage on the south side of Balboa street, 90 feet east of Thirty-second avenue.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

On motion *referred to the Fire Committee.*

Rezoning of Chestnut Street.

Resolution No. ——— (New Series), as follows:

Resolved, That the Board of Supervisors adopts as its policy with respect to the rezoning of Chestnut street the recommendation made by the City Planning Committee and the plan therein recommended.

The City Planning Committee is hereby requested and directed to carry to a proper consummation the scheme and plan recommended by said report.

Upon motion, *laid over one week and made a Special Order for Hearing at 3 o'clock p. m.*

SPECIAL ORDER—3 P. M.

Authorizing the Board of Public Works to Enter Into An Agreement With the Modesto Irrigation District for the Furnishing of Hydroelectric Power to the District.

The following bill and ordinance was taken up:

Bill No. 7707, Authorizing, empowering and directing the Board of Public Works of the City and County of San Francisco to enter into an agreement with the Modesto Irrigation District, a public corporation, covering the furnishing of hydroelectric power to said district.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco is hereby authorized and directed to enter into a written agreement with the Modesto Irrigation District, a public corporation of Stanislaus County, California, covering the furnishing by the City and County of San Francisco to the said Modesto Irrigation District of hydroelectric power from the City's plant at Moccasin Creek, for pumping and municipal purposes as provided for in the Act of Congress, approved December 19, 1913, and commonly known as the Raker Act, the maximum amount of said power to be furnished under said contract not to exceed the total connected load for pumping, irrigation and municipal purposes, which the said district has upon its electrical distribution system; and the terms and conditions of said contract to be as follows, to-wit:

This agreement, made and entered into this ——— day of ———, 1926, by and between the Board of Public Works of the City and County of San Francisco, acting for and on behalf of the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," under authority of the Board of Supervisors granted by Ordinance No. ——— (New Series), the party of the first part, and the Modesto Irrigation District, a public corporation of Stanislaus County, California, hereinafter referred to as the "District," the party of the second part;

Witnesseth:

Whereas, the City is the owner

and holder of certain water rights situate on the Tuolumne River and on Lake Eleanor, which are commonly known as the City's Hetch Hetchy project, and that in connection with said water rights the City is developing electric power at its power plant, installed at Moccasin Creek, and is transmitting said power so developed to a point in the vicinity of Newark, in the County of Alameda; and

Whereas, under the terms of the Act of Congress, approved December 19, 1913, commonly known as the Raker Act, the City is obligated to sell to the said District electric energy as provided by said Act; and

Whereas, the District has made demand on the City that it furnish to the District the amount of electric energy which it is required to furnish pursuant to the terms of said Raker Act, and the City is willing to comply with said demand;

Now, therefore, in consideration of the premises and of the mutual covenants and conditions herein contained, the parties hereto agree as follows:

That the amount of electric energy that the District may receive pursuant to the terms of this agreement shall be determined from time to time by representatives of each of the parties hereto, and shall be the amount of energy which the City is obligated to furnish to the District under the terms of the said Raker Act, but in no event to exceed the amount of the total connected load on the system of the District coming within the said provisions of said Raker Act, said amount to be corrected for transmission and distribution losses, and that the expense of determining from time to time the amount of energy which the District is entitled to receive as herein provided shall be borne by the District.

That the District agrees to pay to the City for all electric energy furnished to the District at the rate of 4.7 mills per kilowatt hour, provided, however, that the minimum amount to be paid to the City by the District for said energy shall be three hundred and seventy-five ($375.00) dollars per month, and in case the District's needs for the purposes hereinbefore mentioned shall exceed 3000 k. w., then in that event, the monthly minimum payment shall be increased proportionately. All amounts to become due under the terms of this contract to be payable to the City at the office of the Board of Public Works in the City and County of San Francisco, on or before the 20th day of each and every calendar month following the month in which the said City commences to furnish said energy to the said District. Provided, however, that if the price of 4.7 mills per kilowatt hour for said energy furnished to the District as aforesaid should not return to the City the actual and total cost of providing and supplying said power computed as provided in said Raker Act, the said price may hereafter be increased, to the end that the same will return to the City said actual cost. And provided, further, should the Secretary of the Interior of the United States hereafter determine or fix any other price for the said energy supplied to the said District, the rate therefor as herein provided may be changed accordingly, provided, however, that the minimum charge shall remain as herein set forth.

The District shall install at its own cost and maintain and operate at its own expense, a step-down station at a point at or near the City's transmission lines, which said station shall be capable of receiving electric energy at voltages of approximately 110,000 or 165,000 volts, or at both of said voltages. And the said District shall also provide, install and maintain, at its own expense, the necessary demand and watt-hour meters and relays at the primary side of said station, for the purpose of measuring the energy received by the said District; and that said step-down station, said meters and relays shall be of standard construction and equipment, and shall be of sufficient strength, power and capacity to be used in connection with the power lines and plant of the City without the same being a source of danger to said lines or plant, and that all of the said equipment shall be constructed, installed and maintained to the satisfaction of the City, or its Engineer.

That the District shall inspect, test and keep in proper repair all meters and accessories at said station which will be used for measuring the amount of electric energy delivered to the District under this agreement. The said meters shall be kept under joint seals of the City and District, which shall not be broken except in the presence of authorized representatives of both parties. Either party shall have the right at any time to request an

inspection or test, and, if found necessary, proper adjustment of such meters shall be made in the presence of a representative of the other party appointed for the purpose. When such inspection or test is desired, sufficient notice shall be given by the party desiring the test to permit of the other party having its representative present. The registration of the meters shall be used as the basis of determining the amount of energy received by the district, unless, upon being tested, the meters shall be found to register inaccurately and such inaccuracy shall exceed two per cent (2%). Where the inaccuracy is more than two per cent (2%), but the actual inaccuracy can be approximately determined, the readings of such meters shall be corrected, and such corrected readings and any other available data shall be used as a basis for determining the amount of energy delivered.

The energy furnished to the District shall be received from the transmission lines belonging to the City at the voltage at which the same is ordinarily transmitted thereover, provided that said voltage shall not be higher than approximately 165,000 or lower than approximately 110,000 volts, and any loss or damage caused to the transmission lines or to the generating equipment of the City by reason of any act or omission by the District shall be borne and paid for by the District.

That if during the continuation of this agreement it should happen that the City should not be operating the Moccasin Creek plan on a twenty-four hour basis, then in that event the City hereby agrees to maintain an emergency crew, subject to call by the District, for the purpose of furnishing the service herein provided for, and the District hereby agrees that the monthly minimum charge payable by the District shall be increased to cover the actual cost to the City of mantaining such emergency crew during such period and any other cost of operating said plant which is made necessary solely by the District's needs.

The City shall not be obligated to deliver energy to the District, nor shall the District be obligated to receive energy, at such time as either shall be prevented from doing so on account of accidents or acts of God, making it physically impossible to so deliver or receive energy. In the event of inability on the part of the City to deliver the said energy, or inability on the part of the District to receive the energy, arising from any of the causes in this paragraph specified, the party so prevented from making such delivery of energy or receiving such energy shall proceed with all possible speed to take the necessary action to enable it to comply with its covenants herein contained.

Neither this agreement nor anything contained herein, nor the prices, rates or charges fixed herein, shall ever be offered or in any manner used as evidence by either said City or said District or any successor in interest of either of them, in any court or before any commission or official of the State of California or the United States of America, in any action or proceeding for the purpose of obtaining a judicial or official interpretation of the terms or provisions of the Raker Act, nor shall anything contained herein be construed as committing or binding either party as to the interpretation of either party to the terms or provisions of said Raker Act.

That the District shall proceed with all possible speed to erect and construct said step-down station, and make itself ready to receive said electric energy from the City, and shall complete said station and said equipment within eighteen (18) months from the date of the execution of this agreement, due regard being had for strikes, lockouts, acts of God, inability to get labor or materials, or any other act beyond the control of the District, and if said station and equipment is not completed within 18 months from the date of the execution of this agreement, and the District is not ready to receive said electric energy from the City, this agreement may, at the option of the City, be cancelled and annulled; provided, however, that such time as the District may be delayed in the construction of said step-down station and equipment by strikes, lockouts, acts of God, inability to get labor or material, or by other acts over which the District has no control, shall be added to the said period of 18 months hereinbefore allowed to the District within which to commence receiving said power.

In witness whereof, the Board of Public Works has caused these presents to be duly executed and signed by its members, and the District has caused these presents to be executed by its President and Secretary and have affixed their of-

ficial seals thereto the day and year first above written.

Section 2. This ordinance shall take effect immediately.

The foregoing bill was discussed at length by Supervisor Shannon, who moved its passage to print.

The bill was further discussed by Supervisors Colman, Bath, Marks, Gallagher, Hayden, Roncovieri, Stanton, Badaracco, Harrelson and McSheehy.

On motion of Supervisor Colman, Mr. Eckert, Assistant City Engineer, was granted the privilege of the floor and read the following communication:

August 23, 1926.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

There is on the calendar an ordinance authorizing and directing the Board of Public Works to enter into an agreement with the Modesto Irrigation District for furnishing hydro-electric power to that district.

I do not wish my attitude on this subject to be misunderstood. The City Engineer bears the kindliest feelings towards the Modesto Irrigation District and ever since the passage of the Raker Act our relations with the citizens and landowners of the district have been most friendly. We wish to cooperate with the district in every way in the improvement of their electric service, so long as in helping them it is not done at an unreasonable expense to San Francisco. The City Engineer feels that the friendly feeling between San Francisco and the district will best be fostered and maintained if any contract which is entered into with the district is based strictly on the terms of the Raker Act and is couched in language that cannot be misunderstood, and which expresses fully and clearly the full intent and obligations of both parties, thus avoiding cause for future litigation and the resulting bitterness of feeling.

Section 1 of the ordinance sets forth that the agreement covers the furnishing of hydro-electric power to the Modesto Irrigation District for pumping and municipal purposes as provided for in the Raker Act, and states that the maximum amount of power to be furnished under the contract is not to exceed the total connected load for pumping, irrigation and municipal purposes which the said district has upon its electrical distribution system.

If the contract provided that the Modesto Irrigation District would buy from the City all of the electric energy to be used for the purpose of operating their pumps and for municipal purposes, as contemplated under the Raker Act and limited to these purposes only, and the price to be paid for that power wah such as to actually reimburse the City for the cost of developing, maintaining and transmitting the electrical energy for this purpose, the City Engineer's office would not oppose the contract, notwithstanding the fact that even under these conditions it may impose on the City an actual loss of revenue in excess of $30,000 per year, for these are our solemn obligations under the Raker Act. The Raker Act requires that we furnish the irrigation districts upon demand (and that means the Turlock Irrigation District as well as the Modesto Irrigation District) "electrical energy for pumping sub-surface water for drainage or irrigation or for the actual municipal purposes of municipalities within the districts (which purposes shall not include the sale to private persons or corporations) at such price as will actually reimburse the said grantee for developing and maintaining and transmitting the electrical energy thus sold."

It is not, however, the intention of the Modesto Irrigation District, nor does this contract bind the district to buy from the City the power required for pumping and municipal purposes. What the district wants and what it aims to get under this contract is what is known as a standby service. This means that the district will use its own power plant for operating the pumps and for the other purposes specified under the Raker Act, and will call upon San Francisco to furnish electrical service only at such times as their plant or their transmission lines are out of commission. And what does the contract provide that they pay for this service? The price of 4.7 mills per KWH for the amount of energy ac-

tually used, with no reference to or consideration of the load factor. Standby service is not sold or furnished on the basis of so much per kilowatt of energy used. Standby service is sold on the basis of a price per month or per year per kilowatt of demand, plus a rate per kilowatt hour of energy used. This contract eliminates the demand charge entirely, the most important factor in a standy rate schedule. Established schedules for standby service indicate a rate of from $10 to $24 per year per kilowatt of demand plus, say, 6/10 cents per kilowatt of energy used.

The distribution system of the Modesto Irrigation District as constructed makes it impossible for the district in distributing power received from San Francisco's transmission line to distinguish between that which is used for so-called Raker Act purposes and that which is used by private persons or corporations for other purposes. This clearly indicates that it is the intention of the district, should the occasion arise, to take from our lines sufficient electrical energy to meet whatever the emergency might require for all purposes. The contract should prohibit this, for the reason that while we are obliged to furnish the district the amount of energy that they require for the specified purposes under the Raker Act at actual cost, we are not obliged to furnish them any energy beyond this, especially when by so doing it will cause the City to lose additional revenue which might bring the total loss of revenue up to more than $90,000, or even $132,000 a year.

To support the general statements that I have made, let us see how this contract as it is now drawn would have worked out for the City if it had been in effect during 1925. In that year the Modesto Irrigation District used for pumping, drainage and municipal public purposes (which are the so-called Raker Act purposes) a total of a little less than 3,000,000 KWH of electrical energy. According to the statement of their electrical engineer, Mr. O'Connell, the maximum demand at any time during the year for this service amounted to 1350 kilowatts, and the connected load was 2300 kilowatts. During the same period of time, the total amount of electrical energy delivered to the Modesto District was 9.300,000 KWH, and the maximum demand or peak load in distributing this amount of energy was between 4200 and 4500 kilowatts.

Now, if the contract was limited purely and solely to furnishing the power for Raker Act purposes during the year 1925, and the district took all the power that they required for those purposes, we would have received from the district the sum of $14,100 on the basis of 4.7 mills per KWH. If this power was used by the district only as standby when their lines were out, the City would have received for this service only $4,200.

The furnishing of the power to the district would, on the basis of a maximum demand of 1350 kilowatts, have resulted in a reduction of revenue under the agency contract with the Pacific Gas and Electric Company of $42,600, a loss of $28,500, provided the district bought all of the power they required for Raker Act purposes from the City; if used as standby only, the loss would have been $38,400. However, let us suppose that the district's plant went out of service while they were connected with the City's transmission line. Can you imagine that they would not at that time call upon and take from us all of the power that was necessary to meet whatever demand they had to meet at the time the plant went out? If this should occur at a time of their peak load, it would make a demand upon the City of from 4200 to 4500 kilowatts. Now, if under any contract that we enter into with the district it is possible for us to be called upon to furnish a demand service of, say, 4200 kilowatts, it will reduce by that amount the dependable peak that the Pacific Gas and Electric Company may count upon from our plant, and that company has indicated to the City Attorney that they so interpret the contract. If this contention were sustained it would reduce the obligation of the Pacific Gas and Electric Company to take all of the output of the Moccasin power plant on the basis of an 80,000 kilowatt peak at a 75 per cent load factor to taking that output on the basis of, say, 75,800 kilowatt peak, and this would result in a reduction of revenue of $132,500 per year.

The advocates of this contract will say that the City is not obligated under the agreement as drawn to furnish any power in addition to that required to meet the purposes of the Raker Act. However, if the contract is consummated and the connections made,

it would be a very difficult matter to prevent the Modesto District from taking power in excess of these requirements. The City Engineer recommends that if this contract be entered into, that a clause be added to read, "That the district does hereby agree not to use any of the power furnished by the City under the terms of this agreement for any other purpose than that required for the purposes specified in the Raker Act as being those for which the City is obligated to furnish power to the district." I understand that our City Attorney suggested that such a clause should be written into the contract, but that the representatives of the Modesto District were unwilling to have such a clause in the contract. If they do not intend to use this power for other purposes than those for which they were ostensibly securing it, why should they object to such a clause being written into the contract?

The City Engineer is in full accord with carrying out every term of the obligation of the City imposed by the terms of the Raker Act. He does not believe, however, that the Raker Act obligates the City in any way to furnish purely a standby service The Railroad Commission in establishing its schedules of rates draws a very distinct line between electrical energy furnished for general commercial purposes and power furnished for standby. Advocates of the contract may take a contrary view to that held by the City Engineer. However, it is clear that no such class of service was contemplated under the Raker Act as drawn; but even if we are obliged to furnish standby service, we are bound under the terms of the Raker Act to charge for that service the actual cost. Now let us look into the question of what is the cost of furnishing standby service.

When a power company, or in this case the City, enters into a contract to furnish standby service to the extent of 2300 kilowatts or 4200 kilowatts, as the case may be, it really obligates itself to set aside or allocate to that customer a definite amount of its plant capacity equal to the amount of that standby demand—that we must be prepared at any and all times if called upon to furnish that service. This is particularly true where we have only one customer for that class of service. The Moccasin power plant has a peak capacity of let us say 80,000 kilowatts. Now if we allocate to the Modesto District for standby service 2300 or 4200 kilowatts, we are setting aside for their exclusive use, subject to their demand, 2.9 per cent (or 5¼ per cent, as the case may be) of our entire plant capacity. In round numbers for rate-making purposes, the Moccasin plant represents a capital investment of approximately $25,000,000, which figure includes interest during construction. The fixed charges on this investment represent, in round numbers, $1,150,000, or nearly $14.50 per kilowatt of demand per year, so that for 2300 kilowatts of demand our charges should be $33,000 per year, and for 4200 kilowatts of demand they should be somewhat ever $60,000 per year, to which should be added a charge to cover the actual amount of energy, or the actual number of KWH used.

The Modesto Irrigation District is growing. They propose to install, if this agreement is entered into, a stepdown station with capacity for taking a maximum demand of 9000 kilowatts from our line. Would they install this additional capacity if they did not propose to use it?

There is one way in which the amount of power that they might take at any time could be limited, and that would be by installing a device which would open the switch if any attempt was made to draw more than the predetermined amount of power than the device might be set for. This device is known as an overload relay, and if any agreement is entered into with the Modesto District, that agreement should provide a clause that such overload relays shall be installed and set to operate under conditions approved by the Board of Public Works and that they shall be sealed and that the seal shall not be broken except in the presence of a representative of the Board of Public Works.

This contract and these figures, indicative of what the City's loss of revenue might be, apply only to the Modesto Irrigation District. Do not forget that the City has the same obligation under the terms of the Raker Act to render service to the Turlock Irrigation District that it has to Modesto. The Turlock and Modesto Irrigation Districts jointly own and operate the power plant which serves the Modesto District. Turlock's interest in that plant is twice that of Modesto and it would be fair to assume that the amount of electrical energy that Turlock might call upon San Francisco for under the terms of the

Raker Bill would be twice that of Modesto and might involve twice the loss of revenue.

There is one other point that I want to lay some stress upon, and that is that this contract is drawn in perpetuity, and that is all right as far as this contract deals with and governs only the electrical energy furnished to the Modesto Irrigation District under the terms of the Raker Act and for those purposes only, but unless great pains are taken to limit and prevent the contract being construed to apply to power for any other purposes, your Board should go very slow before passing this ordinance without having some time limit in the contract which would protect the City in the event that it was found in the working of the contract that an undue hardship was being brought upon the City in relation to power furnished or taken by the district and used for other than Raker Act purposes.

I have written a letter to the City Attorney suggesting a number of modifications in the contract which, if incorporated, will, I believe, protect the City's interests in these matters. A copy of this letter is attached hereto.

Respectfully,
M. M. O'SHAUGHNESSY,
City Engineer.
August 7, 1926.

Hon. John J. O'Toole, City Attorney, San Francisco, Cal.

Dear Sir:

I have gone over the latest draft of the proposed Modesto power agreement, which I received from you yesterday morning. I note that you have made a number of changes from the original agreement as prepared by the Modesto District representatives, all designed to protect and safeguard San Francisco's interests.

The present form is still, however, far from satisfactory in two very vital particulars.

First: It does not bind the district not to use the power furnished under the Raker Act for other purposes than those for which San Francisco is obliged to furnish electric energy to the district under the act. This is extremely important in view of the fact that the contract is in perpetuity.

Second: The price named of 4.7 mills per kilowatt without prescribing that this shall be taken or paid for on the basis of a 75 per cent load factor is wholly inadequate for the service and does not in any degree compare with the revenue being received by the City for the energy sold through the agency of the Pacific Gas and Electric Company.

Aside from these main points, I must point out that while the contract purports to enable the Modesto District to buy power from San Francisco for certain purposes named in the Raker Act, it is well known that it is their intention to utilize power furnished by San Francisco for standby service not only for Raker Act purposes but for general commercial purposes. This certainly will result in much controversy later as to the interpretation of the various provisions and with possible necessity of court action.

In addition to these main points, I am suggesting a number of minor changes which should be made to clarify the agreement and further safeguard the City's interests. These are as follows:

In the second "Whereas" on page 1 insert the word "certain" before "electric energy."

The third "Whereas" reads: "The district has made demand on the City that it furnish to the district the amount of electric energy which it is required to furnish pursuant to the terms of the Raker Act." I am not aware that such demand has formally been made, and would suggest that this clause be changed to read: "Whereas, the district does hereby make demand on the City that it furnish to the district, etc."

In the first clause of the agreement, reading, "that the amount of electric energy that the district may receive . . . shall be determined from time to time . . .", it is quite necessary to change this clause to read as follows: "That the rate, expressed in kilowatts, at which the electric energy that the City is obligated to sell to the district pursuant to the terms of this agreement shall be delivered, shall be determined from time to time when requested by either party, by representatives of each of the parties hereto, and shall be such as is actually necessary to enable the City to meet its obligations to furnish energy to the district under the terms of the said Raker Act, but in no event to exceed the amount of the total connected load on the system of the district coming within the said provisions of said Raker Act, said amount to be corrected for transmission and distribution losses, and that the expense of determining from time to time the rate of delivery of the

energy which the district is entitled to receive as hereby provided shall be borne by the district."

On the second page, in the clause beginning, "that the district agrees to pay to the City for all electric energy furnished to the district at the rate of 4.7 mills per kilowatt hour," there should be added at this point, "on the basis of a 75 per cent monthly load factor, based on the determined rate of delivery." This will permit of striking out the balance of that sentence beginning, "Provided, however."

In the same paragraph, in the sentence beginning, "Provided, however, that if," after the word "district" insert "on a basis of a 75 per cent monthly load factor," and in the last two lines on page 2 strike out the clause, "Provided, however, that the minimum charge shall remain as herein set forth."

On page 3, the first line, after the word "cost," insert "and shall reimburse the City for any and all expense incurred by the City in providing for the necessary connection with the said stepdown station."

The last line of the first paragraph on page 3 should read, "to the satisfaction of the Board of Public Works." Also, there should be added, "that the relays shall be set to operate under conditions approved by the Board of Public Works, and shall be sealed and the seals shall not be broken except in the presence of a representative of the Board of Public Works." The second line of the last sentence on page 3 substitute "delivered to" for the words "received by."

On page 4, in the paragraph beginning "The energy furnished," after "110,000 volts," begin a new paragraph, "Any loss or damage, etc."

On the fourth page, the paragraph beginning "That if during the continuation of this agreement," strike out "it should happen that"; and in the next line, after the word "basis" insert "it shall notify the district of that fact and shall . . .," and strike out "then in that event the City hereby agrees to. . . ."

In the same paragraph strike out the words "subject to call by the district."

There should also be added a clause reading somewhat as follows:

"The district shall reimburse the City for any and all loss of revenue resulting from interruption of service occasioned by the original construction or repairs or maintenance work in connection with the stepdown station or its connections and appurtenances."

There should also be added a further clause to read:

"That the district does hereby agree not to use any of the power furnished by the City under the terms of this agreement for any other purpose than that required for the purposes as specified in the Raker Act as being those for which the City is obligated to furnish power to the district."

Very truly yours,
M. M. O'SHAUGHNESSY,
City Engineer.

City Attorney John J. O'Toole was heard in explanation of his views in drafting the contract agreement, and in reference to its legality.

On motion, Mr. Adolph Uhl was granted the privilege of the floor, and expresesd himself as being opposed to the conditions of the agreement.

J. C. Garrison, chairman of the directors of the Modesto Irrigation District, was heard and stated that the contract and agreement as presented was favorable to his organization.

Supervisor Colman presented the following amendment, signed by himself with Supervisors Hayden and Harrelson, and moved that the matter be referred to the Public Utilities Committee:

This agreement, made and entered into this ————day of ————, 1926, by and between the Board of Public Works of the City and County of San Francisco, acting for and on behalf of the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," under authority of the Board of Supervisors granted by Ordinance No. ——— (New Series), the party of the first part, and the Modesto Irrigation District, a public corporation of Stanislaus County, California, hereinafter referred to as the "District," the party of the second part;

Witnesseth:

Whereas, the City is the owner and holder of certain water rights situate on the Tuolumne River and on Lake Eleanor, which are commonly known as the City's Hetch Hetchy project, and that in connection with said water rights the City is developing electric power at its power plant installed at Moccasin Creek, and is transmitting said power so developed to a point in the vicinity of Newark, in the County of Alameda; and

Whereas, under the terms of the Act of Congress, approved December 19, 1913, commonly known as the Raker Act, the City is obligated, upon request, to sell or supply to the Modesto and Turlock Irrigation Districts and to the municipalities within either or both of said districts for the use of any land owner or owners therein for pumping subsurface water for drainage or irrigation, or for the actual municipal public purposes of said municipalities (which purposes shall not include sale to private persons or corporations) electrical energy at such price as will actually reimburse the City for developing, maintaining and transmitting the electrical energy thus sold; and

Whereas, the District does hereby make demand on the City that it furnish to the District the amount of electric energy which it is required to furnish pursuant to the terms of said Raker Act, at the price to be established in accordance with the terms thereof, and the City is willing to comply with said demand.

Now, therefore, in consideration of the premises and of the mutual covenants and conditions herein contained, the parties hereto agree as follows:

That the rate, expressed in kilowatts, at which the electric energy that the City is obligated to sell to the District pursuant to the terms of this agreement shall be delivered shall be determined from time to time when requested by either party by representatives of each of the parties hereto, and shall be such as is actually necessary to enable the City to meet its obligations to furnish energy to the District under the terms of the said Raker Act, said amount to be corrected for transmission and distribution losses, and that the expense of determining from time to time the rate of delivery of the energy which the District is entitled to receive, as herein provided, shall be borne by the District.

That the District agrees to pay the City for all electric energy furnished to the District for Raker Act purposes such price as will reimburse the City for developing and maintaining and transmitting the electrical energy delivered to the District for said Raker Act purposes.

And in the event the District should take delivery from the City of any electrical energy in excess of the actual requirements of the Raker Act obligations, the District shall pay to the City for such excess electrical energy at the rate of 4.7 mills per kilowatt hour, on the basis of a 75% monthly load factor based on the determined rate of delivery of such excess energy.

Provided that the price for electrical energy delivered and received in excess of the Raker Act requirements may be modified at any time upon thirty days' notice in writing to the District, and such modified price shall be equal to the lowest price established for the disposal of power to other customers taking into consideration load factor, point of delivery and other elements affecting the sale of power. And provided further, should the Secretary of the Interior of the United States hereafter determine or fix any other price for the said energy supplied to the said District, the rate therefor as herein provided may be changed accordingly. All amounts to become due under the terms of this contract to be payable to the City at the office of the Board of Public Works in the City and County of San Francisco, on or before the 20th day of each and every calendar month following the month in which the said City commences to furnish said energy to the said District.

The District shall install at its own cost and shall reimburse the City for any and all expense incurred by the City in providing for the necessary connection with the said step-down station, and maintain and operate, at its own expense, a step-down station at a point at or near the City's transmission lines, which said station shall be capable of receiving electric energy at voltages of approximately 110,000 or 165,000 volts, or at both of said voltages. And the said District shall also provide, install and maintain, at its own expense, the necessary demand and watt hour meters and relays at the primary side of said station, for the purpose of measuring the energy received by the said District; and that said step-down station, said meters and relays shall be of standard construction and equipment, and shall be of sufficient strength, power and capacity to be used in connection with the power lines and plant of the City without the same being a source of danger to said lines or plant, and that all of the said equipment shall be constructed, installed and maintained to the satisfaction of the Board of Public Works. Relays shall be set to operate under conditions approved by

the City Engineer and shall be sealed and seals not broken except in the presence of the City Engineer.

That the District shall inspect, test and keep in proper repair, all meters and accessories at said station which will be used for measuring the amount of electric energy delivered to the District under this agreement. The said meters shall be kept under joint seals of the City and District, which shall not be broken except in the presence of authorized representatives of both parties. Either party shall have the right at any time to request an inspection or test and, if found necessary, proper adjustment of such meters shall be made in the presence of a representative of the other party appointed for the purpose. When such inspection or test is desired, sufficient notice shall be given by the party desiring the test, to permit of the other party having its representative present. The registration of the meters shall be used as the basis of determining the amount of energy delivered to the District, unless upon being tested, the meters shall be found to register inaccurately and such inaccuracy shall exceed two per cent (2%). Where the inaccuracy is more than two per cent (2%), but the actual inaccuracy can be approximately determined, the readings of such meters shall be corrected and such corrected readings and any other available data shall be used as a basis for determining the amount of energy delivered.

The energy furnished to the District shall be received from the transmission lines belonging to the City at the voltage at which the same is ordinarily transmitted thereover, provided that said voltage shall not be higher than approximately 165,000, or lower than approximately 110,000 volts.

Any loss or damage caused to the transmission lines or to the generating equipment of the City by reason of any act or omission by the District shall be borne and paid for by the District.

The City shall not be obligated to deliver energy to the District, nor shall the District be obligated to receive energy at such time as either shall be prevented from doing so on account of accidents or acts of God, making it physically impossible to so deliver or receive energy. In the event of inability on the part of the City to deliver the said energy, or inability on the part of the District to receive the energy, arising from any of the causes in this paragraph specified, the party so prevented from making such delivery of energy or receiving such energy shall proceed at all possible speed to take the necessary action to enable it to comply with its covenants herein contained.

That the District shall proceed with all possible speed to erect and construct said step-down station, and make itself ready to receive said electric energy from the City, and shall complete said station and said equipment within eighteen (18) months from the date of the execution of this agreement, due regard being had for strikes, lockouts, acts of God, inability to get labor or materials, or any other act beyond the control of the District, and if said station and equipment is not completed within 18 months from the date of the execution of this agreement, and the District is not ready to receive said electric energy from the City, this agreement may, at the option of the City, be cancelled and annulled, provided, however, that such time as the District may be delayed in the construction of said step-down station and equipment by strikes, lockouts, acts of God, inability to get labor or material, or by other acts over which the District has no control, shall be added to the said period of 18 months hereinbefore allowed to the District within which to commence receiving said power.

Nothing in this contract shall be construed to bind the City in any way to furnish electric energy to the District for any other purpose than those named in Section 9, Subdivision 1, of the Raker Act.

In witness whereof, the Board of Public Works has caused these presents to be duly executed and signed by its members, and the District has caused these presents to be executed by its President and Secretary and have affixed their official seals thereto the day and year first above written.

The chair ruled that the que

tion of amendment was before the meeting.

Amendment read by Clerk.

Supervisor Badaracco thereupon moved that the amendment be laid on the table, which motion was *carried* by the following vote:

Ayes— Supervisors Badaracco, Deasy, Havenner, Kent, Powers, Roncovieri, Shannon, Stanton, Todd, Welch—10.

Noes—Supervisors Bath, Colman, Gallagher, Harrelson, Hayden, Marks, McSheehy, Schmidt—8.

Supervisors Marks, Schmidt, Powers, Gallagher, Stanton, Badaracco and Havenner arose and explained their votes and were heard at length in the matter.

Whereupon, Supervisor Marks moved that the amendment be taken from the table. There being no objection it was *so ordered.*

Supervisor Colman moved that the amendment, with the original matter, be referred to the Public Utilities Committee.

The motion was *lost* by the following vote:

Ayes—Supervisors Colman, Harrelson, Hayden—3.

Noes— Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Kent, Marks. McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

The question was then called on passage of the amendment and it was *defeated* by the following vote:

Ayes—Supervisors Colman, Harrelson, Hayden—3.

Noes— Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Kent, Marks. McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

The question was thereupon called on passage to print of bill and ordinance as originally presented and the said Bill No. 7707 and ordinance was *passed to print* by the following vote:

Ayes— Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

Noes—Supervisors Colman, Harrelson, Hayden—3.

SPECIAL ORDER—3 P. M.

Changing Zone—Pacific Avenue East from Laguna Street.

Bill No. 7708, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), regulating and establishing the location of trades, etc. Changing the north side of Pacific avenue for a distance of 206 feet 3 inches east from Laguna street to the Second Residential District instead of the First Residential District.

Subject matter was discussed by Supervisors Harrelson, Havenner and Powers.

A communication from the Hon. James D. Phelan was presented and read by the Clerk, calling attention to the condition of apartment houses destroying the tradition of homes and requesting impartial consideration.

The question being called the bill and ordinance was *passed to print* by the following vote:

Ayes— Supervisors Badaracco, Bath, Deasy, Gallagher, Hayden, Kent, Marks, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—13.

Noes—Supervisors Colman, Harrelson, Havenner, McSheehy, Powers—5.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

The following communications were received from the Department of State at Washington:

August 13, 1926.

Mr. J. S. Dunnigan, Board of Supervisors, Room 235, City Hall, San Francisco, California.

Sir:

The receipt is acknowledged by reference from the White House of your letter of August 4, 1926, with regard to the policy of the Mexican government with respect to the Catholic Church and clergy.

In reply I desire to assure you that the situation as it affects American churchmen in Mexico will continue to receive the department's earnest attention. However, as regards persons other than American citizens this government is not in a position to intercede on their behalf.

I may say in this connection, for your information, that the department has recently advised the Mexican ambassador at this capital of the many protests received by it from Catholic organizations in the United States.

I am, sir, your obedient servant,
for the Secretary of State,
STAN HARRISON,
Assistant Secretary.

Sent via Navy Department Radio Service.
San Francisco,
August 30, 1926.

Admiral C. F. Hughes,
U. S. S. "California."

As your most enjoyable visit to San Francisco draws to a close, I want to express the keen satisfaction of our people at your presence here and our regrets that you are leaving so soon. We hope that before long you may be with us again, and that we may see you often while you hold the high command that is to be yours.

Sincerely,
JAMES ROLPH, JR.,
Mayor.

Sent via Navy Department Radio Service.
San Francisco,
August 30, 1926.

Admiral S. S. Robison,
U. S. S. "Seattle."

At this moment when your great fleet is about to weigh anchor and to leave our port, the people of San Francisco have mingled emotions—both joy at your visit and regret at your departure. Godspeed and good luck and may you return to us soon again.

Sincerely,
JAMES ROLPH, JR.,
Mayor.

Received via Navy Department Radio Service.
August 30, 1926.

Mayor Rolph,
San Francisco.

Thank you for your courteous message just received, which is, I assure you, most cordially appreciated by me personally and by the officers and men under my command. We have thoroughly enjoyed our stay in San Francisco and wish to thank you and all San Franciscans who did so much to make our visit a happy one. We are already looking forward with pleaseure to the time when we shall again be with you.

Commander-in-Chief of the Pacific Battle Fleet.

Received via Navy Department Radio Service.

From the Commander-in-Chief of the United States Fleet:
James Rolph, Jr., Mayor,
San Francisco.

Many thanks for your kind message upon the departure of the fleet from San Francisco. The Commander-in-Chief wishes to express to you and the people of San Francisco the sincere thanks and appreciation of myself and the personnel of the fleet for the many courtesies and lavish entertainment that have been extended to them during the visit making this stay in San Francisco truly enjoyable. All regret that we depart so soon and will remember this visit with pleasure.

Transfer of Funds.

Supervisors Hayden, Colman and Harrelson jointly presented the following resolution:

Resolution No. —— (New Series), as follows:

Whereas, the Supreme Court of the State of California has rendered a decision directing that after the payment of operating expenses and the cost of repairs and reconstruction in connection with the Hetch Hetchy water and power project, all revenues from the operation of said project, including the revenues from the disposal of power, shall, so far as may be required, be applied to the payment of interest and redemption of bonds issued for the construction of said water and power project, as set forth in the Charter; and

Whereas, under Ordinance No. 6980 (New Series) there was appropriated out of said revenues a sufficient amount to provide for the payment of interest and redemption of $9,000,000 of the Water Bonds of the Issue of 1910, or the sum of $358,118.48; and

Whereas, according to the Treasurer's books, there was in the Hetch Hetchy Power Operative Fund, as of June 30, 1926. an unexpended and unappropriated balance of $1,007,112.74; and

Whereas, the application of this amount to the payment of bond interest and redemption will result in a further reduction of from ten to twelve cents in the tax rate; and

Whereas, there will be required for the payment of interest and redemption on the outstanding 4½ per cent Water Bonds, Issue of 1910, for the fiscal year ending June 30, 1927, a sum in excess of the unexpended and unappropriated balance in the Hetch Hetchy Power Operative Fund as of June 30, 1926; now, therefore, be it

Resolved, That the sum of $1,007,112.74, the unexpended and unappropriated balance in the Hetch Hetchy Power Operative Fund as of June 30, 1926, be and the same is hereby transferred, set aside and appropriated to the credit of the

Water Bond Interest and Redemption Fund.

Referred to the Finance Committee.

Authorizing the Board of Public Works to Enter Into An Agreement With the Modesto Irrigation District for the Furnishing of Hydroelectric Power to the District.

Bill No. 7707, Ordinance No. 7232 (New Series), as follows:

Authorizing, empowering and directing the Board of Public Works of the City and County of San Francisco to enter into an agreement with the Modesto Irrigation District, a public corporation, covering the furnishing of hydroelectric power to said district.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works of the City and County of San Francisco is hereby authorized and directed to enter into a written agreement with the Modesto Irrigation District, a public corporation of Stanislaus County, California, covering the furnishing by the City and County of San Francisco to the said Modesto Irrigation District of hydroelectric power from the City's plant at Moccasin Creek, for pumping and municipal purposes as provided for in the Act of Congress, approved December 19, 1913, and commonly known as the Raker Act, the maximum amount of said power to be furnished under said contract not to exceed the total connected load for pumping, irrigation and municipal purposes, which the said district has upon its electrical distribution system; and the terms and conditions of said contract to be as follows, to-wit:

This agreement, made and entered into this ———— day of ————, 1926, by and between the Board of Public Works of the City and County of San Francisco, acting for and on behalf of the City and County of San Francisco, a municipal corporation, hereinafter referred to as "City," under authority of the Board of Supervisors granted by Ordinance No. —— (New Series), the party of the first part, and the Modesto Irrigation District, a public corporation of Stanislaus County, California, hereinafter referred to as the "District," the party of the second part;

Witnesseth:

Whereas, the City is the owner and holder of certain water rights situate on the Tuolumne River and on Lake Eleanor, which are commonly known as the City's Hetch Hetchy project, and that in connection with said water rights the City is developing electric power at its power plant, installed at Moccasin Creek, and is transmitting said power so developed to a point in the vicinity of Newark, in the County of Alameda; and

Whereas, under the terms of the Act of Congress, approved December 19, 1913, commonly known as the Raker Act, the City is obligated to sell to the said District electric energy as provided by said Act; and

Whereas, the District has made demand on the City that it furnish to the District the amount of electric energy which it is required to furnish pursuant to the terms of said Raker Act, and the City is willing to comply with said demand;

Now, therefore, in consideration of the premises and of the mutual covenants and conditions herein contained, the parties hereto agree as follows:

That the amount of electric energy that the District may receive pursuant to the terms of this agreement shall be determined from time to time by representatives of each of the parties hereto, and shall be the amount of energy which the City is obligated to furnish to the District under the terms of the said Raker Act, but in no event to exceed the amount of the total connected load on the system of the District coming within the said provisions of said Raker Act, said amount to be corrected for transmission and distribution losses, and that the expense of determining from time to time the amount of energy which the District is entitled to receive as herein provided shall be borne by the District.

That the District agrees to pay to the City for all electric energy furnished to the District at the rate of 4.7 mills per kilowatt hour, provided, however, that the minimum amount to be paid to the City by the District for said energy shall be three hundred and seventy-five ($375.00) dollars per month, and in case the District's needs for the purposes hereinbefore mentioned shall exceed 3000 k. w., then in that event, the monthly minimum payment shall be increased proportionately. All amounts to become due under the terms of this contract to be payable to the City at the office of the Board of Public Works in the City and County of San Francisco, on or before the 20th day of each and every calendar month following the month in which the said City commences to furnish said energy to the said District. Provided, however, that if the price of 4.7 mills per kilowatt hour for said energy furnished to the District as aforesaid should not return to the City the actual and total cost of providing and supplying said power computed as provided in said Raker Act, the said price may hereafter be increased, to the end that the same will return to the City said actual cost. And provided, further, should the Secretary of the Interior of the United States hereafter determine or fix any other price for the said energy supplied to the said District, the rate therefor as herein provided may be changed accordingly, provided, however, that the minimum charge shall remain as herein set forth.

The District shall install at its own cost and maintain and operate at its own expense, a step-down station at a point at or near the City's transmission lines, which said station shall be capable of receiving electric energy at voltages of approximately 110,000 or 165,000 volts, or at both of said voltages. And the said District shall also provide, install and maintain, at its own expense, the necessary demand and watt-hour meters and relays at the primary side of said station, for the purpose of measuring the energy received by the said District; and that said step-down station, said meters and relays shall be of standard construction and equipment, and shall be of sufficient strength, power and capacity to be used in connection with the power lines and plant of the City without the same being a source of danger to said lines or plant, and that all of the said equipment shall be constructed, installed and maintained to the satisfaction of the City, or its Engineer.

That the District shall inspect, test and keep in proper repair all meters and accessories at said station which will be used for measuring the amount of electric energy delivered to the District under this agreement. The said meters shall be kept under joint seals of the City and District, which shall not be broken except in the presence of authorized representatives of both parties. Either party shall have the right at any time to request an inspection or test, and, if found necessary, proper adjustment of such meters shall be made in the presence of a representative of the other party appointed for the purpose. When such inspection or test is desired, sufficient notice shall be given by the party desiring the test to permit of the other party having its representative present. The registration of the meters shall be used as the basis of determining the amount of energy received by the district, unless, upon being tested, the meters shall be found to register inaccurately and such inaccuracy shall exceed two per cent (2%). Where the inaccuracy is more than two per cent (2%), but the actual inaccuracy can be approximately determined, the readings of such meters shall be corrected, and such corrected readings and any other available data shall be used as a basis for determining the amount of energy delivered.

The energy furnished to the District shall be received from the transmission lines belonging to the City at the voltage at which the same is ordinarily transmitted

thereover, provided that said voltage shall not be higher than approximately 165,000 or lower than approximately 110,000 volts, and any loss or damage caused to the transmission lines or to the generating equipment of the City by reason of any act or omission by the District shall be borne and paid for by the District.

That if during the continuation of this agreement it should happen that the City should not be operating the Moccasin Creek plan on a twenty-four hour basis, then in that event the City hereby agrees to maintain an emergency crew, subject to call by the District, for the purpose of furnishing the service herein provided for, and the District hereby agrees that the monthly minimum charge payable by the District shall be increased to cover the actual cost to the City of mantaining such emergency crew during such period and any other cost of operating said plant which is made necessary solely by the District's needs.

The City shall not be obligated to deliver energy to the District, nor shall the District be obligated to receive energy, at such time as either shall be prevented from doing so on account of accidents or acts of God, making it physically impossible to so deliver or receive energy. In the event of inability on the part of the City to deliver the said energy, or inability on the part of the District to receive the energy, arising from any of the causes in this paragraph specified, the party so prevented from making such delivery of energy or receiving such energy shall proceed with all possible speed to take the necessary action to enable it to comply with its covenants herein contained.

Neither this agreement nor anything contained herein, nor the prices, rates or charges fixed herein, shall ever be offered or in any manner used as evidence by either said City or said District or any successor in interest of either of them, in any court or before any commission or official of the State of California or the United States of America, in any action or proceeding for the purpose of obtaining a judicial or official interpretation of the terms or provisions of the Raker Act, nor shall anything contained herein be construed as committing or binding either party as to the interpretation of either party to the terms or provisions of said Raker Act.

That the District shall proceed with all possible speed to erect and construct said step-down station, and make itself ready to receive said electric energy from the City, and shall complete said station and said equipment within eighteen (18) months from the date of the execution of this agreement, due regard being had for strikes, lockouts, acts of God, inability to get labor or materials, or any other act beyond the control of the District, and if said station and equipment is not completed within 18 months from the date of the execution of this agreement, and the District is not ready to receive said electric energy from the City, this agreement may, at the option of the City, be cancelled and annulled; provided, however, that such time as the District may be delayed in the construction of said step-down station and equipment by strikes, lockouts, acts of God, inability to get labor or material, or by other acts over which the District has no control, shall be added to the said period of 18 months hereinbefore allowed to the District within which to commence receiving said power.

In witness whereof, the Board of Public Works has caused these presents to be duly executed and signed by its members, and the District has caused these presents to be executed by its President and Secretary and have affixed their official seals thereto the day and year first above written.

Section 2. This ordinance shall take effect immediately.

Statement of Supervisors J. Emmet Hayden, Jesse C. Colman and Wm. H. Harrelson.

In the matter of the foregoing ordinance, No. 7232, Supervisors Hayden, Colman and Harrelson, jointly presented the following:

Memorandum of reasons why the Modesto power contract should not be finally adopted.

We do not believe that the contract as drawn properly protects the City's interests, particularly in the

matter of price to be paid for the service.

The contract provides for a rate of 4.7 mills per kilowatt hour of energy used, with the provision that the minimum amount to be paid to the City by the District shall be $375 per month, on the basis of 3000 kilowatts of demand. The City Engineer has plainly told this Board that that price, without taking reference to the load factor, is totally inadequate.

It is true that a clause is contained in the contract which says that if the price of 4.7 mills per kilowatt hour should not return to the City the actual and total cost of providing and supplying the power as provided in the Raker Act, that the price may be hereafter increased so that it will make return on the said actual cost. The City Engineer has pointed out to you that this does not take care of any loss in revenue due to sale of power below cost during the time between the execution of the contract and the date when the correct determination of costs is established.

But there is one very important point which has not be emphasized and that is that the contract includes a clause which reads: "Provided, however, that the minimum charge shell remain as herein set forth." Now, it is entirely probable that when the cost of urnishing energy to the district is finally established, either by the interested parties or a court, or by the Secretary of the Interior, the price to be charged will be found to be based upon two elements—the amount of demand or standby requirements and the actual amount of energy used, and the amount of such demand charge, even on the basis of a $15,000,000 valuation for power, which we understand from the press has been recommended by the Public Utilities Committee, the minimum monthly charge would be $2 500, and if the valuation of approximately $25,000,000, suggested by the City Engineer, is used, this minimum monthly charge would amount to approximately $4,200 per month, and yet the contract says that the minimum charge shall remain at $375 per month. This, we understand. makes the contract an agreement in violation of the terms of the Raker Bill, and for that reason alone we will vote "no."

JESSE C. COLMAN.
WM. H. HARRELSON.
J. EMMET HAYDEN.

San Francisco, California, August 30, 1926.

Mr. Adolph Uhl also presented the following communication:

San Francisco, Aug. 30, 1926.

Board of Supervisors, San Francisco, California.

Gentlemen:

You propose furnishing Modesto 3000 kilowatts standby service for $375 a month, or 12½ cents a kilowatt a month.

Modesto is paying P. G. & E. for 225 kilowatts standby $370 a month, or $1.60 a kilowatt a month.

It costs Modesto $20,000 a year, $1,666 month, for 1200 kilowatts in her steam plant, or $1.30 a kilowatt a month.

The price for standby service established by the Railroad Commission is as follows:

For the first 20 kilowatts $2.00 per kilowatt a month.

For the next 80 kilowatts $1.50 per kilowatt a month.

For all over 100 kilowatts $1.25 per kilowatt.

The price of 12½ cents per kilowatt a month proposed by you in this Modesto contract is positively absurd, it evidences the fact you are not qualified to fix electric rates, which, in turn, *threatens the success of municipal operation.*

You refuse to be guided by the price suggested by the City Engineer. You disregard the suggestion of conferring with Mr. Lester R. Ready, chief electrical engineer of the Railroad Commission regarding price, etc.

The City Efficiency League protests the adoption of the proposed contract giving Modesto a standby service, the Raker Act imposes no obligation upon San Francisco to furnish an emergency service known as standby, furthermore, it involves San Francisco unnecessarily in a contract for perpetuity and will positively bring about litigation. Besides, *price is ridiculously low.*

The City Efficiency League does favor selling Modesto Irrigation District Hetch Hetchy power in strict accordance with the Raker Act.

Respectfully submitted,

CITY EFFICENCY LEAGUE,
ADOLPH UHL, Manager.

Absent—Supervisor Welch—1.

Acceptance of Deed from W. B. McKinnon Co. and the McCarthy Co. for Opening of Streets.

Supervisor Badaracco presented: Resolution No. 26124 (New Series), as follows:

Authorizing the execution of a deed by the Mayor and the Clerk of the Board of Supervisors to affronting and adjacent property owners to portions of street or streets closed by Resolution No. 26025 (New Series) in exchange for property for new street or streets to be opened and widened in lieu of such closed street or streets.

Whereas, this Board on the 2d day of August, 1926 (after proceedings theretofore had pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 26025 (New Series), closing and abandoning a portion of San Juan avenue and a portion of Bauer street as in said resolution described; and

Whereas, on the 13th day of August, 1926, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, the William B. McKinnon and The McCarthy Company, owners of lands adjacent to or fronting on the aforesaid portions of said streets so closed and abandoned, have offered to convey or cause to be conveyed to the City and County of San Francisco property for the widening of San Juan avenue and the widening of Bauer street in lieu of such portions of streets so closed and abandoned; and

Whereas, said William B. McKinnon and The McCarthy Company, pursuant to their aforesaid offers, have caused to be made, executed and delivered to said City and County of San Francisco good and sufficient conveyances vesting in said City and County of San Francisco for street purposes, the title to the parcels of land hereinafter more particularly described in lieu of said portions of said street so closed and abandoned as hereinafter recited; and

Whereas, the said parcels of land so conveyed to said City and County of San Francsico as new portions of a street in lieu of those closed and abandoned as aforesaid are more particularly described as follows, to-wit:

Commencing at a point on the southwesterly line of Bauer street, distant thereon 25.26 feet northwesterly from its intersection with the northwesterly line of Alemany avenue, and running westerly along a curve to the left, tangent to the aforesaid line of Bauer street, radius 453.44 feet, central angle 22 deg. 9 min., a distance of 175.30 feet; thence westerly along a curve to the right, tangent to the preceding curve, radius 425.00 feet, central angle 7 deg. 1 min. 2 sec., a distance of 52.05 feet to the southeasterly line of Cayuga avenue; thence northeasterly along said line of Cayuga avenue 50.54 feet to its intersection with the southwesterly line of Bauer street; thence southeasterly along the southwesterly line of Bauer street 226.98 feet to the point of commencement. And

Commencing at the intersection

of the northwesterly line of Cayuga avenue with the northeasterly line of San Juan avenue, and running northwesterly along the northeasterly line of San Juan avenue a distance of 73.82 feet; thence southeasterly along a curve to the left, tangent to the preceding course, radius 600.74 feet, central angle 6 deg. 58 min. 33 sec., a distance of 73.14 feet to the southwesterly line of Cayuga avenue; thence southwesterly along the northwesterly line of Cayuga avenue 4.57 feet to its intersection with the northeasterly line of San Juan avenue and point of commencement.

Whereas, it is deemed advisable by this Board of Supervisors that said parcel of land be opened as new portions of a street in lieu of those so closed and abandoned; and

Whereas, said new portions of a street so conveyed to the City and County of San Francisco for street purposes as aforesaid will and do constitute ample consideration to said City and County for its deed to the portions of said street closed and abandoned as hereinbefore recited and will be of much greater practical value, both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portions of said streets closed and abandoned as aforesaid should be conveyed by the City and County of San Francisco to said William B. McKinnon and to said The McCarthy Company. And be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said William B. McKinnon and to said The McCarthy Company deeds conveying to said William B. McKinnon and to said The McCarthy Company all of the right, title and interest of the City and County of San Francisco in and to the parcels of land, situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All that portion of Bauer street as closed and abandoned by Resolution No. 26025 (New Series) to said William B. McKinnon; and

All that portion of San Juan avenue as closed and abandoned by Resolution No. 26025 (New Series) to said The McCarthy Company. Be it

Futher Resolved, That the Clerk of this Board is hereby directed to advertise this resolution in "The Bulletin" as required by law.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Welch—1.

SPECIAL ORDER.

Hearing Matter of Garbage Disposal.

The matter of hearing proposals for disposal of City garbage heretofore made a special order for hearing at 3 o'clock p. m., was taken up.

Supervisor Hayden was heard, and asked the privilege of the floor for Mr. Conyell.

J. B. Conyell was granted the privilege of the floor and was heard at length in opposition to the "fill and cover" system of operation.

The following were also heard in opposition: Bay View District Association, by Thos. Kehoe and John T. Regan, representing South San Francisco Parlor, Native Sons Golden West.

C. Tromutolo, attorney, representing the Scavangers' Union, was heard at length favoring the system of incineration, and stated that the Scavangers' Union would agree to erect an incinerator at its own expense and would file a bond to guarantee its perfect working condition. The association would expect a franchise for a period of twenty-five years and the exclusive right of collection of garbage, after which time the plant would revert to the City.

Wm. Kelly, attorney, was heard, and expressed himself favorable to the "fill and cover" system.

Colonel F. Eddy, City Engineer of Berkeley, was heard at length and explained the mode of removal of garbage, and the "fill and cover" system in vogue in his city and stated that it was very satisfactory to the City of Berkeley.

On motion of Supervisor Hayden, further discussion was *laid over for two weeks, and be made a Special Order of Business at 3 p. m.*

Discussion.

The Chair (Supervisor McSheehy): At this particular time the tax rate is on the calendar and I have a letter here from the City Attorney which is self-explanatory, and I feel that the Board after hearing it read by the Clerk—Mr. Clerk, read the letter, please.

(Letter from the City Attorney was thereupon read.)

The Chair: Personally, I have felt I thought the tax rate should go over today, and after receiving this advice from our City Attorney, and he called my attention, as we all know, to the fact that Thursday is a legal holiday and therefore the passing of the tax rate this week would mean nothing, in a way, on account of the holiday. I feey that his advice should be followed and if there is no objection I would ask that the tax rate remain on the calendar as it is in its present form until next Monday, September 13th.

Supervisor Colman: I second that.

Supervisor Havenner: Mr. Chairman.

The Chair: Supervisor Havenner.

Supervisor Havenner: Does that provide ample time to meet the advertisinng?

The Clerk: Yes, there are no holidays next week. If it is ordered to print next Monday it would come up for final passage on the 20th; that is the law.

The Chair: That will be the order.

* * *

The Chair: May I interrupt for a moment? The City Attorney, Mr. O'Toole, has an announcement that I think is very interesting.

City Attorney O'Toole: A few moments ago I sent over to Supervisor McSheehy, as chairman of the Finance Committee, a letter requesting that no action be taken on the matter of passage to print of the fixing of the tax rate at this meeting, for the reason that the Supreme Court had not as yet determined the City's petition for rehearing, thinking that it might have some bad effect upon the petition. But they just telephoned me from the Clerk's office of the Supreme Court that the petition for rehearing is denied, so the Board is free to proceed with the fixing of the tax rate.

Supervisor Gallagher: I move the vote by which the matter was laid over one week be rescinded.

The Chair: Is there any objection?

(There being no objection, the vote was ordered rescinded.)

The Chair: May I at this time ask if there is any objection to the adoption of the tax rate as printed on the calendar?

Supervisor Gallagher: Three dollars and sixty-six cents, in accordance with the decision?

The Chair: Yes. Any objection?

Supervisor Hayden: I would just like to ask how much money from the Hetch Hetchy revenue operating fund does that reduction represent.

Supervisor McSheehy: Off-hand, I think it is one million seven hundred and thirty-eight thousand dollars. I have the report here. It represents $1,743,000.

Supervisor Hayden: Or sixteen cents in the tax rate?

Supervisor McSheehy: If you put it in that language, yes.

Supervisor Hayden: In other words, the former tax rate of August 23 of $3.82 was the tax rate of today of $3.66, following the decision of the Supreme Court and following the resolution of Supervisors Hayden, Harrelson and Colman, the reduction of the tax rate of sixteen cents.

Supervisor McSheehy: No.

Supervisor Hayden: It is there in plain figures.

The Chair: You may make your statement from the floor. You have the floor and I will reply when you have finished.

Supervisor Havenner: Mr. Chairman.

The Chair: Supervisor Havenner.

Supervisor Havenner: In the tax rate of last year for which the Supervisor who has just spoken, and which he supported on this floor, the Finance Committee announced their rate under the revenues of this City upon which the tax rate was based approximately, I think, $1,400,000 of the power revenue. The tax rate of $4.13 was based on an estimate of revenues including that $1,400,000. Subsequently the City Attorney decided that that money could not be legally used to finance the budget for last year and a deficit of approximately that amount ensued. The legal tax rate for last year to finance the budget which the previous Board supported

here, should have been $4.26. It was illegally fixed at $4.13, and this Board had to make up the deficit by a series of retrenchments. As a matter of fact, when we compute the reduction in this year's tax rate from last year's tax rate, an additional amount of Hetch Hetchy revenue of only about three hundred and, I think, forty-three thousand was written into this year's tax rate. Therefore, the actual amount of reduction represented by the additional use of Hetch Hetchy funds this year is only five cents. I am going to say frankly that as one member of the Finance Committee it was my intention to vote to use the necessary amount, approximately estimated at $1,000,000, of the revenues from the power project to construct a transmission line into San Francisco. I believe that to have been part of the mandate of the people at the last municipal election. The Supreme Court has held that we cannot use it. I expressed here last week, and protested against this decision of the Supreme Court. I desire to reiterate that protest. I have discussed it with many lawyers, with the City's own advisors. It is one of those decisions that is sort of wide open question where the courts of last resort can more or less arbitrarily decide either way. The court has seen fit to hold in effect that the people of San Francisco cannot do as they see fit with their own public utilities. I believe that many thousands of people throughout Califrnia last week expressed at the polls a protest similar to the one which I voiced here last week. It was directed not perhaps entirely at this particular decision of the Supreme Court, but against other decisions of the Supreme Court in the past, which in my judgment have been a denial of the right of the people to exercise their citizenship freely. A very remarkable vote was cast last week for the late Supreme Justice Lennon, a man who was universally recognized as one of the most liberal judges that we have ever had on our Supreme bench, and at the last time a count was reported, it was an incomplete report, although I would say that almost every citizen of California must have known of the death of Judge Lennon in the midst of his campaign, he had received more than 100,000 votes, and his total was only about 15,000 behind that of the other contestant for Chief Justice, who is now the only living candidate in the field for that office. Therefore, I desire again to express my own protest against this decision and to say that we are applying this money to the tax rate purely and simply because of a legal mandate that has been imposed upon us.

The Chair: I feel this will clarify the situation. May I ask the Clerk at this time to read the report of the Finance Committee and have the same made part of the record?

The Clerk (Reading): "San Francisco, September 7, 1926. To the Honorable Board of Supervisors. Gentlemen: Your committee recommends a tax rate for the City and County of San Francisco for the fiscal year 1926-1927, to be fixed at $3.66. This report is supplementary to the report of the committee on August 23, 1926. Subsequent to the filing of that report a decision was rendered by the Supreme Court which directed that the surplus revenues in the Hetch Hetchy power fund be applied to the interest and reduction of water bonds of 1910. Upon advice of the City Attorney, your committee revised the original report and applies $1,743,000, being the surplus as of July 1, 1926, to the interest and reduction fund. Your committee desires to call attention to the fact that in last year's tax rate, which was based upon the application of $1,400,000 to the financing of the budget for the fiscal year 1925-1926, the City Attorney subsequently held that this sum could not be legally used and a corresponding deficit ensued. We wish to emphasize the fact, however, that this year's reduction of tax rate involves the use of only $343,000 more from the power revenues than was gotten under last year's tax rate, and this additional sum represents only five cents of the total reduction. Respectfully,

(Signed)."

Supervisor Colman: Mr. Chairman.

The Chair: Supervisor Colman.

Supervisor Colman: Mr. Chairman, on the matter of the tax rate as presented by the Finance Committee, I have no words at all except words of praise. It was my privilege to commend the Finance Committee on the budget. I do so again on the tax rate. I think that some considerable economies have been effected and at the same time constructive measures, such as the air port, the park in the Mission and various other fine constructive things have been taken care of. So, as far as the tax rate, when I praise the Finance Committee, I also feel that I am entitled to a full one-eighteenth part of the praise because I am for economy,

sound economy, just as much as the Finance Committee. Regarding the matter of the revenue from the power, I think the Finance Committee have done most wisely. Now, I have no criticism. The reverse of criticism. I have praise for our Supreme Court for what, to my lay mind, is absolutely a clear and proper decision. It takes the projects as one and it provides that revenues from that project shall be used for certain, to me, very proper purposes. I do not look upon any results of this election as any criticism at all of our courts. On the other hand, I look upon them as a wonderful tribute to a very fine judge and a splendid gentleman, a gentleman whom I knew in life quite well, and that is Judge Lennon. These issues, I think, as a rule, when it comes to the voter, it is a matter of which judge they prefer, and that was the question before the voters, and, as I said, it was not a question of any criticism whatever, but a tribute to a splendid public servant, a man who gave many years to faithful service of the people in the courts. So I think now, at the present time, you have done very well in putting this money where the courts said it belonged. In fact, it was necessary that you do that. It was practically a mandate of the court and in my opinion a just mandate. It seems absolutely sound to me that revenues from a public utilities should be devoted in their order to those purposes as set out, interest, depreciation and so forth, and then bond redemption, and I realize the right of anyone to disagree, but to me it is sound and you gentlemen have followed the only proper course. And, in conclusion, regarding the tax rate, as I said, I have nothing but praise. I hope you will continue. And as far as any election promise on the economy, I think considerable progress has been made. I recognize in the last election no other real issue. As I had occasion to point out, much capital was made over a certain contract characterized as a black spot in our history. Now, since you have taken office, as I have pointed out twice, you have had the power to initiate legislation in five minutes that in twenty-four hours would end that and it is my own personal claim that by not doing that you have given it the approval to which it is entitled, and I thought Sunday as you, Mr. Chairman and Mr. Harrelson and I stood in the power house at Moccasin Creek and we saw—that is, we didn't see it but we saw the evidence, we saw the transmission lines going down, and I thought to myself it would be a crime, unthinkable, to allow that power to go to waste and to lose to the people of San Francisco an income of $2,036,000 annually net.

Supervisor Stanton: Mr. Chairman.

The Chair: Supervisor Stanton.

Supervisor Stanton: I can hardly let Supervisor Colman get away with that unchallenged. Two or three times he has made the same statement, that this Board of Supervisors, or those elected a year ago, or the first of the year, the last of last year, could by a single stroke of the pen or by a resolution in five minutes cancel a contract. I feel, and I believe I am speaking for the rest of the Supervisors that were elected last term, that they feel that the Hetch Hetchy power was not handled in the best interests of the people of San Francisco. The mere fact of us having a contract signed at that time, which it was, in the way that it was, doesn't signify in any manner, shape or form that we agree that it is all right, and it is not fair for you at this time to say to us that by a single stroke of the pen or a resolution that we could cancel the contract. That is well and true. But we were in no way responsible for the conditions that led up to the signing of that contract. Not a word was said to anybody until the power lines were brought to Newark, to the doors of the gas company's power house, and then it said: "Here is your power. Here is your power line built. Everything is ready. There is nothing more to do now but to sell to the power company," and it is dead certain that that was the case. Everything was worked out to a certain point and that was to a place where the gas company, and the gas company alone, could handle the power, and there wasn't a thing left hardly to do at that particular time, but we do maintain and we will always maintain that the provision should have been made for the power to be distributed to the people of San Francisco, and until that time, until that is done, the Hetch Hetchy project is never completed. There was absolutely no step taken, no recommendations made by the administration, or by the Board of Works to the Board of Supervisors to handle that power in a way that would best serve the people of San Francisco. To the contrary, they did everything in their power to block the City of San Francisco getting into the power business.

That is well known. City officials were appearing before clubs, different civic organizations, making speeches, doing everything that was within their power to keep San Francisco and to turn public opinion against public ownership. Now, this is a matter, Supervisor Colman, you persist about telling about this wonderful contract. I think myself that we were bunked, and I think that a lot more people in San Francisco agree with me, and as far as saying that at this time we could cancel the contract—sure, we art not crazy, nor are we going to bite our nose off to spite our face, nor are we going to cancel any contract to satisfy anybody else. The contract is there. Try to find a way out whereby we could distribute that power municipally to the people of San Francisco and let them get the benefit of it. Again, I want to protest to the statement you are continually making, that by a single resolution we could cancel that contract. We were led, and not by our doing, but those in charge, into the place where nothing else could be done, so we had to accept just what they wanted to give to us. There was no argument to it. We had to do it or let a certain amount of money go to waste, and it was just bringing the proposition as close to the bone as possible.

Supervisor Gallagher: I would like to rise to a question of information. Would the reporter read the remarks of Mr. Stanton there, when he said that the administration had made no recommendations on the subject of municipal ownership of Hetch Hetchy power?

(Whereupon, the reporter read the following: "There was aboslutely no step taken, no recommendations made by the administration, or by the Board of Works to the Board of Supervisors to handle that power in a way that would best serve the people of San Francisco. To the contrary, they did everything in their power to block the City of San Francisco getting into the power business. That is well known. City officials were appearing before clubs, different civic organizations, making speeches, doing everything that was within their power to keep San Francisco and to turn public opinion against public ownership.")

Supervisor Gallagher: May I ask to whom he refers when he says: "City officials were appearing before clubs, doing everything in their power to block municipal ownership"?

Supervisor Stanton: I would say the attorney for the Hetch Hetchy power, the chief engineer had been in several debates, several within our engineering department—I don't know anybody—

Supervisor Gallagher: Have I the floor, Mr. Chairman?

The Chair: Yes, you have the floor.

Supervisor Gallagher: I wish to join with Supervisor Colman in commending the Finance Committee in the reduction of this tax rate, and in keeping their pledges to the people of San Francisco. I think they have done a good job. I was not quite satisfied with the way it was done in some things, like the extension of Van Ness avenue and some raising of salaries of janitors and of poorly paid people in the City government. However, the Finance Committee indicated that in those cases they will deal with them a little later, as soon as this tax rate is adopted, and that they will give justice to the poorer paid employees who most assuredly deserve it, and I think that that thought is shared by the committee. With another, I thought, at least as one who seconded Supervisor Stanton's motion, that the report of the committee which will give to those people that are very well down on the list in the way of payment of wages, the City employees, adequate compensation in this day of the high cost of living. Now, the election is over and the Supervisor who has just spoken is one with a number of others that have had their feast. The barbecue is ended, and, due to the statements made just like the one that has just been made, a number of people were pretty well walloped last November, some deserving, some undeserving. When Supervisor Stanton makes the statement that the administration—I have no quarrel with him on the subject of the conduct of the Engineer, except that I reiterate this statement now, that I have reiterated before and expect to do so again, because my confidence has not been withdrawn, that in the present City Engineer, regardless of whether you agree with his views or not, we have a man the like of whose kind has seldom served a municipality. That he is honest is beyond question. The only trouble with some people in this political life of ours is that the City Engineer that we have now has intestinal courage, something many men never possess, is able to say what he thinks and take the gaff for the saying of it. Perhaps he talked too much, because

he provided a chance for a number of gentlemen to have themselves elected to public office with the help of the San Francisco Examiner and the San Francisco Call and the San Francisco Daily News, who did all but blow up the City Hall to convince the people of San Francisco that everything was about to be stolen and that the deliverance of the people rested in their columns every day of the week. When you make the statement that the administration did nothing to further the interests of municipal power that statement is not correct and should not go unanswered. I amp perhaps not the one to answer it. It would seem to me that some of the gentlemen that sat during the turbulent times of last year and the year before would be better qualified, but I distinctly remember as a citizen hearing resolutions for evaluation passed by the former Board. I distinctly remember a statement that "just as soon as it is legally possible to decide, a bond issue will be proposed to the people of San Francisco looking to their approval of engaging in the business of distributing municipal power. Now, I have here the Mayor's message to this Board under date of January 4, 1926, in which he says: "In numerous messages addressed to your Honorable Board in the past, I have mentioned the Hetch Hetchy project and have specifically called attention to the necessity of providing municipal distribution for our power. In my message of January 7, 1924, when I assumed office for the fourth consecutive time, I said, January 7, 1924, this power is of the utmost importance, for the income from its disposal after the bonds have been retired will be of great profit to the people. For this reason, as well as in accordance with the provisions of the Raker Act, under which the Hetch Hetchy development is proceeding, and in line with the policy of the Board of Supervisors, the power must be brought in to San Francisco at the earliest possible moment, and if necessary the charter should be so amended as to provide for its distribution by the municipality." And a statement made by a Supervisor, long after election it is true, but probably bringing back to life some of the sleeping dogs that were roused during the last campaign, a statement to the effect that the administration did nothing to provide for municipal power is not by the record correct.

Supervisor Stanton: Positively.

Supervisor Gallagher: You are in the position, then, as "There are none so blind as those that won't see." As we read that record you swing back in your chair and say "Positively." Then either your ears are clogged or your brain is befogged. Here is the record. I am not defending the administration. I am not defending the act by which the power was stopped at Newark. I do not believe I would have been a party to it were I on the Board, but just as, even in this football game of politics, even in this attempt to crawl over and over into places of power by grinding your heels in the faces of those who are down, there belongs somebody to speak by the record. Now, I say I have no defense to make of Mr. Searles, or the members of the Engineering Department, when they went before the people of San Francisco on the subject of this contract which was entered into, but I point out to you, and to those who were elected with you, in all spirit of kindness and friendship, that though you were elected on the basis of giving Hetch Hetchy back to the people and on the condemnation of this contract made with the Pacific Gas and Electric Company, there has rested in the hands of your Public Utilities Committee since last year a resolution abrogating that contract and you have not dared to bring it in and to say whether it should be abrogated or whether it should stand. So that, gentlemen, is the exact situation. I intend to vote for the tax rate and mind my own business and keep quiet, but I do not propose that any member of the Board in whatever kindly spirit he may be speaking, go beyond the record and accuse, if you will, the whole administration of negligence of public duty or of recognition of a thing so important as municipal ownership and distribution of power when the record does not bear him out, and I have merely risen to say these things on that subject. I don't think it is a fair statement. I believe there were some mistakes, some mistakes made of policy by some people around the City Hall on the subject of power distribution, but there are those who sit here now, who, except for the unfortunate condition or policy which they indulged in, some of them should rise up and bless them. Were it not for the fact that—and this is said kindly, in a kindly spirit—were it not for the fact that the former Board of Supervisors blindly and in a stumbling way tried to solve the problem of power distribution, my tall

and good-looking friend would not be sitting in the seat that he is in today, so he should get down on his knees this night.

Supervisor Stanton: That was their mistake.

Supervisor Gallagher: It was their mistake and your benefit and your gain, for if they had not made some of those errors you would be tending to your business down town. Probably I would, too. I repeat that I merely rise at this time to have Supervisor Stanton reminded of the fact that the record, when he speaks of the administration—I am particularly referring to his Honor the Mayor—on the subject, that I do not know of a time, and this ought to be fairly and frankly said, I do not know of a time when the question of municipal ownership was before the people that the Mayor of the City was not in favor of it. His message here of January 7, 1924, and of January 8, 1926, I think is evidence of that. I may desire to have something more to say on this subject in case the debate is extended enough, because this is early and we might have a full day on this subject, but for the present I acquaint my friend, Supervisor Stanton, with the record and I think the statement has been too broad in view of the facts that have been brought out.

Supervisor Harrelson: Mr. Chairman.

The Chair: Supervisor Harrelson.

Supervisor Harrelson: I wish to commend the members of the Finance Committee for their action in reducing the tax rate, and I wish to assure the members of that committee that they will have my unqualified support in all the constructive measures which they have voted. They have been successful in reducing the tax rate to quite an extent and at the same time have provided in the budget for all the necessary items of expense which should and have been taken care of. Now, so far as the applictaion of the Hetch Hetchy revenues go toward reducing this tax rate, I am not concerned whether the tax rate has been reduced five cents, seven cents, or twenty-seven cents, or any other amount, but of this fact I am well aware, that we have received a revenue of something over two million dollars due to the contract being enforced which we entered into last year with the Pacific Gas and Electric Company. Supervisor Stanton says that nothing was said to anybody about the question of the power until the power was at Newark. I wish to remind him that something was said to somebody previous to that time. Very pointed questions were directed towards me at the time of my campaign for office; that was practically two years, Brother Stanton, before the power arrived at Newark. Now, I am going to commend the City Engineer, and not criticize him, for ending the power line at Newark. I think that had we extended the line to San Francisco we would still have been at the mercy of the same company, the Pacific Gas and Electric Company, because that was the only company that could distribute the power as they have distributed it. I felt since I have visited Hetch Hetchy, or the Moccasin Creek Power House, and watched that 857 feet of water going down through the spillway or the tailrace into Moccasin Creek, that we who are on the Board today might in five or six years be criticized for not taking some action to dispose of that water when it arrives at Spring Valley Lake, which it is bound to do in the next few years. It occurs to me that unless some active measures are adopted by this Board we will be in the same position with our water as we have found ourselves with the power. I think that active thought should be given to that subject and some arrangement made whereby we will be able to take care of that water when it arrives, and not find ourselves in the same position that we are found in regards to the power. So far as our contract with the Pacific Gas and Electric Company is concerned, I don't agree with Mr. Stanton at all.

Supervisor Stanton: We never did agree on that.

Supervisor Harrelson: We never will. I have my opinion and I am entitled to it. I am proud that I voted for the power and I am proud that I voted for the contract and thereby have enabled the Finance Committee, no matter what they have used, they have reduced the tax rate. I am satisfied that I voted for the contract and I am satisfied that the remaining members don't see fit to cancel it, and I am not going to criticize them for that position.

Supervisor Powers: Mr. Chairman.

The Chair: Supervisor Powers.

Supervisor Powers: It seems to me that the members of the Board are commending the Finance Committee. I want to commend all the members of the Board that voted for this particular question of the tax rate in the budget, and I want

to say a few words upon the subject of the Hetch Hetchy project. I know they have been selling power from the Early Intake for five or six years and there was never an injunction put upon the funds that were received from the small power plant from Early Intake. I think the money went into the Hetch Hetchy operative fund and there was no big citizen of San Francisco placed any injunction upon the proceeds that came from that power house. When this Board of Supervisors, as Supervisor Gallagher has stated, was elected we were all elected on an issue. I know that I was elected on an issue, and I told the people of San Francisco, I made quite a few statements on the same issue of municipal distribution of our Hetch Hetchy power, when I went around to the different halls in San Francisco, because I sat on this Board of Supervisors on the 26th day of August, 1923, three years ago, two months and a half before the election of that year. The municipal distribution resolution came into this Board of Supervisors on that date, and just because it was previous to election there were eighteen "aye" votes in this Board of Supervisors for municipal distribution. What happened two weeks after the election? A resolution came into this Board of Supervisors postponing the action on municipal distribution of our Hetch Hetchy power for six months. What was the vote on that resolution? The vote was eleven to postpone it for six months, and there were just seven of us that stood up against that resolution of postponing that Hetch Hetchy municipal distribution for six months. That's the way the bill was handled here on the Board of Supervisors, and the only member of the Board that was sitting here at that time well knows that there was no good citizen came in and put protest against our water bond, and we also realize that the citizens of San Francisco voted $45,000,000 for Hetch Hetchy water. We turned around and we built the power plant and the power house and we built the transmission line as far as Newark. The same money could have been used to bring that power from Newark to San Francisco by the same resolution that built the rest of the transmission line and the power house. It is up to this Board of Supervisors right now. I am a member of the Public Utilities Committee, Supervisor Gallagher, and we have not been asleep on the job, as you have just stated.

Supervisor Gallagher: No, sir, I beg your pardon.

Supervisor Powers: We have been working and waiting and thinking that no person of San Francisco would put an injunction against the $1,700,000 so that we could go ahead and spend that money as the citizens of San Francisco wanted to do, because they would not have elected the clean-out ticket by as big a majority as they did if it weren't for the issue. That was the issue before the people of San Francisco, and what I am going to advocate right now is a charter amendment before the people of San Francisco at the earliest date, and I think if we meet before the 20th day of this month we can get a charter amendment before the people of San Francisco for the November election, to say that the Supervisors of San Francisco cannot spend the profit from the power of Moccasin Creek to improve the power line and bring it on its way into San Francisco.

Supervisor Schmidt: Mr. Chairman.

The Chair: Supervisor Schmidt.

Supervisor Schmidt: Mr. Colman has made the statement on three different occasions, and as one who made that pledge, I don't know if it was in the exact words outlined by Supervisor Colman, to give Hetch Hetchy back to the people, but I want to say that the skid chains were pretty well on it towards the Pacific Gas and Electric Company, as it appears to me, as I stood and watched the votes cast. I don't know who is to blame. If we have a good engineer—Mr. Mulholland, in Los Angeles, it didn't take him a great many years to get a distribution system in Los Angeles, probably not as long as it took San Francisco. As far as the necessary money that might be needed to carry the project to completion so that San Francisco may be able—we cannot, as newly elected members, do something that has been on its way for four years, but I will say that I hope that as soon as possible we will form a distribution system into San Francisco and that the people of San Francisco will be receiving the benefits of that project. A statement has been made regarding vast sums of money spent for the evaluation of the Pacific Gas and Electric Company's system. I understand Mr. ———— stated he would take it into the highest court of the land and fight it out many, many years. If that is going to be the situation we might as well shut our eyes to the evaluation and go ahead and bring it in,

and, if so, to erect a standby plant, or whatever is necessary so we might have an immediate distribution of Hetch Hetchy. The long delay on this Board, not finding some ways and means to bring that in, certainly lies within the hands of the Board of Supervisors that preceded me—I say that that was not properly handled and I am willing to stand upon the same question that I stood upon in my campaign, that as soon as possible I am for any legislation that will bring power into San Francisco and that is the only pledge I ever made.

Supervisor Bath: I thought we were on the tax rate. We are talking about campaigns and distribution of Hetch Hetchy.

Supervisor Hayden: * * *

Supervisor McSheehy: Mr. Chairman.

The Chair: Supervisor McSheehy.

Supervisor McSheehy: I feel I should say a word in reference to the tax rate. Members of the Board, as the chairman of your Finance Committee I want to thank you for your unanimous support in passing the budget. I feel that this tax rate will be passed here unaimously. I hope it will be passed unanimously, and I want to thank all city officials for their cooperation. The people of San Franacisco last November expressed very definitely a mandate that we be the officials of San Francisco, and we have respected that mandate and we have received the cooperation of all city officials throughout. Your committee did not have troubles that previous committees have had in making up a budget. Your committee has not had the troubles in making up this tax rate. According to conditions we were forced several times to ask for postponement on account of a suit. Now the suit has been heard. The courts have decided and we are respecting the mandates of the court and we are pleased today to offer to you the tax rate that we are offering, and we hope that it will be unanimously passed. I would like at this time, but I feel it is not germane, to answer certain questions that Supervisor Gallagher has more or less propounded to this committee on the evaluation and on the distributing part of a program that some members of this Board have outlined. Some day I feel that that question can be answered and I don't feel that it is within my province today to attempt to touch upon it, on account of having the serious matter of the tax rate. I don't think it is entirely germane, because the courts have expressed their decision on this matter and we have to respect that decision, but I feel that there is room for great argument, perhaps, to explain to Supervisor Gallagher our stand in reference to the distribution of the power from Hetch Hetchy, but, by the way, members of the Board, Supervisors Harrelson, Colman and myself made a thorough inspection of Hetch Hetchy during the Saturday and Sunday of last week and of this week, and I was elated with the construction work that I found at Hetch Hetchy. The construction work is progressing all that one could ask for. I made up my mind that I wanted to go into Hetch Hetchy because, as chairman of this committee, I have to sign about $150,000 worth of demands for construction work going on there every month, and I wanted to assure myself that the work was progressing satisfactorily, and I want to say it is progressing satisfactorily, very satisfactorily, and I was elated at the construction work going on at Hetch Hetchy. I say this in all fairness in the matter that is going on today. Everything up there had the outlook of being carefully gone into and carefully taken care of. I don't know whether we have learned by our experience in the past, but I think we have. We all learn from experience. Now, a contract is going to be called for the 15th of this month concerning certain tunnel work in Hetch Hetchy. That contract will be let in units. This Board will receive those contracts and what we will do with the bids I don't know at this particular time, but I can say to you in all fairness that the Engineer's office and the Board of Public Works are efficiently carrying on the work today, and I am proud to say it, I am pleased to say it. Now, members of the Board, I hope you will pass this tax rate as reported to you by your Finance Committee. I want to thank you for the confidence you have shown in the work of the committee in passing the budget. I hope you will continue that confidence and report the tax rate as prepared.

Supervisor Stanton: Mr. Chairman.

The Chair: Supervisor Stanton.

Supervisor Stanton: I would like to say a word in answering some of the statements of Supervisor Gallagher. Naturally, the Supervisor gets up and defends the administration. I would think there was something wrong with him, possibly, if he did not, and he did it to the best of his ability, as wrong

as he was. It is hard to put up a good argument when the case is weak. I would never have brought the matter up today, I wouldn't have said a word about it, but Supervisor Colman continually touches upon that contract in a way that he is throwing a defi to the members that were elected last time, telling them what they could do and what they couldn't do. We all know how the thing was entered into. Several years ago, Mr. Chairman and members of this Board, in the organization that I come from, the Brotherhood of Electrical Workers, we discussed the Hetch Hetchy problem. We saw a statement in the paper where in a year's time the Hetch Hetchy power would be brought to San Francisco, and as electrical workers we were kind of interested and wondered why it was that we never heard anything about a distributing system. We knew perfectly well that such should be the case. We knew that every power company, when they went into the mountains and started developing their power, they have a market for their current, and, being possibly a little inquisitive, we had a resolution drawn up and sent to the Labor Council, asking their endorsement, and they in turn brought it to the Board of Supervisors. Well do I remember the night that we brought the resolution to the Board of Supervisors, about three years ago. After discussing it and telling what we thought of the power, a certain delegate got up and said, "Well, this thing will be taken into the Board of Supervisors, and it will be juggled from committee to committee, and after election it will be forgotten." That was the election two years ago, two years and a half ago. I hardly thought it was possible; I didn't think it was possible; it was about possibly three years ago that we first came into the Board, and we asked that some steps be taken for the distribution of the power, and the thing was juggled, and it was passed around, and there were many hearings held, and we didn't get very far for some time until we got the three papers interested. The Supervisor read a statement from the Mayor, and he severely condemned me for criticizing the administration——

Supervisor Gallagher: I didn't condemn you. I said you were mistaken.

Supervisor Stanton: That's a nice way of putting it, but I stand for the same distribution. I want to say this to you, Supervisor Gallagher, that no corporation developing power develops the water or the hydroelectric power and the generating station and brings the power to a city and doesn't know what to do with it. That has never happened, and the engineering office, or anybody in charge of it, that would do such a trick wouldn't be with that corporation very long. You know that, and I think everybody else knows it. It is common sense. We feel, and we felt at that time, as late as we felt we were three years ago, and at that time we felt that some steps should be taken, either for condemnation or to tell the people of San Francisco, "You haven't money enough to complete your system. Get busy and give us the money before the time is too late." That's what we were in here for. That's what we came from the Labor Council to caution the Board of Supervisors that that was going to happen, three years ago, and we didn't get any action. Supervisor Powers well says, and I remember the date that the pictures came out in the Examiner, of all the different members, that they were unalterably opposed to the selling of the power to the Pacific Gas and Electric Company, and I want to say that I perfectly well knew at that time that there wasn't anything else for them to do, the way they were permitting the thing to drag. It is not a matter of my trying to get on anybody's back or getting anybody to make any grandstand play at this time. I was responsible for the first resolution that came in here. I have followed Hetch Hetchy very closely, and I am sincere when I say I want the power distributed to the people of San Francisco. We came in here and tried to show a way to do it, that we should have a bond issue, that we should try to bring the power to the gates of San Francisco, and I submit to you it was not up to me or somebody on the outside, but that it was up to the Engineering Department or those held directly responsible, to make the people of San Francisco familiar with the fact that the money was going to run out at a certain time and that they would not be able to build them a distributing system. Now, everybody in San Francisco, I believe, felt that a distributing system would not be complete until the power was delivered to their doors, and they expected the plant to be built and the power delivered to their homes, and they were badly surprised when they said, "Here is the power. We can sell it to the Gas Company for a certain amount, and if we cannot do that we will have to permit the

water to run down the stream unused." At that particular time all concerned were in a jam. There was nothing for them to do, because they had let the thing go by bad management to a place where they had to make the best of a bad bargain, and, as I wanted to say again in conclusion, I would not have taken the floor had Supervisor Colman not just continued rubbing the thing up against the grain. It is not altogether fine for us to sit here and have him throw out a challenge. I say it was for the Board of Supervisors or the administration long before the power was brought to the doors of the Gas Company's station, for them to get busy and make the facts known to the people of San Francisco so that the money could be furnished.

Supervisor Colman: Mr. Chairman.

The Chair: Supervisor Colman.

Supervisor Colman: I just wanted to answer very briefly. I want to say that when the people of San Francisco embarked in the Municipal Railroad they voted bonds to do so. Subsequent to that they decided to acquire Hetch Hetchy and embark in the water business and furnish an adequate water supply for San Francisco, and they voted bonds. They were called upon to vote additional bonds for that same project. Now, if the people of San Francisco desire to embark in the business of the retail distribution of power, I say give them the opportunity to vote the bonds. That will settle the question once and for all, and in order to bring that about I was going to answer along the lines suggested by Supervisor Gallagher, that we did vote for evaluation proceedings. We did vote and we have spent, I think, now over $300,000. We spent this money just for one purpose, so that the people will know the value of these bonds plus the value of whatever severance charges may be put by the Railroad Commission, so that the people will know the extent of the project upon which they are embarked. That, I believe, was advocated by you, if I remember correctly, and that was done by the members of this Board.

Supervisor Stanton: I never talked for evaluation.

Supervisor Colman: I believe the Labor Council favored it. I know the three papers you have mentioned have favored it, and it was a constructive thing. The argument was well brought out at that time, how can we go into this thing without knowing what it is going to cost us. You don't know the value of the bonds; you don't know what will be determined as the severance charge, and the reason I am opposed to the building of the transmission line is that I don't believe that it is wise. I believe you are doing something ahead of time, before you are giving the people an opportunity of stating by their votes whether they desire to go into it or not. If you held a bond election and placed before the people the question of power, "Yes" is "Yes," and that's the end of it, and "No" is "No." And those are the only points where we seem to be apart. Regarding any pre-election pledges made by me prior to my last election, I am in favor of municipal ownership, and when the question was squarely put to me, "Supposing there will be power available at Newark before we will be in position to handle it, do you or do you not favor wasting it?" and I refused to follow the policy of letting that power go to waste. Now, there is the whole situation in a nutshell. Let the people decide this. I did object regarding this decision by a vote recently against $800,000 or $500,000 for a transmission line, because I tell you that if the people should vote "No" it would be money wasted, and it would be alrady spending some of the people's money before they had the opportunity of stating whether they wanted to embark in that proposition or not. I don't think that is fair. I say let them decide, like they decided the Municipal Railway, and let them decide the power. Now, I am for the retail distribution of power after we have finished and safeguarded beyond any question our water system, but I am here to tell you that I favor first and foremost the successful completion and bringing here of the water, because that is a vital necessity to this city, and I believe in four or five years, maybe six or seven, which is nothing in the life of a city, that our supply and our demands will be coming pretty close together on the water question and therefore it will be necessary, vitally necessary, to finish the Hetch Hetchy project and to bring the water, provide a distribution system for the water here in San Francisco. Now, I think, too, there is a great question as to our bonded limit, and I think steps along with the constructive suggestion of Supervisor Harrelson, that adequate steps should be taken now toward acquiring a water system, or we might find ourselves in the same position. Also a test case should be made to determine our bonding

limits, which is a matter of great importance and which possibly cannot be answered now, whether certain operative profits are included or whether they are not.

Thereupon, Bill No. 7739, Ordinance No. —— (New Series), was *passed to print* by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Welch—16.

Absent—Supervisors Shannon, Todd—2.

School Construction, Excelsior District.

Supervisor McSheehy asked for a report of the Special Committee on Costs of School Building Construction, of which Supervisor Marks is chairman. He said the Board of Supervisors is being charged with holding up the school construction work on the proposed new school for the Excelsior District.

Supervisor Marks: Mr. Chairman.

The Chair (Supervisor Welch): Supervisor Marks.

Supervisor Marks: I desire to make a very brief statement, and I ask permission to have it printed in the Journal. Regardless of the fact that the special committee is conducting an investigation which has not as yet been terminated, I am prepared at such time as the appropriate committee brings in a recommendation for adequate appropriation for the building of this school which has been referred to, to vote for all the details and items of such recommendation, inclusive of architectural services.

Supervisor Powers, chairman of the Buildings Committee, declared that he would have the Clerk prepare a report showing how far the Board of Education has proceeded with its plans.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Constitutional Amendment No. 4, Gas Tax, Approved.

Supervisor Welch presented:

Resolution No. 26140 (New Series), as follows:

Whereas, it is important that the state system of highways be speedily brought to completion and that money be provided for that purpose; therefore,

Resolved, That this Board earnestly recommends and urges voters to approve of Constitutional Amendment No. 4 on the ballot of the November election, which amendment provides for the imposition and collection of a tax of one (1c) cent a gallon on motor fuel, the proceeds of which tax is to be expended exclusively for the construction of state highways; and

Whereas, Constitutional Amendment No. 8 on the ballot provides an appropriation from the general fund of the State for highway construction, which appropriation will be wholly unnecessary in the event of the approval of Amendment No. 4, and in any event may involve the levying of an ad valorem tax on all property, which will be burdensome and inequitable, and moreover, said amendment contains other objectionable features by creating political divisions of the State for the purposes of constructing highways and thereby destroy the unity of the system; therefore,

Resolved, That this Board is unalterably opposed to Constitutional Amendment No. 8 and urges all voters to register their disapproval thereof, and vote yes on Amendment No. 4.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Welch—16.

Absent—Supervisors Shannon, Todd—2.

Regulation of Auto Ferry Traffic.

Supervisor McSheehy presented:

Resolution No. 26141 (New Series), as follows:

Whereas, it has become noticeable that the traffic to Marin County has increased to such a volume, particularly on holidays, that the ferry is congested with automobiles and passengers to an extent that has reached a danger point and threatens public safety; therefore,

Resolved, That the attention of

governmental authorities is hereby called to the existing conditions and they are earnestly urged to impose such regulations as are essential to the protection of the lives of those who are forced to travel on such ferries.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Welch—16.

Absent—Supervisors Shannon, Todd—2.

Approval of Map, Alemany Tract.

Supervisor Welch presented:

Resolution No. 26142 (New Series), as follows:

Whereas, the Board of Public Works did, by Resolution No. 93415 (Second Series), approve a map of the Alemany Tract showing dedication of land thereon designated as Kempton avenue, Stanley street and Worcester avenue as public streets; therefore,

Resolved, That said map of Alemany Tract be and is hereby approved; also, that the land designated thereon as Kempton avenue and portions of Stanley street and Worcester avenue not heretofore dedicated be and are hereby declared to be open streets and highways dedicated to public use; that the deed to the land designated as such streets be accepted.

Adopted by the following vote:

Ayes — Supervisors Badaraco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Welch—16.

Absent—Supervisors Shannon, Todd—2.

Dismissal of Condemnation Proceedings.

Absent—Supervisors Shannon, Todd—2.

Instruction of Election Officers.

Supervisor Kent presented:

Resolution No. ——— (New Series), as follows:

Whereas, voting machines were used in all the precincts of the City for the first time at the primary election held last Tuesday; and

Whereas, considerable complaint has been made of confusion, delays and errors resulting no doubt from unfamiliarity of the voters, as well as the election officers, with the operation of the machine; and

Whereas, it is possible that a large number of the voters, due to their experience at the primary last Tuesday may be discouraged from voting at the general election, and

Whereas, it is important that a full vote should be recorded; therefore, be it

Resolved, That the Board of Election Commissioners be requested to take whatever steps may be necessary to instruct the election officers in the various precincts as to the mechanism of the machines and to furnish general information to the voting-public concerning the same to the end that the vote at the general election may be recorded with less confusion, greater accuracy and more speed.

Opinion of City Attorney Upon the Final Passage of the Tax Rate.

The following was presented and read by the Clerk:

"City Attorney, San Francisco,
Sept. 7, 1926.

Hon. James B. McSheehy, Supervisors' Chambers, City Hall, San Francisco, Cal.

Dear Mr. McSheehy:

The Supreme Court has not as yet passed upon the petition for rehearing filed by the City in the case of Uhl vs. The Board of Supervisors. I understand that the Board of Supervisors has before it today the matter of fixing the annual tax rate as recommended by the Finance Committee. If the passage to print on whatever action the Board may take regarding this matter could be deferred to a subsequent meeting I believe that it would be to the advantage of the City, for the reason that if action should be taken on the matter today, the Supreme Court might receive the idea that the Board was satisfied with its opinion as already rendered, and look upon the questions arising in the case as merely moot questions.

As it will not be possible to take final action on the tax rate by next Monday, I would suggest that either an adjourned meeting be held later in the week for the purpose of giving consideration to the tax rate, or, if time will permit, postpone the matter until next Monday.

Very truly yours,
(Sgd) JNO. J. O'TOOLE,
City Attorney."

Ordered *filed.*

Report of the Finance Committee on the Tax Rate for the Ensuing Fiscal Year.

The following was presented, read by the Clerk and ordered *spread in the Journal*:

"San Francisco,
September 7, 1926.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Finance Committee recommends a tax rate for the City and County of San Francisco for the fiscal year 1926-1927 to be fixed at $3.66. This report is supplementary to the report of the Committee of August 23, 1926.

Subsequent to the filing of that report a decision was rendered by the Supreme Court which directed that the surplus revenues in the Hetch Hetchy Power Fund be applied to the interest and redemption of Water Bonds of 1910.

Upon advice of the City Attorney the Committee revises the original report and applies $1,743,000, being the surplus as of July 1, 1926, to the Interest and Redemption Fund.

Your Committee desires to call you attention to the fact that last year's tax rate of $4.13 was based upon the application of $1,400,000 of Hetch Hetchy Power revenues to the financing of the Budget for the fiscal year 1925-1926. The City Attorney subsequently held that this sum could not be legally used, and a resultant deficit ensued. We wish to emphasize the fact, however, that this year's reduction of the tax rate involves the use of only $343,000 more from the power revenues than was written into last year's tax rate, and this additional sum represents only five cents of the total reduction.

Respectfully submitted,
(Sgd) JAS. B. McSHEEHY,
FRANCK R. HAVENNER,
MILO F. KENT,
Finance Committee."

Mayor's Veto, Southern Pacific Ferry.

Consideration of Mayor's veto of Resolution No. 26059, requesting the City Attorney, in the name of the City and County of San Francisco, to call upon the Attorney-General of this State, that he, in behalf of the State, immediately commence quo warranto proceedings against the Southern Pacific Company for the purpose of restraining the es-

tablishment and operation of a ferry across the Bay of San Francisco between the City of Alameda and the City and County of San Francisco until said franchise and certificate of public convenience and necessity have been obtained in accordance with law; and further requesting the City Attorney to file, in the name of the City, with the State Railroad Commission a written request that said commission accept and file no rate or time schedules from Southern Pacific Company covering the operation of said ferry until the legal right of Southern Pacific Company to establish and operate said ferry be determined.

Veto Sustained.

The question being put, "Shall the resolution pass, notwithstanding the objections of His Honor the Mayor?" the roll was called and the veto *sustained* by the following vote:

Ayes — Supervisors Badaracco, Bath, Deasy, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—13.

Noes—Supervisors Colman, Gallagher, Hayden—3.

Absent — Supervisors Harrelson, Welch—2.

Veto Sustained.

Thereupon, Supervisor Shannon changed his vote from "aye" to "no" and gave notice of reconsideration.

The Clerk was directed to get the City Attorney's opinion as to whether the thirty-day limit as provided in Charter had expired.

Mayor's Veto.

Consideration of Mayor's veto, dated September 2d, of Resolution No. 26100, requesting the City Attorney to intervene in action against the Southern Pacific Company in behalf of the Golden Gate Ferry Company and A. O. Stewart, in action to restrain said Southern Pacific Company from establishing vehicular ferry between San Francisco and Alameda.

Action Deferred.

Supervisor Shannon moved that the foregoing matter be laid over one week and made a special order for 3 p. m.

Motion *carried*.

Amending Traffic Ordinance.

Bill No. 7736, Ordinance No. 7249 (New Series), as follows:

Amending Section 18-A of Ordinance No. 1857 (New Series), regulating moving traffic of the public streets relating to arterial streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 18-A of Ordinance No. 1857 (New Series), is hereby amended so as to read as follows:

Section 18-A. (a) An arterial street is hereby defined to be a main street connecting a central business district of the City with its environs, over which there is a large volume of moving traffic and which, by reason of its location, invites an unusual number of vehicles to use its facilities.

(b) Fell street between Market and Baker streets and Fulton street between Van Ness avenue and Stanyan street, Bush and Pine streets between Divisadero street and Presidio avenue, Geary street between Presidio and Forty-third avenues, Mission street between The Embarcadero and the county line, Valencia street between Market and Mission streets, Nineteenth avenue from Lincoln way to Sloat boulevard, Twenty-fourth avenue from Geary street to Fulton street, Twenty-fourth street from Dolores street to Hoffman avenue and Post street between Mason street and Presidio

avenue are hereby declared to be arterial streets as defined in Paragraph (a).

(c) Fell street between Baker street and Stanyan street, Bay street between Van Ness avenue and Laguna street and Francisco street between Van Ness avenue and Laguna street are hereby declared to be open public boulevards.

(d) No heavy traffic shall be allowed to pass upon and along Fell street between Baker street and Stanyan street and the words "heavy traffic" herein used shall be held to include all trucks and all wagons and other vehicles employed in carrying goods, merchandise, hay, coal, lumber, building material, sand, manure, oil or other articles of commerce, but shall not be held to include vehicles carrying goods for retail delivery to persons residing upon said boulevard. All vehicles shall be permitted to travel upon said boulevard for a distance of less than one block when carrying goods to be delivered at a point within the block so traveled.

(e) No permit shall be issued for the moving of any houses upon and along Fell street between Baker street and Stanyan street except as may be necessary to cross same at intersections.

(f) It shall be unlawful for any driver or operator of any vehicle or motorman of any street car to cross an arterial steret or a street declared to be an open public boulevard from an intersecting street unless such vehicle or street car shall have been brought to a full stop before entering the intersection of such arterial street or open public boulevard unless otherwise directed by a police officer or by any signal device showing or indicating "Stop or Go" or any other device or sign that shall be authorized installed and put in use and operation by the Police Department of said City and County.

Accepting Offer, Robert L. Rauer, Twenty-third Avenue.

Supervisor Powers presented:

Resolution No. 26162 (New Series), as follows:

Whereas, an offer has been received from Robert L. Rauer to convey to the City and County of San Francisco certain land situate on the easterly line of Twenty-third avenue, distant thereon 236 feet 10 inches, more or less, northerly from Rivera street, required for school purposes; and

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owner to convey to the City and County of San Francisco a good and fee simple title to the following described land, free of all encumbrances, for the sum of $2,200, be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point situate on the easterly line of Twenty-third avenue, distant thereon 236 feet 10 inches northerly from the northerly line of Rivera street; running thence easterly 120 feet; thence at a right angle northerly 50 feet; thence at a right angle westerly 120 feet to the easterly line of Twenty-third avenue; thence southerly along said easterly line of Twenty-third avenue 50 feet to the point of commencement; being a portion of O. L. Block No. 1048, also known as Block 2195 on Assessor's Map Book.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase

price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Accepting Offer, Henry Hiniker et al., Land Required for Hetch Hetchy Water Supply.

Supervisor Shannon presented:

Resolution No. 26163 (New Series), as follows:

Whereas, the City Engineer has recommended the purchase by the City and County of San Francisco from the following named owners of the following described land situated in the County of Tuolumne, State of California, required in connection with the operation of the Moccasin Power Plant, for the sum set forth opposite their names, viz.:

Henry Hiniker and Annie Hiniker, $442—A portion of Lot 2 and the west ½ of Lot 1 in Section 35, Township 1 South, Range 15 East, M. D. B. and M., containing 25.6 acres, more or less. (As per written offer on file.)

Now, therefore, be it

Resolved, That, in accordance with the recommendation of the City Engineer, the above-described offer of the above-named property owners to sell to the City and County of San Francisco the above-mentioned land for the sum set forth opposite their names, be and the same is hereby accepted. Be it

Further Resolved, That the City Engineer is hereby authorized and directed to notify said parties of the acceptance of their said offer, and the City Attorney is authorized and directed to examine the title to said land, and, if the same is found in satisfactory condition, to accept, in behalf of the City and County of San Francisco, a deed conveying title thereto, and to file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the above-mentioned purchase price.

Investigation of Overcrowded Northwestern Pacific Railroad Ferry Service.

Supervisor Kent presented:

Resolution No. —— (New Series), as follows:

Whereas, the Northwestern Pacific Railroad Company maintains and operates a ferry system from the City of Sausalito, in the County of Marin, to the City and County of San Francisco for the purpose of transporting passengers between said points in connection with its railroad system of passenger transportation; and

Whereas, in addition to said passenger transportation said Northwestern Pacific Railroad Company has been transporting automobiles between the said City and County of San Francisco and the said City of Sausalito on the ferryboats carrying passengers; and

Whereas, the said Northwestern Pacific Railroad Company has been allowing said ferryboats to become overcrowded with passengers and automobiles to such an extent that there has been and now is great danger to all using said ferryboats; and

Whereas, the said ferryboats now being used by said Northwestern Pacific Railroad Company were built many years ago, long before automobiles were in common use, and suitable provision was not and has not been made to care for such automobile service and recently on two separate occasions certain parts of the machinery and equipment by which said ferryboats are operated became disabled and broke down, thereby causing a great deal of confusion and excitement to the passengers on board on each occasion; and

Whereas, a number of the citizens of the City and County of San Francisco during the summertime maintain homes in the County of Marin and therefore are accustomed during that time to use daily the transportation facilities of said railroad company; and

Whereas, other large numbers of citizens of the City and County of San Francisco, attracted by the natural beauty of Marin County, constantly and especially during the week-ends use the ferry and railroad transportation facilities of said Northwestern Pacific Railroad Company in order to get to various points in said Marin County; and

Whereas, the said Northwestern Pacific Railroad Company and its officials in order to carry the large gatherings of people using their transportation facilities overcrowds and overloads its said ferryboats

with passengers and automobiles; and

Whereas, the matters above referred to concerning the operation of its said ferryboats and railroad passenger transportation facilities have become matters of great public interest to the residents, taxpayers, citizens and property owners of the City and County of San Francisco; and

Whereas, it seems that the situation is such as to warrant the Board of Supervisors of the City and County of San Francisco, State of California, for the better security of life and safety of its citizens, to institute proceedings before the proper officials or commissioners looking toward remedying the causes of complaint against said railroad company and insuring the welfare of the citizens using said railroad and ferry transportation facilities; now, therefore, it is

Resolved by the Board of Supervisors of the City and County of San Francisco, State of California, that the City Attorney of the said City and County of San Francisco be, and he is hereby authorized, empowered and instructed to make such an investigation into the methods and manner of the said Northwestern Pacific Railroad Company's conduct of its passenger transportation system in so far as it affects residents of the City and County of San Francisco, and to report the result of his investigations to this Board, together with his suggestions and conclusions as to any matters in regard to which he finds that said railroad company is not giving to the public the service to which they are entitled and also as to any steps that may be properly taken by the Board so as to remedy any delinquencies tending to affect the safety and welfare of the persons using said transportation facilities.

Mayor to Appoint Committee on Noise Elimination.

Supervisor Gallagher presented: Resolution No. —— (New Series), as follows:

Whereas, the City of Chicago has appointed a commission which has for its purpose the recommending of measures for the elimination of noise; and

Whereas, this constructive move in the interests of health is of interest and concern to all the cities and towns of this country; be it therefore

Resolved, That in order that we may profit by the findings of said commission and keep in close touch with its work, the Mayor is requested to appoint a committee of five persons who shall have authority to keep in close touch with this movement in Chicago, to make a study of local conditions and to recommend any measures calculated to eliminate unnecessary or avoidable noises in and around San Francisco.

Referred to Public Welfare Committee.

Police and Traffic Committees to Consider Statutory Fines for Traffic Violations.

Supervisor Gallagher presented: Resolution No. —— (New Series), as follows:

Resolved, That the Police and Traffic Committees are requested to meet jointly and to consider and recommend to this Board of Supervisors, ordinances or amendments bringing into legal effect the so-called statutory fine for traffic violations, i. e., a set fine for all persons pleading or being found guilty of infractions as to parking, etc.; also the said joint committees are further requested to recommend (if they find it advisable) the complete elimination of all parking in the downtown congested area, or a maximum parking allowance of ten minutes, excepting vehicles engaged in the receipt or delivery of freight and merchandise.

Referred to Police and Traffic Committees jointly.

On motion of Supervisor Bath, chairman of the Judiciary Committee, the Board voted to meet at 10 o'clock on Monday morning, September 20th, in order to consider charter amendments to be recommended to the voters at the coming election.

Proposed Charter Amendments.

Supervisor McSheehy presented a charter amendment, to add a new chapter (V) to Article II of the City Charter, as follows:

V.

Bureau of Architecture.

Section 1. A bureau of architecture is hereby created. The Chief Architect to be appointed and salary fixed by the Board of Supervisors. He shall be an architect of at least five years' experience, licensed as such under the laws of the State of California, and at the time of his appointment shall be a resident of the City and County. The Board of Supervisors shall provide for the appointment of all necessary assistants and employees, subject to the provisions of Article XIII of the Charter.

Section 2. It shall be the duty of the Bureau of Architecture to prepare plans for and supervise the construction of all municipal buildings and said bureau shall succeed to the powers now vested in the Board of Public Works respecting the plans for and the construction of such buildings.

Section 3. No compensation for any service rendered by said bureau or any employee thereof shall be based on the cost of any building.

It was *referred to the Judiciary Committee.*

Proposed Amendment to Section 11 of Article XIV-A of the Charter of the City and County of San Francisco.

The following Charter amendment was presented by Supervisor Gallagher and *referred to the Judiciary Committee*:

Playground Commission.

Amend Section 2, which provides that the commissioners shall be seven in number, five of whom shall be appointed by the Mayor and two of whom shall be ex-officio and which two shall be, one, the President of the Board of Education and two, either the President of the Park Commissioners or the Superintendent of Golden Gate Park, as follows:

Amend the last half of line 12 and all of line 13 of said Section 2 of Article XIV-A to read:

"The five members of said commission appointed by the Mayor shall receive a salary of one hundred and fifty dollars per month."

Two Per Cent Tax for Urgent Necessities.

Supervisor Roncovieri introduced a Charter amendment to provide a two per cent tax to be used for urgent necessities and other purposes.

It was *referred to the Judiciary Committee.*

Civil Service, School Teachers.

Supervisor Roncovieri presented another Charter Amendment which would place elementary day and evening school teachers under the Civil Service.

It would also provide for a special tax to be levied by the Board of Supervisors, to be used as follows:

(a) For acquiring, purchasing and paying for building sites and land for school purposes;

(b) For the annual accumulation of a fund for purchasing and paying for building sites and lands, and for building, constructing, erecting and furnishing and equipping buildings;

(d) For completing improvements in school buildings contemplated at the time of their erection;

(e) For financing and improving grounds used for school purposes;

(f) For the repair, improvement, remodeling, reconstruction or alteration of any school building or building already erected.

Any unexpended balance remain-

ing in the "school buildings and grounds fund" at the end of any fiscal year shall be carried forward to the credit of the same fund.

The proposed amendment was *referred to the Judiciary Committee.*

RECESS.

Whereupon, the Board at the hour of 6:30 p. m. took a recess until tomorrow, September 14, 1926, at 10 o'clock a. m.

J. S. DUNNIGAN,
Clerk.

Approved by Board of Supervisors Monday, November 29, 1926.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, SEPTEMBER 20, 1926, 11:30 A. M.

In Board of Supervisors, San Francisco, September 20, 1926, 11:30 a. m.

The Board of Supervisors met pursuant to adjournment for the purpose of taking up and considering proposals to amend the Charter as recommended by the Judiciary Committee.

CALLING THE ROLL.

The roll was called and the following Supervisors noted present:

Supervisors Bath, Gallagher, Colman, Deasy, Marks, McSheehy, Schmidt, Powers, Roncovieri, Todd, Havenner, Hayden, Welch—13.

Absent — Supervisors Badaracco, Harrelson, Kent, Marks, Shannon—5.

Chairman.

Supervisor Marks moved that Supervisor Bath take the Chair.

Motion *carried.*

Report of Judiciary Committee on Proposed Charter Amendments.

The following was presented and read by the Clerk:

San Francisco, Sept. 18, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Judiciary Committee has had before it consideration of various charter amendments and has held extensive hearings thereon. We recommend for adoption amendments set forth in full upon a printed sheet marked "Recommended for Adoption"; and recommend that the Board do not adopt those amendments transmitted to you on a printed sheet and marked "Not Recommended".

Your Committee adopted a resolution of policy as follows:

"Be it Resolved, That the Judiciary Committee adopt as its policy the recommendation to the Board of Supervisors of only such charter amendments as are vitally and urgently required for the successful operation of the government of San Francisco, which are properly matters which should be included in the charter considered as the organic law, and which are not susceptible of treatment by ordinance."

In furtherance of the foregoing it has been the endeavor of this Committee to limit the amendments in number, and also to recommend only those which we consider vital to the machinery of government, and have rejected some amendments which, while meritorious, could be covered by ordinance of the Board of Supervisors.

Several of the proposed amendments possess points of merit, but are of such fundamental character that we believe that further study and deliberation should be given to them over an extensive period of time prior to their submission to the people for action.

Respectfully submitted,
JUDICIARY COMMITTEE,
By (Sgd) EDWIN G. BATH,
Chairman.
(Sgd) MILTON MARKS.

Air Port.

City may purchase, hold or lease property within or without the City and County for air port, terminal or landing place for air craft.

Charter Amendment No. 30.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Article I of the Charter of said City and County by adding thereto a new section to be numbered Section 7, relating to the acquisition of land within or without the City for the purpose of an air port.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2nd day of November, 1926, a proposal to amend said Charter as follows:

That a new section be added to Article I to be numbered Section 7 to read as follows:

Section 7. The City and County of San Francisco may purchase, hold or lease property within or outside of the boundaries of the City and County suitable and convenient for

an air port, terminal or landing place for air craft, provide for the equipment and maintenance of the same and may cooperate with other governmental agencies in the acquisition, management or control thereof.

On motion of Supervisor Gallagher, seconded by Supervisor Powers, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—14.

Absent — Supervisors Badaracco, Harrelson, Kent, Shannon—4.

Works of Art in Golden Gate Park. Withdrawn.

The following proposed amendment heretofore recommended by the Judiciary Committee was withdrawn upon the declaration that a place in Golden Gate Park would be found for the statute of Father McKinnon:

That a new section, to be known as "Section 10½," be added to Article 14, to read as follows:

Section 10½. In the event the Park Commissioners shall fail to approve, within ninety days, any request of the Board of Supervisors to place any work of art, as defined in Section 10 of this article, upon any street, avenue, square, park, municipal building or other public place belonging to the City and County, the question of the placing of such work of art may be submitted to the people by the initiative method under the provisions of this Charter, and if adopted by the qualified voters of the City and County of San Francisco, such work or works of art shall be placed accordingly and the Park Commissioners shall thereupon place the same, as provided by the vote of the people.

Palace of Fine Arts Site.

Authorizing the Board of Supervisors to acquire from the United States a portion of the Presidio Reservation occupied by the Palace of Fine Arts, in consideration of the right to construct and maintain a spur track over certain public streets.

Charter Amendment No. 33.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article I, to be numbered Section 8 thereof, relative to the acceptance of land occupied by the Palace of Fine Arts.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2nd day of November, 1926, a proposal to amend said Charter as follows:

That a new section be added to Article I of the Charter, to be numbered Section 8 and to read as follows:

Section 8. The City and County of San Francisco may accept and receive from the Secretary of War, pursuant to the provisions of an act of Congress of March 4, 1925, a deed to the following described property, to-wit:

Commencing at a point on the westerly line of Lyon street, distant thereon five and seventeen one-hundredths feet southerly from the northerly line of Bay street if extended and produced westerly, and running thence northerly along the westerly line of Lyon street one thousand one hundred and ninety-six and eighty one-hundredths feet; thence southwesterly on a curve to the left of six hundred and twelve feet radius, central angle one hundred and fifty-five degrees forty-seven minutes and fifty seconds, tangent to a line deflected one hundred and two degrees six minutes and five seconds to the left from the preceding course a distance of one thousand six hundred and sixty-four and thirteen one-hundredths feet to the westerly line of Lyon street and the point of commencement; containing nine and ninety-three one-hundredths acres, more or less.

In consideration of the granting to the City and County of San Francisco of the above described property, the Board of Supervisors of said City and County is hereby given permission and the right and said Board is hereby directed by proper ordinance to grant to the United States the right to construct, maintain and operate in perpetuity a spur track over and along the following described streets and property in the City and County of San Francisco, State of California:

Along Beach street from the east line of Laguna street to the west line of Webster street; along Webster street from the south line of Beach street to the north line of Tonquin street; along Tonquin street from the east line of Webster street to the west line of Lyon street, and to include the privilege of a swith into the Army Supply Depot, Fort Mason, from a point on Beach street approximately 70 feet west of the west line of Laguna street, as shown on blue print filed December 2, 1915.

On motion of Supervisor Bath, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—14.

Absent — Supervisors Badaracco, Harrelson, Kent, Shannon—4.

Semi-Monthly Payment of Salaries.

Salaries of all officers and employees, including policemen, firemen and teachers in the public schools and others employed at fixed wages shall be payable semi-monthly.

Charter Amendment No. 31.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Chapter IV of Article III of the Charter of said City and County, relative to the payment of claims.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2nd day of November, 1926, a proposal to amend said Charter as follows:

That Chapter IV of Article III be amended so as to read as follows:

Chapter IV—Payment of Claims.

Section 1. The salaries and compensation of all officers, including policemen, firemen and employees of all classes, and all teachers in the public schools and others employed at fixed wages, shall be payable semi-monthly. Any demand upon the treasury accruing under this Charter shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which must be passed and approved by the Supervisors or Board of Education, or by any other board, then within one month after the first regular meeting of the proper board held next after the demand accrued, or, unless the Supervisors shall, within six months after the demand accrued as aforesaid, on a careful examination of the facts, resolve that the same is in all respects just and legal and the presentation of it, as above required, was not in the power either of the original party interested or his agent or the present holder, in which case they may by ordinance revive such claim, but it shall be barred in the same manner unless presented for payment within twenty days thereafter. No valid demand arising subsequent to the claim which may be revived as aforesaid shall be rendered invalid by reason of such revival exhausting the fund out of which subsequent claims might otherwise be paid. Such revived claim shall take rank as of the day of its revival.

On motion of Supervisor Gallagher, seconded by Supervisor Schmidt, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—14.

Absent — Supervisors Badaracco, Harrelson, Kent, Shannon—4.

Urgent Necessities, Two Per Cent of Budget.

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved the approval and submission of the following proposed Charter amendment:

Amending Section 8 of Chapter I of Article III, as follows:

Section 8. The Board of Supervisors may make an appropriation in the budget of a sum not to exceed two per cent of the total appropriations made or provided for the general fund, to be used for urgent necessities to make up deficiencies in other appropriations made from or for such general fund. Sub-appropriations, expenditures or transfers to meet deficiencies shall not be made except from such appropriation, and only by an affirmative vote of fifteen Supervisors. No appropriation shall be made out of any income and revenues received in any year by the City and County in excess of the total sum made or provided for in the budget for the same year.

Discussion.

Supervisor Bath acted as chairman.

After the discussion of various proposed Charter amendments the following proceedings were had in regard to the following Charter amendment:

"Amending Section 8 of Chapter I of Article III, as follows:

"Section 8. The Board of Supervisors may make an appropriation in the budget of a sum not to exceed two per cent of the total approproations made or provided for the general fund, to be used for urgent necessities to make up deficiencies in other appropriations made from or for such general fund. Sub-appropriations, expenditures or transfers to meet deficiencies shall not be made except from such appropriation and only by an affirmative vote of fifteen Supervisors. No

appropriation shall be made out of any income and revenues received in any year by the City and County in excess of the total sum made or provided for in the budget for the same year."

The Chairman: Now, we are on No. 6, and Supervisor McSheehy has asked for some information on that proposed amendment.

Supervisor Roncovieri: What is the information desired?

Supervisor McSheehy: I would like to know the reasons for placing that particular amendment on the ballot. I see, in this particular amendment, an increase in the tax rate.

Supervisor Roncovieri: Will you kindly indicate it?

Supervisor McSheehy: Let the Clerk read it.

(The Clerk reads proposed Charter amendment.)

Supervisor McSheehy: I am asking your reasons for placing that on the ballot.

Supervisor Roncovieri: You said it would increase the tax rate. Will you kindly indicate to me your thought in that matter so I can answer you specifically?

Supervisor McSheehy: What are your reasons for placing this amendment on the ballot?

Supervisor Roncovieri: My reason, first, is to follow very closely upon an argument that you, personally, have made upon this Board for years, that all moneys appropriated should be budgeted. This will produce that effect. I believe that your arguments in the past were sound, and if you still believe in your own arguments you will certainly support this. It provides, "No appropriation shall be made out of any income and revenues received in any year by the City and County in excess of the total sum made or provided for in the budget for the same year." You said it will increase the tax rate. I would like to know how. Under this amendment you would not have a grab-bag to play with, as you have charged has been done particularly in the past. Now, I do not know whether the citizens of this City know that there was a grab-bag to the extent of seven hundred thousand dollars held out on them last year, and that a tax rate was levied to produce that amount of money, indirectly.

Supervisor Havenner: In what year?

Supervisor Roncovieri: Last year, not this year. This year the so-called grab-bag which you kept out, from the figures I have, I do not think will exceed $200,000. That, added to the $100,000 of the urgent necessity fund, would make about $300,000 to lay with, as you have expressed it yourself. Now this would allow you $400,000—about $370,000—this year to play with. We call it that, although it is not fair, really, to say "to play with," because every dollar that has been taken from that so-called grab-bag has been, without doubt, honestly expended for the welfare of our city. But we should know in advance, if we have any vision, what improvements we want in the City and County of San Francisco. Our budget amounts to many million dollars, and we are going to levy a tax for that sum, but beyond that amount we should not go. However, in a large corporation, expending as much as $35,000,000 in any one year, it is very easily conceivable that something might happen, that some deficiency might occur here and there in some fund; that contingencies and eventualities may arise which no human mind could foresee.

Supervisor Gallagher: Like the Miami flood situation.

Supervisor Roncovieri: Things of that kind.

Supervisor Gallagher: How would you take care of that?

Supervisor Roncovieri: By increasing the emergency fund automatically by 2 per cent. Now, let me take your mind back to 1898, when this Charter was adopted. The total appropriations in the budget at that time amounted to about $4,000,000. That has gradually grown until it is $35,000,000 today. It was thought at that time that we should have a nest egg or an emergency fund of $100,000. Now, the relation of $100,000 to $4,000,000 was just about this 2 per cent that I speak of. But if $100,000 for eventualities was sufficient in 1898, surely it is not sufficient today. And the growth of our budget and the growth of the urgent necessity fund should go along parallel to each other, on a percentage basis, because it is easily conceivable that in ten years the budget may rise to $50,000,000. In that case $100,000 is out of all proportion to the amount of money that you are spending in your budget. To overcome the situation the Board, having no rule and no law, has held out sums running from $300,000 to $750,000. The Board has held that out. I would not call it a purposeful omission on the part of the Finance Committee. They underestimate annually that miscellaneous source

of revenue in an amount from $300,000 to $700,000. And if they can hold out $700,000 they can hold out ten times that sum, and they can keep holding out such sums on the people and levy taxes away beyond the necessities of government. And our successors may come along and they may say, "Well, let us hold out $1,000,000," and that might not be unreasonable ten or fifteen years from now. If you make it 2 per cent, it will gradually increase as the budget increases. At the present time it would amount to very close to $400,000 for these contingencies, and I think it is a sound financial way of preparing your budget, and it keeps the tax rate down to whatever is contained in the budget, and you do not hold out a certain amount of money, which can be appropriated during the course of the year, and which we know nothing about. Supervisor McSheehy, who has been on the Board many years, has often said that it was impossible for him to follow the recommendations and appropriations of the Finance Committee. They come in here and recommend that a certain thing be done, and another thing, and another, running into hundreds of thousands of dollars. There is nothing said about money from other sources, and naturally the Finance Committee—and I am not speaking of any individuals—can blow hot and cold with that money. They can favor some district with which they are friendly, they can do this and they can do that. You know that the motion is made, "I move that the reading of No. so and so"—that is the appropriations—"be dispensed with." We never read it except here and there, perhaps. Supervisor Marks may say, "I object to the payment of this particular item." We do not have time to read it all.

Supervisor Powers: We will not have time to get through with this calendar at all if a member gets up to make an explanation and takes half an hour.

Supervisor Roncovieri: What is the idea?

Supervisor Powers: I think you ought to put it in a short form. You are making a speech, going back to 1898.

Supervisor Roncovieri: Was I elected here to take my thoughts from you or was I elected to express my own thoughts?

Supervisor Colman: You are in order.

The Chairman: You have the floor.

Supervisor Roncovieri: I will shorten the speech, if it is a speech, I did not intend it as a speech. I could give a full explanation of all the details. If those who questioned me want further light I am ready to give it.

Supervisor Gallagher: Let us assume that the Board of Supervisors appropriate $50,000,000 for a piece of street work. It is found, after the bids are in, that the work is going to cost $60,000. Under your amendment, the money to take care of that deficiency would come from that 2 per cent fund by 15 votes of the Supervisors?

Supervisor Roncovieri: Yes, any deficiency may be made up, but only to that amount of 2 per cent. I want to make it as hard as I possibly can to spend the peoples' money beyond the amount that is budgeted. When the people come here and we discuss this budget and we levy a tax rate to meet the expenditure set forth in that budget, the people go home, believing that that is the minimum amount that we can get along with, or the maximum, either way, but the people do not know that we have held out, in our inside pockets, as I might say, as much as, in last year, $700,000 on them. Now I think that this proposed Charter amendment will cure that condition. It is even dishonest. Any large corporation, the Standard Oil Company, the Pacific Gas and Electric Company, or any large corporation that would find its finance committee—and I am not mentioning any names—say the finance committee of the Standard Oil Company, holding out several hundred thousand dollars on them and then turning around and saying, "We spent it for your good," the directors of that Standard Oil Company would say, "We want to know, in advance, what you are going to do. We will allow your fluctuation of plus and minus equal to 2 per cent, say, of all you spend." It is bad practice.

Supervisor Gallagher: According to your figures, instead of having an item of $100,000—leaving out the items that they play with—according to your figures, the committee would have this year $340,000 to play with, wouldn't they?

Supervisor Roncovieri: No, they would have a little more than that.

Supervisor Gallagher: All right, Supervisor. In other words, the urgent necessity fund, by 15 votes of the Supervisors, would it not be just as much of play fund in the hands of the Finance Committee? You increase a fund that is already there to over $340,000 and you in-

crease the tax rate by 2 or 3 cents. The commitee reserves two or three hundred thousand dollars for emergency, like if we want to help the people of Florida in its flood. Now where is the objection?

Supervisor Roncovieri: The other way it is in the tax rate just the same because you levy a tax rate, not counting the $750,000. You omit that, knowingly, and I might say dishonestly, you dishonestly hold out several hundred thousand dollars from the people. Now answering you, that $700,000 that they hold out is expended in a hit and miss fashion, without any knowledge of any member of this Board. Supervisor McSheehy, who has been on the Board a long time, said that he did not know of this until about four years after he had been a Supervisor. Therefore, you can see how cleverly it may be done, holding out on the people. Now, under my amendment that could not be done because any amount of money that is expended out of the urgent necessity fund is specially placed on our calendar.

Supervisor Welch: Is is possible for the Board to proceed with the uncontested amendments?

Supervisor Marks: We have done that already.

* * * * * * *

Supervisor Gallagher: I desire to make a motion. I move you that it be the sense of the Board that we remain in session until 1:30 on the subject of Charter amendments. These people have come here and they have sat here all morning. It is not fair to turn them away.

Supervisor Schmidt: I will second that motion.

Supervisor McSheehy: I think that I can make a statement here to Supervisor Roncovieri, a short statement.

The Chairman: Is there any objection? If not, such will be the order.

Supervisor Marks: I am sorry that I must leave, but I am scheduled to make an address at the St. Francis at 12:15, and I will not stay there for the luncheon, but will come back here just as soon as I get through talking.

Supervisor McSheehy: I will guarantee to speak three minutes by the clock. Supervisor Roncovieri and members of the Board——

Supervisor Roncovieri (interrupting): Are there any further questions first, so that I can conclude?

Supervisor Gallagher: Yes, there is one further question.

Supervisor McSheehy: Wont' you allow me to make a statement before the Supervisor leaves?

Supervisor Roncovieri: I have the floor, and I am going to answer all the questions at once and get done with it.

* * * * * * *

Supervisor McSheehy: Now, Supervisor Roncovieri, in reference to this particular amendment and members of the Board, I simply make this statement: This particular amendment, offered by you, Supervisor Roncovieri, will do three things: It will increase the urgent necessity fund from $100,000 to $340,000, using this year's budget figures. That will reflect in the tax rate to the amount of 3 3/7 cents of an increase. The Finance Committee submitted to you a statement of revenues received from other sources, figured right down, and you personally complimented me on that statement. I say to you there is no necessity of an amendment of this type at this time. It will positively increase your tax rate next year. I do not know what may be in the future, but I feel that the same Finance Committee will be in office next year, and they will submit to you the same itemization of revenues from other sources that you received this year. So I say to you, members of the Board, do not present an amendment to to the people of San Francisco that will positively increase your tax rate 3 3/7 cents. I do not want to go into any argument, I do not want to talk about the past. I have no desire to talk about the past. The past is gone. I would like to look to the future. I do not want to take up any further of your time.

Supervisor Roncovieri: I must reply to that because that is too serious.

* * * * * * *

Supervisor Marks: I want to make this statement before I leave, with respect to this amendment: When the amendment was before the Judiciary Committee it was my belief that, whatever action was taken by the Judiciary Committee, we would have the advice of the Finance Committee as to its legal effect and as to its financial effect, and it was only because of the fact that the Finance Committee was not at that time available—it was late at night—that the amendment was recommended or sent in to the Board, in order that this very discussion might take place. I do not desire to have it understood that I am in favor of this amendment. Frankly I do not know its full effect, nor did I know its full effect

until the matter was presented to the Board here for discussion by the Finance Committee. So this is not my recommendation. May I be excused, Mr. Chairman?

The Chairman: Yes.

Supervisor Roncovieri: I wish to correct the statement made by Supervisor McSheehy. He tells you that it will raise the tax rate 3 3-7 cents. He forgets to tell you that he has held out this year enough money to make up that 3 cents, which I do not blame him for, mark you, but he has held out somewhere between $250,000 and $300,000, if the figures are correct. Now, then, he has actually raised the tax rate 3 cents plus, and then he tells you that this will raise the tax rate. Now, if it is a good thing to do it secretly, it is a mighty good thing to do it publicly.

Supervisor McSheehy: It cannot be in secret if you have the information.

Supervisor Roncovieri: No, I have the information only by digging for it. The average citizen does not get it. You have held out practically the same amount of money that I propose to put into this urgent necessity fund, and play the game with the light of day upon you, and not in the dark, holding out 3 cents from the people, and then say, "This will raise it 3 cents." That is true, but you are holding out 3 cents and last year there was held 10 cents on the people. And I must repeat that I am not aiming at any individual or group of individuals on this Board, but the present members of this Board are going to pass on, as sure as God made little apples, and you don't know what your successors will do. The future will be no different from the past. You are holding out this 3 cents and your predecessors have held out as much as 10 cents, and you do not know what your successors will hold out. You can play with that money, you can make a grab-bag of it, you can jockey with it, you can say, "Now, Supervisor Todd, you are a good friend of mine, you can have $50,000 to repair certain streets." And perhaps Supervisor Gallagher has no friend on the Finance Committee and he cannot get a thing. That is wrong, it is dishonest. Let us openly and frankly and in the light of day say to the people, "We are going to tax you 3 cents." That is open. To do it secretly and then say that this will raise the tax rate, when it has already been raised, is unfair.

Supervisor Havenner: Supervisor Roncovieri was good enough to discuss this amendment with me some days ago and ask my opinion about it. I frankly told him that it was a matter on which I was not prepared to express an offhand opinion, and I confess now that I am not certain yet as to just what the effect of the amendment would be. It is a very radical alteration of our present fiscal system. I am in sympathy with the general purpose of the proposal, but I think it is of such importance that I wish it could be deferred until such time as we could have a scientific study made of our whole budget system. I am thoroughly in favor of that. I am thoroughly in favor of doing away, if we can in a practical manner, with the business of handling unbudgeted funds, but I think the Supervisors will appreciate that it is impossible to estimate exactly the amount of revenues for the year. If it is his purpose, by this amendment, to absorb into the tax rate all of the possible revenues during the year I am afraid that it cannot be done. I wish that the proposal could be deferred until perhaps two years from now, and in the meantime we will have a study made of our whole budget system and come before the Board with a comprehensive plan for revising this whole budget system. I will confess that I am so uncertain about this that I will hesitate to vote for it now.

The Chairman: I will advise the Board that I did not favor this in committee, and for that reason I am going to vote against it at this time, not that I am in any way trying to ask the members to vote one way or the other.

Supervisor Gallagher: Supervisor Roncovieri ought to get up and move that it be submitted to the people, or that it be thrown in the waste basket.

Supervisor Roncovieri: I more that it be submitted to the people.

Supervisor McSheehy: I will second the motion, out of courtesy, but I will vote no.

Motion *lost* by the following vote:

Charter Amendment No. 29.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 9 of Article XII thereof, relating to the limitation of the amount of bonded indebtedness.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend the Charter of said City and County as follows:

That Section 9 of Article XII be amended so as to read as follows:

Section 9. No indebtedness shall be incurred for the acquisition of any public utilities under the provisions of this article, which, together with the existing bonded indebtedness of the City and County, shall exceed at any one time twelve per centum of the assessed value of all real and personal property in the City and County subject to taxation for City and County purposes; provided, however, that any existing bonded indebtedness created by the sale of any of the water bonds which were authorized by vote of the people on the 14th day of January, 1910, and of the water bonds which were authorized by vote of the people on the 7th day of October, 1924, together with any bonded indebtedness which may hereafter arise from the sale of bonds hereafter to be authorized for water supply purposes exclusively, including the acquisition of a water distribution system, shall be exclusive of the bonded indebtedness of the City and County limited by this section, and any bonded indebtedness heretofore created under the provisions of Section 29a of Article XVI of the Charter in aid of the exposition to celebrate the completion of the Panama Canal, which particular exposition bonds were excluded from the bond limits prescribed by said Section 9 by an amendment of the section ratified by the people in November, 1910, and approved by the Legislature February 17, 1911, shall continue to be exclusive of the bonded indebtedness of the City and County limited by this section.

On motion of Supervisor Gallagher, seconded by Supervisor Powers, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Havenner Hayden. McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—13.

Absent — Supervisors Badaracco, Harrelson, Kent, Marks, Shannon —5.

Retirement Allowance to Certain Teachers.

All teachers retired from service under the law of 1913, who are not now drawing a pension, shall be entitled to receive retirement allowance.

Charter Amendment No. 34.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend Article XVII of the Charter of said City and County by adding thereto a new section to be numbered Section 9, relating to retirement of certain teachers retired under the State Law.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend said Charter as follows:

That a new section be added to Article XVII, to be numbered Section 9, to read as follows:

Section 9. All teachers who were retired from service in the public schools of San Francisco, under the provisions of the law of 1913, establishing the California Public School Teachers' Retirement Salary Fund and who are not now drawing a pension under the provisions of Article XVII, Section 8 of this Charter, shall be entitled to and shall receive a retirement allowance, to be calculated on the same basis as that established in the said section for determining the retirement allowances provided for in said section.

On motion of Supervisor Gallagher, seconded by Supervisor Schmidt, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath Colman, Deasy, Gallagher, Havenner, Hayden, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—13.

Salaries of Mayor and Supervisors.

After July 1, 1927, the salary of Mayor to be $12,000 annually, and salaries of Supervisors one-third that of Mayor.

Supervisor Welch presented:

Charter Amendment No. 32.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 1 of Chapter I of Article IV, relating to salary of the Mayor and by amending Section 2 of Chapter I of Article II, relating to the salary of the members of the Board of Supervisors.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend the Charter of said City and County as follows:

That Section 1 of Chapter I of Article IV be amended so as to read as follows:

Section 1. The chief executive officer of the City and County shall be designated the Mayor. He shall be an elector of the City and County at the time of his election, and must have been such for at least five years next preceding such time. He shall be elected by the people to hold office for four years. He shall receive an annual salary of $12,000. All of the appointees to positions in the Mayor's office shall hold their positions at the pleasure of the Mayor.

That Section 2 of Chapter I of Article II be amended so as to read as follows:

Section 2. The Board of Supervisors shall consist of eighteen members, all of whom shall hold office for four years and be elected from the City and County at large. Each one must be at the time of his election an elector of the City and County and must have been such for at least five years next preceding his election. Each Supervisor shall receive a salary equal to one-third of that of the Mayor.

Every person who has served as Mayor of the City and County, so long as he remains a resident thereof, shall be entitled to a seat in the Board of Supervisors and to participate in its debates, but shall not be entitled to a vote nor to any compensation.

This amendment shall take effect July 1, 1927.

On motion of Supervisor Welch, seconded by Supervisor Todd, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Hayden, McSheehy, Powers, Roncovieri, Schmidt, Stanton, Todd, Welch—12.

No—Supervisor Havenner—1.

Absent — Supervisors Badaracco, Harrelson, Kent, Marks, Shannon —5.

Explanation of Vote.

Supervisor Havenner explained his vote by saying: "I am fully in accord with the idea that the salary of the Mayor of this City should be increased to a figure that would be somewhat commensurate with the salary paid by other municipalities of equal size throughout the country. I also believe that the members of this Board of Supervisors have given a service that is not at all compensated for by the present standard of salaries.

"During my brief period on this Board I have seen the amount of time my colleagues have devoted to this work here and I know that most of them have devoted a greater part of their time during all this year to the official business of this City. I believe that the salary of the members of the Board of Supervisors is neither fair or just or in accordance with the standard of salaries paid for similar service elsewhere.

"I have a feeling, however, as a member of the Finance Committee, which laid down the policy this year in accordance with our program of economy, that we would not raise a single salary in the City government in order to make good our pledge to the people, and I cannot make my first official act in the submission of Charter amendments an appeal for the raising of my own salary. I say this in entire frankness, because I don't want to embarrass the submission of this amendment and I don't want to embarrass my colleagues who don't agree with me. I am going to agree that the amendment is meritorious; I am going to say frankly that if it is submitted at some future day I will vote for it, but I am merely going to be recorded as voting "NO" at this time because I don't believe I can consistently vote for it."

Civil Service—Playgrounds.

Makes employees of the Playground Commission subject to Civil Service provisions and those employed one year are appointed thereunder.

Supervisor Welch presented:

Proposed Charter Amendment No. 36.

That Subdivision a of Section 11, Article XIII, be amended so as to read as follows:

Section 11, Subdivision a. The provisions of this article shall apply

to the following offices and departments of the City and County:

The County Clerk, the Assessor, the Tax Collector, the Sheriff, the Auditor, the Recorder, the Treasurer, the Coroner, the clerks and stenographers of the Justices' and Police courts, the Board of Public Works, the Police Department, the Fire Department, the Board of Election Commissioners, the Board of Health, the Department of Electricity, the Board of Supervisors, the Civil Service Commission and Playground Commission, and all boards and departments controlling public utilities, but the following deputies, clerks and employees in said offices and departments shall be exempted therefrom:

The chief deputy of the County Clerk; the chief deputy and the deputy designated as the cashier of the Assessor; the chief deputy and the cashier of the Tax Collector; two deputies of the Sheriff designated as the under-sheriff and the attorney; the deputy Auditor; the chief deputy of the Recorder; four employees of the Treasurer designated as the cashier, the chief deputy, one assistant deputy designated as a bond deputy and one clerk; the chief deputy and the autopsy physician of the Coroner; the City Engineer; the secretary of the Board of Public Works; the City Architect; the Registrar of the Board of Election Commissioners; the Justices' Clerk; the Chief of Police; the chief engineer and secretary of the Fire Department; the chief of the Department of Electricity; the clerk of the Board of Supervisors; superintendent of the Playground Commission; all physicians appointed by the Board of Health; persons appointed by the Mayor under the authority of this Charter; the chief deputy and the head of any bureau or department created by this Charter or by ordinance; the chief examiner and special examiners appointed by the Civil Service Commission, and persons employed by the commission to exercise the authority conferred by Section 14 of this article; the manager or superintending head of each public utility; attorneys and physicians employed to perform duties included in their profession; persons employed by the Board of Supervisors for temporary service in positions requiring high technical skill; persons employed in positions having a confidential relation to the head of the department in which the employment is held, but not more than one such position shall be established in any department; persons employed on public works outside the City and County. Any person who has served in any position or employment under the Playground Commission, except in those positions hereinbefore excepted from the provisions of this article, for a period of one year continously prior to the approval of this amendment and who shall be actually employed in any of said offices at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to the position to which he may be assigned and shall be entitled to all the benefits of said article thereafter.

Referred to Judiciary Committee.

Wage-Fixing Powers.

Vests in the Supervisors power to fix compensation of all city employess, pending the adoption of report on standardization of salary.

Supervisor Stanton presented:

Charter Amendment No. 38.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Chapter II of Article II, relating to the wage-fixing powers.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend said Charter as follows:

That a new section be added to Chapter II of Article II, to be designated Section 15, and to read as follows:

Section 15. The Charter salary and wage-fixing powers heretofore existing and remaining in force and effect pending the adoption by the Supervisors of classification and compensation schedules, as provided in Section 14 of this Charter, are, upon the ratification of this amendment by the Legislature transferred to the Board of Supervisors; and pending the adoption of such classification and compensation schedules the Supervisors shall have power and authority, and it shall be their duty, to fix salaries and wages for all officers and employees of all the departments, offices, boards and commissions that were intended to be, or hereafter may become, subject to the provisions of said Section 14; provided, however, that this amendment shall not operate to lower existing salaries or wages or adversely affect the civil service ratings and duties of persons holding office or employment under the

City and County at the time of the adoption of this amendment.

Referred to Judiciary Committee.

Hospital Service.

Authorizes the Supervisors to provide a hospital system for municipal public utility employees, cost to be divided between employees and City.

Supervisor Bath presented:

Charter Amendment No. 39.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto, to be designated Article VIII, relating to hospital service for employees of municipal public utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend said Charter as follows:

That a new article be added to the Charter, to be designated Article XVIII, and to read as follows:

Article XVIII.

Section 1. The Board of Supervisors of the City and County is empowered under the conditions set forth herein, on a vote of fourteen members and the approval of the Mayor, to establish a hospitalization system and to provide for hospital benefits for municipal employees of any public utility system heretofore or hereafter established or operated by the City and County. The said employees shall become members thereof and shall contribute one-half the cost of the maintenance of such hospitalization system, not to exceed the sum of one dollar per month, and the said City and County shall furnish the other half of the cost thereof. Membership in said hospitalization system shall be compulsory. The public utility to which the employee is attached or by which he is employed shall be charged by the City and County of San Francisco with one-half of the cost of the membership of each member of the hospitalization system employed by said utility or attached thereto. A board of administration is hereby created, consisting of the chairman of the Finance Committee of the Board of Supervisors, the Auditor, the City Attorney and four members to be elected from the active members of the hospitalization system; such appointees shall serve without compensation. They shall be appointed by the Mayor within sixty days from the taking effect of this amendment. Members other than ex officio members shall so classify themselves by lot that one term shall expire each year. The board of administration may establish such rules and regulations as it may deem proper, shall elect one of its members president and appoint a secretary, and may appoint such other employees as may be necessary. Such appointments shall be made under the provisions of Article XIII of this Charter. The board of administration shall be the sole authority to judge, under such general ordinances as may be adopted by the Supervisors, as to the conditions under which persons may be admitted to benefits of any sort under this system, and shall have exclusive control of the administration thereof. The Board of Supervisors is hereby fully empowered by a majority vote of the members to enact any and all ordinances necessary to carry into effect the provisions of this article. The board of administration shall have full and complete charge of all moneys contributed by the City and County and said employees, including any interest which might be earned thereon, and that said moneys shall be deposited in a special fund to be known as the "Hospital Fund."

Referred to Judiciary Committee.

RECESS.

Thereupon, the Board, at the hour of 1:35 p. m., recessed until 3 p. m. for further consideration of Charter amendments.

Electrical Supplies.

Sealed proposals were received for furnishing electrical supplies required for the City and County and *referred to the Supplies Committee.*

Florida Disaster.

The Clerk read a telegram sent by Mayor Rolph to the Mayor of Miami, Florida, in which he expressed sympathy to the people in the district which was struck by a tornado with a large loss of life and property.

The Mayor stated that San Francisco desires to assist in whatever way, although, due to the great distance from the scene of the disaster, it would not be feasible to send food and medicinal supplies, and asking to be advised as to how San Francisco may best be of service.

The Clerk also read a message from Wm. C. Edmond, president of

the Red Cross, in which he stated that the President has just issued a proclamation in which he stated that such assistance as is within the means of the executive department of the government will be rendered, but he calls upon the American people to render whatever assistance they can to the stricken district.

The request was made that contributions be sent to the National Red Cross or turned over to local Red Cross organizations to be forwarded.

The Red Cross has appropriated the sum of $100,000 for relief purposes.

On the suggestion of the Mayor and motion of Supervisor McSheehy the chairman of the Finance Committee was authorized to get in touch with the president of the local Red Cross chapter and ascertain and report to the Board at as early a date as possible what, in their judgment, they think San Francisco should do.

Before the Board adjourned Supervisor Todd introduced a resolution which would authorize the appropriation of $10,000 toward the Florida relief fund. It was referred to the Finance Committee.

Mayor's Veto, S. P. vs, Golden Gate Ferry, Quo Warranto Proceedings.

Consideration of Mayor's veto of Resolution No. 26059, requesting the City Attorney, in the name of the City and County of San Francisco, to call upon the Attorney-General of this State, that he, in behalf of the State, immediately commence quo warranto proceedings against the Southern Pacific Company for the purpose of restraining the establishment and operation of a ferry across the Bay of San Francisco between the City of Alameda and the City and County of San Francisco until said franchise and certfiicate of public convenience and necessity have been obtained in accordance with law; and further requesting the City Attorney to file, in the name of the City, with the State Railroad Commission a written request that said Commission accept and file no rate or time schedules from Southern Pacific Company covering the operation of said ferry until the legal right of Southern Pacific Company to establish and operate said ferry be determined.

Reconsideration.

Supervisor Shannon, in accordance with notice given at last meeting, moved that the vote on the foregoing matter, whereby the Mayor's veto was sustained, be reconsidered.

Motion *carried*.

Whereupon, the roll was called on the question "Shall the resolution pass notwithstanding the objections of his Honor the Mayor?", and the veto was *overruled* by the following vote:

Ayes — Supervisors Badaracco, Bath, Deasy, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—14.

Noes — Supervisors Gallagher, Hayden—2.

Absent — Supervisors Colman, Harrelson—2.

Action Deferred.

On motion of Supervisor Shannon, the following matter was *continued for one week and made a Special Order of Business for 3 p. m.*:

Mayor's Veto, S. P. vs. Golden Gate Ferry, Action to Intervene.

Consideration of Mayor's veto, dated September 2d, of Resolution No. 26100, requesting the City Attorney to intervene in action against Southern Pacific Company in behalf of the Golden Gate Ferry Company and A. O. Stewart, in action to restrain said Southern Pacific Company from establishing vehicular ferry between San Francisco and Alameda.

Ferries to Be Investigated.

Supervisor Kent presented a resolution authorizing, empowering and instructing the City Attorney to make such investigation of the methods of the passenger transportation on the ferry boats between San Francisco and Marin County and refer the result of his investigations to the Board.

The resolution calls particular attention to the carrying of automobiles on passenger ferries.

Four Mayors on Platform.

At this meeting of the Board Mayor Rolph presented two ex-mayors and one mayor, viz.: ex-Mayor P. H. McCarthy of San Francisco, his Worship Honorable A. Levy, ex-mayor of the city of Ballarat, a city just a short distance outside of the city of Melbourne, and Honorable Sol. P. Ellias, mayor of the city of Modesto.

Ex-Mayor Levy of Ballarat stated he has been a member of the council of his city for twenty-four years and has served three times as mayor of the city, now being a member of the city council.

Modesto Irrigation District Agreement.

Consideration of Mayor's veto of Ordinance No. 7232 (New Series), authorizing, empowering and directing the Board of Public Works to enter into an agreement with Modesto Irrigation District covering

the furnishing of certain hydro-electric energy of Moccasin Creek Power Plant for stand-by service.

September 13, 1926, *presented to the Board, laid over and postponed for hearing until this day.*

The question being "Shall the ordinance pass notwithstanding the objections of his Honor the Mayor?"

Supervisor Gallagher moved as an amendment the apotion of the following resolution:

Resolved, That, in view of the radical difference in opinion on the subject of whether the City will lose or gain financially in the proposed contract with the Modesto Irrigation District, the Finance Committee is authorized to secure the services of an independent engineer to examine the figures and to make known his conclusions at the next meeting of this Board of Supervisors; that the vote on the veto of the Mayor be postponed one week and be made a Special Order of Business next Monday, September 27th, at 3 p. m.

Motion *lost* by the following vote:

Ayes—Supervisors Bath, Colman, Gallagher, Harrelson, Hayden—5.

Noes—Supervisors Badaracco, Deasy, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—13.

Explanation of Vote.

Supervisor Gallagher: Mr. Chairman, I would like this inserted in the record. I have tried very hard to secure more information than I have had on the subject of this controversy. I voted for the contract in the first instance. My mind is still somewhat beclouded, yet I have not sufficient information to change my vote. I vote *aye*.

Mayor Rolph, in supporting his veto, stated that he did not think the price to be paid by the Modesto Irrigation District was enough.

He also told the Board that his veto message had been concurred in by Hon. Matt I. Sullivan, member of the Hetch Hetchy Advisory Committee, and who assisted him in the preparation of the veto message.

He had been guided, he said, to a great extent by the recommendation of the City Engineer, and Mr. Eckert, Assistant City Engineer, made a lengthy presentation of figures and facts, based upon records of the Board of Public Works and from the books of Mr. Bullock and the Auditor, in order to show the actual cost of production and thus the amount Modesto should pay for service under the Raker Act.

Whereupon, the roll was called on the "question" and the Mayor's veto *overruled* by the following vote:

Ayes—Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

Noes—Supervisors Colman, Harrelson, Hayden—3.

Acceptance of Offer of Albert Tassi to Sell Land Required for the Widening of San Jose avenue.

Supervisor McSheehy presented:

Resolution No. 26179 (New Series), as follows:

Whereas, the owner of the following described land sought to be acquired by the City and County of San Francisco for the widening of San Jose avenue from Circular avenue to Capistrano avenue has offered to convey the properties desired by the City and County of San Francisco for the sum set forth opposite his name and the further considerations mentioned below, viz.:

Albert Tassi, $1,920.50.

Parcel 1. Beginning at the point of intersection of the southwesterly line of Theresa street with the southeasterly line of San Jose avenue, and running thence southwesterly along the southeasterly line of San Jose avenue 25.425 feet to the southwesterly boundary line of Lot 53 of the Demartini Tract; thence southeasterly along said southwesterly boundary line, parallel with Theresa street, 16.858 feet to a point distant 80 feet at right angles southeasterly from the northwesterly line of San Jose avenue; thence deflecting 79 deg. 21 min. 23 sec. to the left and running northeasterly, parallel with the northwesterly line of San Jose avenue, 25.437 feet to a point on the southwesterly line of Theresa street, distant thereon 16.926 feet southeasterly from the southeasterly line of San Jose avenue; thence northwesterly along the southwesterly line of Theresa street 16.926 feet to the point of beginning; being portion of Lot 53 of the Demartini Tract.

Parcel 2. Beginning at a point on the southeasterly line of San Jose avenue, distant thereon 25.425 feet southwesterly from the southwesterly line of Theresa street, and running thence southwesterly along the southeasterly line of San Jose avenue 76.275 feet to the southwesterly boundary line of Lot 50 of the Demartini Tract; thence southeasterly along said southwesterly boundary line, parallel with Theresa street, 16.652 feet to a point distant 80 feet at right angles southeasterly from the northwesterly line of San Jose avenue; thence deflecting 79 deg. 21 min. 23 sec. to the left and running northeasterly, parallel with the northwesterly line of San Jose avenue 76.313 feet to the northeasterly boundary line of Lot 52 of the Demartini Tract; thence northwesterly along said northeasterly boundary line, parallel with Theresa street 16.858 feet to the point of beginning; being portion of Lots 50, 51 and 52 of the Demartini Tract.

The above amount includes, in addition to the payment of the herein described parcels, all damages in full to the remaining lots and the building now partially located on the above described Parcel No. 2; said building to be moved by the owner within thirty (30) days after receiving notice by the City and County of San Francisco.

As a further consideration the City and County of San Francisco agrees to restore sidewalks where sidewalks are now constructed.

Whereas, the City Attorney has recommended the acceptance of the said offer and the acquisition of the properties owned by said person and offered to the City and County of San Francisco for the price set forth, which said price is in accordance with the City's appraisement of the properties; now, therefore, be it

Resolved, That the said offer of sale be accepted and the City Attorney is hereby authorized and directed to examine the titles of said properties, and if the same are found in satisfactory condition, to accept in behalf of the City and County of San Francisco, a deed conveying title thereto and file the same for record with a copy of this resolution attached thereto as evidence of acceptance by the City and County of San Francisco, upon payment of the agreed purchase price.

Board of Works Authorized to Establish Embarcadero Motor Bus Service.

On motion of Supervisor Shannon:

Bill No. 7744, Ordinance No. ——— (New Series), as follows:

Authorizing, directing and empowering the Board of Public Works to establish, maintain and operate a municipal motor bus service on The Embarcadero or waterfront of the City and County, and to purchase the motor busses and equipment necessary for such service in the open market.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, directed and empowered to establish, maintain and operate a municipal motor bus service suitable for the transportation of passengers along The Embarcadero or waterfront of the City and County, from a southerly terminus at or in the vicinity of Third and Townsend streets to a northerly terminus in the vicinity of the Golden Gate Ferry terminus at the foot of Hyde street; and for the purpose of establishing this municipal motor bus service the said Board is hereby authorized, directed and empowered to purchase the motor busses and equipment necessary for such service in the open market as provided in Ordinance No. 6440 (New Series).

Section 2. When such bus line has been established and operated the rate of fare on and over said line on said busses shall be five cents.

Section 3. The authority to exercise the powers herein granted is hereby declared to be contingent upon the receipt of a legal offer and guarantee by and from the Board of State Harbor Commissioners that such board will contribute from its funds a sum (which shall not exceed $18,000 in any one year) for the period of three years to offset any deficiency which may result from the operation of said municipal bus line by the City and County.

Section 5. This ordinance shall take effect immediately.

Providing for the Selection, Location, etc., of Traffic Signals.

The following bill, heretofore presented by Supervisor Todd and on motion laid over one week, was taken up and *passed for printing*:

Bill No. 7745, Ordinance No. ——. (New Series), as follows:

Providing for the selection, purchase, location, operation, installation and control of traffic signals and protecting devices for safety zones, pedestrian paths and other places upon the streets of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever public necessity shall require, the Board of Supervisors is hereby authorized to select and purchase the devices, apparatus, markers or other appliances as in its judgment it shall deem best suited for the establishment of signal devices for the purpose of regulating traffic within the City and County of San Francisco and the establishment, protection and control of safety zones and pedestrian paths on the streets of the City and County of San Francisco.

Section 2. The Board of Supervisors is hereby authorized to substitute in place of the signal devices for the regulation of traffic and the markers for safety zones and pedestrian paths that are now or may hereafter be in use, the signal devices and safety zone and pedestrian path markers that said Board of Supervisors may adopt in accordance with Section 1 of this ordinance, and provide for the maintenance of the same.

Section 3. The Board of Supervisors of the City and County of San Francisco is hereby given exclusive authority to designate the streets and places on the streets within the City and County of San Francisco where signal devices, safety zones and pedestrian path markers shall be installed and it shall be the duty of the said Board of Supervisors to supply such signal devices and the said safety zone and pedestrian path markers in such quantities as shall be needed.

The Police Department of the City and County of San Francisco is hereby given exclusive control and operation of all such signal devices and safety zones and pedestrian paths, as provided by said Board of Supervisors.

Section 4. It shall be the duty of the Department of Electricity of the City and County to disconnect and remove any existing signal devices and in lieu thereof to connect and install, at the places designated by said Board of Supervisors, such signal devices as are selected by said Board of Supervisors. All signal devices now or that shall hereafter be installed shall be maintained by said Department of Electricity.

Section 5. This ordinance shall take effect immediately.

Consideration of Proposed Charter Amendments.

Supervisor Shannon: Are the charter amendments before us for consideration? I just wanted to know what the situation was. I wasn't able to be here this morning.

The Chair: I was here and all charter amendments were passed which were recommended by the committee except one, and that particular charter amendment is the one, I believe, that Supervisor Roncovieri has now. I am talking about those approved by the committee. There were a great many charter amendments that the committee did not recommend, quite a few.

Supervisor Shannon: There was one introduced, I believe, regarding the change of salary of the Mayor and the Board of Supervisors.

The Chair: That was passed.

Supervisor Shannon: Am I too late to be recorded on that?

The Clerk: I think, Mr. Shannon, if you don't mind, unless you want us to change the record, this will all be followed by a resolution when you conclude your deliberations, with a resolution which endorse all of these. We can change it, though, if you wish.

Supervisor Shannon: Whatever way it can be done, I want to be recorded as voting "no" on it. I feel that the election of this Board on an economy platform should be

fulfilled. I stated so when the matter was being considered. I understand this came throught the Labor Council. I appreciate the fact that this Board is doing more work than we have ever done before, that our committee work is taking more time, and I feel that the office is deserving of a greater salary, but at the same time, in view of the fact that we have turned down employees of the City government at the time of the consideration of the budget and now, notwithstanding this comes from a very friendly source, at the same time I think that it is untimely and for that reason I would like to have the record show that I voted "no".

The Clerk: May I make a suggestion, please. If you will direct a minute be entered in the Journal, that you were not present and had you been present you would have voted "no".

Supervisor Shannon: I will so request, that the minutes show that had I been present I would have gone on record along the lines just stated by me and as taken down by the reporter.

Supervisor Welch: It is unfortunate that a matter of this kind be called to the attention of the Board at 2 o'clock in the mornning; unfortunate, indeed, that the member wasn't present when the amendment was before the Board and argument advanced in its favor by several members of the Board, and reference made to the particular objection that the Finance Committee refused to sanction raises to the City officials. That, I trust, is not to be made permanent. I don't know that this Board is going to close its doors to salary raises from now on, but for this partciular year in making up the budget and the tax rate the Finance Committee made its report to the Board, and the Board, agreeable to that report, has refused to raise any salaries during this fiscal year, but the charter amendment as offered by the speaker will not go into force and effect until the next fiscal year. Therefore, it cannot be maintained that the Board of Supervisors refused to sanction increases of salaries for City employees and in the next breath raise their own salaries, because who here will say that next year the Board will not consider some of the petitions that were made during this year and grant the increase of salaries where in their judgment they deem necessary. This particular amendment will not go into force and effect until the Board has before it again a consideration of salaries, salary raises, in making up next year's budget. It is too bad that these things were not known to all of the Board, and making objections to them at this time of day——

Civil Service Appointment of Teachers, Estimates of Expenses, Tax for Schools and Disbursement of Moneys.

Thereupon, Supervisor Roncovieri presented:

Charter Amendment No. 35.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 1 of Chapter III, Section 1 of Chapter V, Section 2 of Chapter V, Subdivision 9 of Section 1 of Chapter III of Article VII, relating to the School Department.

The Board of Supervisors of the City and County of San Francisco hereby sumbits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend said Charter as follows:

Amend Section 1, Chapter III, Article VII of the Charter by adding thereto a new subdivision to be known as Subdivision 13.

Civil Service Appointment of Teachers.

13. To conduct at least annually a competitive examination to establish an eligible list of teachers for appointment to positions in the elementary day and evening schools of the City and County of San Francisco. Such examinations shall be practical in their character, and shall relate to those matters only which will fairly test the relative capacity of the persons examined for said positions, and shall include such tests of physical qualifications and health as the said Board of Education shall determine. That said Board of Education shall control all of such examinations and may designate a suitable person or persons either in or out of the official service of the City and County to conduct said examination and to make return and report thereof to the Board. That no person shall be permitted to take said examination unless he or she is under the age of thirty-five (35) years, and in good health, and is the holder of a certificate valid under the laws of the State of California authorizing said person to teach in the public schools of the State of California in a grade not lower than the grammar grade. That said Board of Education shall by rule establish a passing mark for all participating in said examination, and from the returns of the

examiners or from the examinations made by the Board, the Board shall prepare a register of teachers whose general average standing upon examination is not less than the minimum fixed by the rule of said Board, and such persons participating in said examination shall take rank upon the said eligible register in the order of their relative excellence as determined by said examination. That all teachers appointed either to regular positions or to substitute positions in the department shall be appointed from said list in the order of their standing thereon, those appointed to substitute positions being preferred for regular appointment before those on the eligible list. Provided, however, that where the eligible list of said teachers has been exhausted, the Board of Education may make a temporary appointment of any duly qualified teacher to either a regular or substitute position in the department, but such appointment shall be made only until an eligible list of appointees is obtained. That all appointments made under the provisions of this section shall be subject to a satisfactory probationary service of not less than two years.

That Section 1 of Chapter V, Article VII of the Charter is hereby amended to read as follows:

Annual Estimate of Current Expenses.

Section 1. The Board of Education shall, on or before the first Monday of April in each year, report to the Board of Supervisors an estimate of the amount of money which shall be required during the ensuing fiscal year for the purpose of meeting the current annual expenses of the School Department, specifying the amount required for textbooks and other materials to be furnished to pupils; for all other supplies needed for public instruction and maintenance of schools, laboratories and manual training shops; for purchasing and procuring sites; for leasing rooms or erecting buildings; for repairing, altering or enlarging buildings; for equipping and furnishing rooms and buildings; for the Teachers' Salary Fund; for the salaries of the School Directors, Superintendent, Deputy Superintendents, Supervisors, and all other persons employed in the School Department; and for all other expenditures necessary for the administration, maintenance and support of the public Kindergarten Schools, Day and Evening Elementary Schools, Day and Evening High Schols, Technical Schools, and other secondary schools, and for the establishment and realization of such other public school policies as may be authorized by the laws of the State of California.

That Section 2, Chapter V, Article VII, of the Charter, is hereby amended to read as follows:

Common School Fund.

Section 2. The Board of Supervisors at the time and in the manner of levying and collecting City and County taxes shall levy and cause to be collected for the Common School Fund a separate and distinct tax for the support of each of the following: (1) Public Kindergarten Schools; (2) Public Day and Evening Elementary Schools; (3) Public Day and Evening High Schools, Technical Schools and other secondary schools; (4) and such other schools or policies as may be authorized by the laws of the State of California; but the rate of each such separate tax shall not exceed, in any instance, for the support of each of the abovementioned schools and purposes, the maximum rate fixed for counties and cities and counties by the laws of the State of California.

That Subdivision 9 of Section 1 of Chapter III of Article VII be amended to read as follows:

Section 9. To establish regulations for the disbursement of all moneys belonging to the School Department or to the Commn School Fund, and to secure strict accountability in the expenditure thereof; to provide for the prompt payment, on not later than the fifth day of every month, of all salaries due and allowed officers, teachers and other employees of the School Department. For this purpose the Auditor shall annually segregate so much of the Common School Fund as may have been provided, allowed or appropriated by the Board of Education, or by the payment of the salalies of all officers, teachers and other employees for the fiscal year, and the amount so segregated shall not be applied to the payment of any demand against such Common School Fund during any fiscal year other than for salaries, until all salaries for that fiscal year have been fully paid or provided for. The Board shall ascertain and transmit to the Auditor on or before the first Monday in April of each year an estimate of the amount required for the payment of said salaries for the fiscal year commencing on July first following, which said estimate shall be based upon the amount allowed for said salaries for said year previous for which said estimate is made, and upon such other data relative to the

needs of the Department as said Board may have before it.

On motion of Supervisor Roncovieri, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Deasy, Gallagher, Havenner, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—10.

Noes—Supervisors Kent, McSheehy, Powers—3.

Absent — Supervisors Badaracco, Colman, Harrelson, Hayden, Marks —5.

Civil Service, Playground Employees.

Supervisor Welch moved the approval of the following proposed amendment:

Charter Amendment No. 36.

Supervisors' Approval of Mayor's Appointments, Providing for Hearings, Charges, Etc.

Supervisor Stanton presented the following Charter amendment which was not recommended by the Judiciary Committee:

Charter Amendment No. 37.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XVI, to be numbered Section 39,

relating to appointments to and removals from office.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of Novemeer, 1926, a proposal to amend said Charter, as follows:

That a new section be added to Article XVI, to be known as Section 39, and to read as follows:

Section 39. The appointments of all boards or commissions authorized by this Charter to be made by the Mayor shall be ratified and approved by the Board of Supervisors. All appointees made by the Mayor to any board or commission may be removed by him for cause in the manner provided in this Charter, subject to the approval of the Board of Supervisors; provided, however, that if six members of the Board of Supervisors shall file with the Mayor charges in writing of malfeasance or nonfeasance in office against any member of any board or commission appointed by the Mayor, it shall be the duty of the Board of Supervisors, after reasonable notice to the person so charged, to hear and determine said charges. That said hearings on charges shall be in open session of the Board of Supervisors, and in the presence of the person so charged, should he desire to attend, and if said charges are sustained by a vote of two-thirds of the members of said Board, the said person so charged shall be removed from his office or position to which he had been theretofore appointed by the Mayor.

The City Attorney is hereby directed to examine the title to said land, and, if the same is found to be vested in the aforesaid owner, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon payment of the agreed purchase price as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Deasy, Gallagher, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—15.

Absent—Supervisors Colman, Harrelson, Marks—3.

RECESS.

Whereupon, the Board at 2:15 p. m. took a recess until Tuesday, September 21, 1926, at 3 p. m.

J. S. DUNNIGAN,
Clerk.

TUESDAY, SEPTEMBER 21, 1926, 3 P. M.

In Board of Supervisors, San Francisco, Tuesday, September 21, 1926, 3 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Bath, Colman, Deasy, Gallagher, Harrelson, Hayden, Kent, McSheehy, Roncovieri, Stanton, Todd—11.

Absent—Supervisors Badaracco, Havenner, Marks, Powers, Schmidt, Shannon, Welch—7.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor McSheehy was called to the chair.

Proceedings Relating to Amendment No. 10 on the Ballot, Providing for the Appointment and Removal From Office.

Supervisor McSheehy acted as chairman of the meeting.

After the transaction of other business, the following proceedings were had in relation to Amendment No. 10 on the ballot, providing for the appointment and removal from office.

The Chairman: Supervisor Gallagher.

Supervisor Gallagher: The Board adopted an amendment providing for the appointment and removal from office. I do not like to reconsider a thing you did this morning, yet Mr. Grover O'Connor, representing the Municipal Service employees, raised a question, and but for the hour I would at that time had to debate it. I wonder if Mr. O'Connor could be given the floor preparatory to a motion I may make to reconsider the vote.

The Chairman: What is the number of that?

Supervisor Bath: No. 10.

Supervisor Gallagher: Would you listen to Mr. O'Connor on the subject?

Supervisor Stanton: Those amendments have been adopted——

Supervisor Gallagher: It was adopted this morning by a mistake I made—I would not have voted for it—I reserved the right to ask for a rehearing on the subject. I said right across the table, "I will vote for it now, but——"

(At this point Supervisor Todd assumed the chair.)

The Chairman: Wasn't No. 10 adopted last night?

Supervisor Galagher: Yes.

Supervisor Bath: The objection to Number 10 is that the initiative comes from six members of the Board of Supervisors to file charges of malfeasance in office to any appointive officer and what Mr. O'Connor objected to is that Civil Service Commissioners are removed in the same manner as elective officers are removed. Mr. O'Connor believes they should not come under the same provisions.

Mr. O'Connor: The reason the Civil Service employees are interested in the Civil Service Commission is that the Civil Service Commission under the Charter constitutes a sort of a court of appeals for all the Civil Service employees

from their various departments. A man must be removed from his department on a trial and if he is removed he has the right of appeal to the Civil Service Commission. The past history has been that they have been very fair and the employees do not want to have any political friendships—not an intimation against this Board but of all boards—political pressure brought on the Civil Service Commission.

If an attempt is made, to use a slang expression, to "get" an employee—some of these Civil Service jobs are big jobs—Doctor Hassler, for instance, gets a salary of $9,000 a year. There are a number of big jobs and the same argument goes right down the line.

In the city government you have about four thousand five hundred Civil Service employees and naturally they are interested in that Commission, which is a court of last appeals, as far as they are concerned, and for the past twenty-five years there has never been any complaint so far as the Commission is concerned.

Supervisor Gallagher: Your idea this morning was you desired to have the Civil Service——

Mr. O'Connor (interrupting): It is not personal with me. The executive committee last Friday night went all over this amendment and I was instructed to be here to oppose to including the Civil Service Commission within the scope of this amendment.

At the present time a distinction is made with regard to removal. At the present time a Civil Service employee can only be removed by an elected official. The idea was to keep the Civil Service Commission away from political pressure. You cannot do it entirely, but as far as possible we wish it done. Under the Charter at the present time a man must be reelected. That is also provided to prevent a Mayor getting control of the Civil Service Commission.

Supervisor Harrelson: What is your argument?

Mr. O'Connor: The Civil Service Commission has the last word.

Supervisor Harrelson: That takes that away from him?

Mr. O'Connor: Suppose the Board wanted to come in and get Mr. Rogers' post?

(At this time Supervisor McSheehy resumed the chair.)

The Chairman: Do I understand Mr. O'Connor is talking upon an amendment this Board passed?

Supervisor Gallagher: Yes.

The Chairman: What right have we to talk here upon a matter of this kind? You know we are all tired and I hope——

Supervisor Gallagher: You are no more tired than I am.

The Chairman: But I hope we will not attempt to continue. You know if you want to rescind your action of last night you can do so, but you cannot take up——

Supervisor Hayden: I will make a motion that we rescind Amendment No. 10.

Supervisor Gallagher: I second it to get the point before us.

Mr. O'Connor: I do not suppose Mr. Rogers objects to my using him as an illustration——

The Chairman: It has been regularly moved and seconded we rescind the action taken last night in reference to Amendment No. 10 and Mr. O'Connor has been allowed the privilege of the floor.

Supervisor Gallagher: I would like to say this, and I would say this to Supervisor Stanton: That at the time I voted for it there was just a quorum here. One vote would have stopped it. I think the amendment has some merit and I did not care to stop it at that time, but I said to Mr. Stanton that I may raise this question again because I was satisfied there was some merit in Mr. O'Connor's point. I am going to vote for the amendment in its present structure but I would like to see the thought expressed by Mr. O'Connor discussed here and it would not hurt the amendment at all. I sincerely hope that the members who secured my one vote and voted me down on some of the pets I had, that my one vote this morning to make it possible to submit this to the people will not prevent the door to be opened to destroy the amendment or to keep it from going on the ballot because even at the worst I will vote to put it on the ballot but would permit this action to go through so that Mr. O'Connor can establish the theory and establish that the inclusion of the Civil Service Commission in this amendment is a serious mistake. Let us illustrate: If twenty-five hundred people in the Civil Service Association objected to this amendment based upon the inclusion of the Civil Service Commission within it, it seems to me it is in a weak position. If, on the contrary, it can be arranged so that their opposition is withdrawn, and if they had the favor instead of the opposition, I think it would be in a strong position.

Supervisor Colman: Supervisor Hayden made a motion which you stated was in order and which I seconded, namely, to rescind the

action on No. 10. I am in favor of that. I would like this statement to go into the record. I freely admit that last night I should have remained here. I was completely tired out after the matter of the Mayor's veto was finally decided and I left. It had been stated here that amendments would be taken up after the Modesto matter but that slipped my mind and I have no excuse to offer, I should have stayed, but I am oposed to No. 10——

Supervisor Gallagher: To the principle?

Supervisor Colman: I am opposed to the principle. Would you believe——

Supervisor Gallagher: I would like——

The Chairman: Do not interrupt the speaker, because our rules are very distinct on that. You cannot interrupt a speaker, at least until he finishes. Unless he objects——

Supervisor Colman: I object to being interrupted. I admit freely that the statement of Mr. O'Connor—would you give me your attention? Would you, too?

Supervisor Gallagher: This is my—go ahead.

The Chairman: Supervisor Colman has the floor.

Supervisor Colman: I want to say this: I admit the true point brought out by Mr. O'Connor in every detail and it is very strong, and the point is extremely well taken. However, I believe that all you have said applies in a great degree, possibly not so great as in your particular case, but to an important enough degree, to every other commission appointed by the Mayor and which are concerned in Article No. 10. I think this is a direct blow at the spirit of the present charter. The idea of the founders of the charter was that the Mayor should appoint these commissions and should remove them and they should be responsible to the Mayor and as long as we have that charter in existence I believe that that is one of the most vital points about the charter.

Now, to go a little further into the point made by Mr. O'Connor regarding the Civil Service Commission: I see full well the dangers that would come and I can also see the danger that would come from authority of any kind or any contact given to the Police Department in this Board. I think it would strike at a very, very important matter and that is: The safety and protection of life and property of our citizens.

I can also see in including the Fire Department, in bringing politics into the Fire Department, you are striking at something that is extremely vital to the people of San Francisco, and I claim the only way we can have an efficient policy or Fire Department, and, if you like, to probably a little greater extent, the Civil Service Commission, and other commissions, is to keep those commissions and those departments out of politics and when any control is vested in this Board of Supervisors it becomes a hotbed of politics. I was not here last night

---

Supervisor Stanton (interrupting): Will you repeat that?

Supervisor Colman: I say that whenever department control comes into this Board it becomes a hotbed of politics. What I mean by "hotbed" is no reflection on the Board or any member of it, but I mean political pressure centers here and it becomes an active center of politics, and I claim that questions of vital importance to the people of San Francisco, such as its police or fire or civil service, and I am free to grant them first, although it had not occurred to me until you brought out the fact that they are a court of last resort, that all matters should be kept out of any political board.

Now, I was not here to vote against this No. 10, but I am very much opposed to No. 10, and I shall do all in my power——

Supervisor Gallagher (interrupting): I rise to a point of order. Mr. Colman is debating the merits of the amendment and not the rescision.

The Chairman: The point of order is not well taken.

Supervisor Colman: I am going to oppose this to the best of my ability. I believe that is a very ill-chosen and poor amendment to be presented by this Board of Supervisors and I believe, and I will say to Mr. Kent, that he made a statement this afternoon that is absolutely true, he applied it, however, I think, possibly to the wrong amendment, because the amendment of Mr. Vandeur possibly has merit to it, but I think Mr. Kent's statement that the introduction of certain amendments might well result in a *no* vote going right down the line is absolutely true and is worthy of the consideration of the members of this Board. Mr. O'Connor has been given the privilege

of appearing before this Board and protesting against the inclusion of the Civil Service Commission within this amendment. I am sure, without knowing that the members of the Police Commission and of the Fire Commission would oppose this amendment, and if they were given the opportunity, the same opportunity that is afforded today to Mr. O'Connor, it is my belief, without knowing it, Supervisor, but my strong belief, that both Mr. Roche and Mr. Sikes, if asked if they approved of this, would say that they did not and would give you as the reason they were opposed to the interjection of politics into the conduct of the Police Department or of the Fire Department, and when I say that I do not mean necessarily that as the night follows the day that that thing will be the result, but I do claim, without any doubt, it leaves an opening for politics to be interjected into those departments, and I tell you, gentlemen, that I am willing to go on record and to fight and urge with all the strength that I have that the only way we will have an efficient Police Department, and it is an efficient Police Department, and the reason for its efficiency is that there is no politics in the Police Department.

By chance I met the President of the Commission, Mr. Roche, the other night, and stopped and chatted with him on general questions. I chatted with him on a matter independent of this; I knew nothing about it at the time; and we discussed the merits of our Police Department, and Mr. Roche made the statement, "The principal reason for the efficiency that we have obtained in the Department is there is no politics in there."

Now, I may talk a little longer, but. Mr. Chairman, the way I look at it I could not be talking about anything of more importance to the people of San Francisco, namely: What to me might result in a loss in efficiency in the most important functions of the city government.

Now, I say again, I met Mr. Sikes only today and chatted with him on matters, and I am sure, for I did not know about it at this time, I am sure he did not, we did not mention it, but I am sure that Mr. Sikes and the members of the Fire Commission would take the same attitude and they would realize the great loss that might come to their Department through any possibility of political pressure being exercised in the Department.

Now, when we do something that will hurt those two departments we are striking right at the heart of the people of San Francisco. Now, I tell you that, gentlemen, in all sincerity.

My position is clear. The people's lives and property are entitled to full protection, and I can see in my mind, looking ahead, possibly not from this Board, but from other Boards of Supervisors, the things that might come up. And again referring to Mr. O'Connor, to his Civil Service Commission, he tells you quite frankly why that group of gentlemen have sent him here to object, simply because this is a move to bring it into politics. The Police Department is safely in the hands of the Mayor of San Francisco, and by the "Mayor of San Francisco" I mean the office of Mayor of San Francisco. I do not refer to my friend the present Mayor of San Francisco, because human life, human tenure of political office is most uncertain, as we all know, and he may or may not be the Mayor, but regardless of who the Mayor of San Francisco may be, I claim that the destiny of the Police Department, the Fire Department, the Civil Service Department, is safer in the hands of the Mayor than it is in the Board of Supervisors.

So, in conclusion, I want it distinctly understood that if anybody would listen to me on this question I will be glad to tell them why they should vote *no* on amendment No. 10, and in seconding Supervisor Hayden's motion I do urge the Board to rescind their action on this amendment. I think they will be glad, and I think honestly that Mr. Kent struck the keynote, and the only thing is that if there is amendment that can be objected to with good reason, that a tremendously strong case can be worked up against it, it is amendment No. 10, and there, Mr. Kent, might come the result you thought of, and your thought was sound, and if there is one amendment that many people might think strikes at the vital spot of San Francisco, they might or might not, but they might take the method you described of voting *no* down the list.

(At this point other matters were taken up, following which the fol lowing proceedings were had.)

(Supervisor McSheehy in the chair.)

The Chairman: Members of the Board, I do not want to keep the

members here any longer, but let me make a statement especially in reference to this Amendment 10. The members voted for that amendment last night.

Supervisor Gallagher: I will withdraw the motion as soon as I can get the floor.

The Chairman: To rescind?

Supervisor Gallagher: I am ready to withdraw that motion.

Supervisor Colman: Didn't Supervisor Hayden move to rescind the motion?

The Clerk: Yes.

Supervisor Colman: Supervisor Hayden made the motion and I seconded it.

The Chairman: Let us have a vote here. There were ten members of this Board voted in favor of that amendment last night and it will take ten members to rescind. I voted in favor of that amendment last night and I see no reason why I should vote to rescind today, so let us have a vote. Let me say——

Supervisor Hayden: You don't have to—that is not——

The Chairman (interrupting): Don't start that.

Supervisor Hayden: That is all right, you kept us here all night, didn't you?

Supervisor Gallagher: I can see now that if the motion to rescind carried, there are three or four members who propose to vote against the amendment and it would not get back on the ballot. I would like to satisfy the position taken by Mr. O'Connor but I am not going to sacrifice the amendment to accomplish that.

Supervisor Hayden: We are going to have some reason in this matter——

Supervisor Stanton (interrupting): Now, the Supervisor said he is going to vote against it and I am going to vote against it and Supervisor McSheehy will vote against it——

Supervisor Kent: You will talk to yourselves in a moment—I am going——

Supervisor Hayden: All right, you may be excused. I will say I am most emphatically opposed to the most vicious charter amendment that has ever come into this Board during my seventeen years here. Here is a charter adopted in 1900 and has the trial of twenty-six years and I do not know of anybody who has any reason to complain about the operation of this charter from the standpoint of charges and trials in any department in the City government. The people elect a Mayor in this City that they have confidence in—just a minute now——

The Chairman: Wait, please——

Supervisor Hayden (continuing): I think when the people elect a Mayor of this City they elect him because they have confidence in him and in this case they elected Mayor Rolph for fifteen years—just closing fifteen years—and you would know in that time whether there was anything that happened during the fifteen years in carrying out the charter of any injustice done any appointee. The Mayor has appointed a Civil Service Commission during that time and there is no time that I know in fifteen years where, in my recollection, any criticism has been cast on the members of the Civil Service Commission. I know Mr. O'Connor here, representing the Civil Service employees, has the great confidence in the Civil Service Commission. I know the members of the Civil Service Employees' Organization are willing to take their chances in all matters concerning their welfare with the Civil Service Commission——

Supervisor Stanton (interrupting): The Scanlon Club came in last night and saw the amendment—both the Police and——

Supervisor Hayden (interrupting): I do not care—I do not care—I have the greatest respect for the Scanlon Club, but here is a Board of Supervisors which controls the appropriations, a Board of Supervisors, who, under this charter amendment, in addition to having that club is going to have another club as to the tenure of office. The slightest pretext that the majority of this Board, or any Board that might follow, can be used in a political way to punish. You are building up a political organization here that would make Chris Buckley's organization pale into insignificance and then, to think of interfering with the Police Department. You are attempting that already here within the first six months of the organization of this Board by the introduction of the resolution of Supervisor Havenner on the Police Department and the whole City was up in condemnation of that.

Now, if you had a club like that in your hands during that time and you wanted to punish somebody, what would happen? You control the Police Department, you control the appropriations, and I think that is the most dangerous place to put——

Supervisor Stanton: They do it in Los Angeles.

Supervisor Hayden: I know what you are trying to do—the majority of this Board—you are trying to get control of every department. You have proved it by every act; you have criticized every department, not neglecting the Mayor, and the only department that has escaped criticism has been the Fire Department and now you are not satisfied to go out openly to criticize the departments and cast ridicule and humiliation on every department, but now you want to gather in to the Board of Supervisors and hold this club over their heads so they won't have any independence at all. They will be crawling on their hands and knees——

Supervisor Gallagher: Will you yield to a question?

Supervisor Hayden: No I will not yield to a——

Supervisor Stanton: He is your little playmate——

Supervisor Hayden: My vote will not be given in support of this very drastic revolutionary charter amendment that has for its purpose only one thing and that is the political control absolutely to be vested in this Board of Supervisors. I think the people will take their chances with the Mayor, whether it is Mayor Rolph or any other, and they will take their chances with the Civil Service Commission appointed by the Mayor, and if the Mayor is going to be elected now and elected in the future, he will be a man we have confidence in——

Supervisor Stanton: You have confidence in everybody but the Supervisors.

Supervisor Hayden: I have confidence but not to the extent of giving this power, which is an attempt for political control of this City government in every department and it will not be with my approval, and further than that, I shall exercise my right and shall prepare an argument to go on the ballot in opposition to the particular amendment. I have no hope of changing your mind here, you are bent in getting control of this City government, you are not going to succeed because the people won't allow it, and the people will give that such a humiliating defeat you will never know it was on the ballot. And I am going to help to defeat it. I have declared myself, and declared it and that amendment is only to be compared to the one brought in by Supervisor Havenner on the carpenter strike.

Supervisor Gallagher: I would not debate with Supervisor Hayden. but I am going to support this amendment even though the Civil Service Commission is included in it. But let me say to you very frankly: When this power is given to the Mayor—and this is not speaking of Mayor Rolph, but of the office—what is the situation? No democratic government should be conducted in that manner. The Mayor is the sole judge and the sole jury and there is no appeal. Is that democracy? No. The argument of Supervisor Hayden may sound like a joke, but what I know of "clean up and clean out" and everything else, I do not think there is much danger of its being brought up on the charter amendment, especially in regard to the Police Commission. I guess there isn't much danger, but the power of the Mayor now is this: That Mr. Harrelson can prefer charges and the Mayor tries them and he is judge and jury and out goes the man. That is not democracy.

Supervisor Hayden: Has it been abused?

Supervisor Gallagher: Yes it has been abused. I will show where it was badly abused and I will speak about one of my friends when I say it. Mayor McCarthy over night removed five boards.

Supervisor Stanton: You are depending on personalities——

The Chairman: Members of the Board, in all fairness—we will be here until midnight tonight.

Supervisor Gallagher: No, we won't, but in order to have Supervisor Hayden give this more thought I want to dissuade him on two points. I am not joining in a movement to control the government. This charter amendment, by the way, goes to the people, and I submit to you that the next Mayor of the City and County of San Francisco, who may be anybody we may think of who is anxious to become Mayor, may do what Mayor McCarthy did over night and which I fought him on for hours——

Supervisor Hayden: He lasted two years.

Supervisor Gallagher: He lasted long enough to do that damage and he did it in twenty-four hours. He removed five separate boards over night.

Now, suppose you were elected Mayor tomorrow and you did not like Mr. Roche and others and you did not like the Civil Service Commission—no, you did not like the Fire Commission, you did not like certain other commissions, and

with one stroke of the pen, in view of the fact that you are judge and jury, they are removed and expelled from public office subject to the castigation that goes, and the ignominy, and if you can find a worse system than that you go and find it. I would rather take my chance with the Board of Supervisors of eighteen men any time than I would with one mayor who would be politically opposed to me and would want my scalp because I would not do as he wished.

Supervisor Harrelson: This has to be placed on the ballot. I have not had any opportunity whatever of scrutinizing the various amendments. I know more of this one than I do of any other because it has been discussed, but it seems to me, without giving the matter very much thought, that this is an amendment very vicious and if it becomes a law it will place those commissioners and the appointees of the Mayor in office, place their tenure in a very insecure position. I am opposed to the amendment as it stands and I have no doubt if it finds its place on the ballot I hope it will be defeated because I think it is objectionable. I reserve the right, of course, to have my opinion on it—I shall vote for the entire list approved by this Board in order not to prevent the entire list from going on the ballot, but with that reservation I believe it is vicious.

Supervisor Stanton: I want to say that when the President of the United States makes an appointment it must be approved by the Senate. It is in line with the same vicious amendment that we are proposing now for the charter. You read in the papers every day where Congress is bringing different officials and investigating them and going right down the line. Is there anything wrong or vicious about that? Is there anything wrong in putting the power into the hands of a Board of Supervisors of eighteen who are elected by the people of San Francisco? Where do you get this vicious stuff? We are giving them a fair trial. You are putting the whole thing on one real good, honest man. You are making a king of him and a king is a fine person for the people providing he rules well, but you have one individual you are willing to bank on entirely and I want to say that you are the power there because you have a Mayor who is with you.

This amendment possibly, if it carries, will be there for a long time. This Board of Supervisors is not going to stay here forever because we have seen a lot of faces around here in my time and there have been some Mayors in my time, too, and I do not believe we can build up a form of government that is based on one individual, a man's personality, and that is what you are banking your whole case on.

I do not see—I cannot for the life of me see, where you are afraid to take a chance yourself. It is true, possibly, that everybody does not think as you do, but we don't know what might happen at even the next election. There might be an entirely different change around here, the complexion might change, people's opinions might change from time to time, and it takes six members of this Board of Supervisors, and surely they will have to come in here on some grounds, for the rest are not going to follow them along like a bunch of sheep and give a man a trial in open meeting with the members of the press sitting and listening to them. I say, by all means that the form of government that puts the power in the hands of elected officers is the best form of government we can have.

Supervisor Harrelson: The Mayor is elected.

Supervisor Colman: Now, Mr. Chairman, I would like——

Supervisor Kent: Now, listen, I am going to walk out of here——

Supervisor Colman: Then I want——

Supervisor Kent: I have something more dear at home than listening to a lot of bull around here and I am going to sit at the supper table tongiht with my youngsters and they are wondering why I am not home. Now, you pass your resolution and do it right away or you will be left because I am going to be the baby that will walk out of here.

Supervisor Colman: I am looking at a matter that is protecting many other fathers and mothers with little babies at home. I think Supervisor Stanton unwittingly presented one of the chief arguments against this amendment himself. That is this: The Scanlon Club——

The Chairman: Supervisor Colman, do you realize the fact that it takes ten votes to rescind the action of this Board?

Supervisor Colman: I do. I am responsible for mine and you be responsible for yours.

The Chairman: You can only talk for the record, Supervisor.

Supervisor Colman: Well, I do not know that. I know if I were seated here and I listened to such straight stuff as I am telling you it might change my vote, Supervisor McSheehy.

The Chairman: I never yet saw you change your vote, Supervisor Colman.

Supervisor Colman: That is because probably I never heard the right stuff.

The Chairman: You heard the right stuff in one particular case.

Supervisor Colman: I believe if you listen to what I am going to tell you and what we have already told you, I believe you will have heard enough to change your vote. Now, I want to point out here and say that the Scanlon Club, the splendid organization of the men in the Fire Department, looking out for the best interests in the Department and looking out for the interests of the firemen, and when Supervisor Stanton, however, states that they approve of this, to me that is not a good reason to adopt it because the conduct of a department should rest with those in charge.

Now, let me talk a word about the Fire Department and the Police. Both of those callings are hazardous and the nearest comparisons we have to police and fire departments is the army and the navy. Those men must obey blindly without hestitation and witnout questioning the orders of their superiors and they must go into places in which their lives are frequently in danger and in order to get efficiency and the right results from the Police and Fire, you must have discipline. You must have the power in those men who are charged with the conduct of that office; that is where the authority must be and when those men are divided between two masters then the general efficiency of a department will suffer. That is my contention and it is true. It is absolutely true and in those two particular departments it applies with——

Supervisor Stanton (interrupting): You are in favor of slavery?

Supervisor Colman: No. I am in favor of a Mayor, elected by the people, being charged with certain responsibility and I believe if you want to get results you have got to give some power to one man and hold him responsible and if there is anything wrong with the Police Department, you go to the Mayor of San Francisco, who has appointed the Commission that is charged with the responsibility of the conduct of that office. You do not go to a body of eighteen men with all different interests subject to push and pull from all sections of San Francisco if you want to get results. You say they have it in Los Angeles. I do not question it, whether they have or whether they have not, but I know, however, that they do not do it in New York and they do not do it in Chicago. The Police Department is in the hands of one man in New York City, and there is an army. I believe it is seven or eight thousand—seventeen thousand. It is in the hands of a commissioner of police and he is responsible, strictly responsible for the conduct of that office, and if he cannot make good he is removed.

Now, I think that the very argument—I don't believe, with all respect, I want to help the police and the firemen get all that is coming to them in the way of wages, living conditions, hours and so forth, but I will never consent to take the word of subordinates in any organization above those in charge, nor will I take the advice of the subordinates of a Department as to the best meahod of running that Department any more than if I want —or if the President or anyone else wants approval of some method in the conduct of the army and the navy he does not go to the privates in the army or to the sailors in the navy although he has the greatest respect and admiration for both, as we all have, but he calls on those in authority for approval and the privates and the sailors are not consulted. The more I think of this amendment, sitting here, really and truly, the more vicious I think it can be in its results and I tell you if there was any doubt as to the efficiency of the San Francisco Police Department or the San Francisco Fire Department, if you can get up here and show how you will get a better Police Department or better Fire Department, than you have now by introducing this method, I would listen to you carefully, because I want to see, if possible, a better Police Department and I want to see a better Fire Department, but I challenge you to stand up and show us how you will improve the morale, the discipline and the general conduct and result of either the Police or Fire Department if this amendment will carry.

Supervisor Gallagher: I will show you one instance.

Supervisor Colman: Show me one instance?

Supervisor Gallagher: I will show you an instance——

Supervisor Stanton: This is not a time of war—— (Turmoil.)

Supervisor Gallagher: I am asking a question. Supervisor Colman asked me a question and I will point this out to you. You say the Fire Department is an efficient Department?

Supervisor Colman: Yes, sir.

Supervisor Gallagher: Do you remember when the Chief of the Fire Department was removed and the Mayor had to remove the entire Commission before he could remove the Chief? Could that happen if the control was in this body?

Supervisor Colman: I know if the control of the Fire Department was in this Board, anybody who had a cousin, a friend of a cousin, a friend of a friend, or a friend of a friend of a friend, they would come around to intercede for this man. That is exactly what I am opposed to.

Supervisor Stanton: That is done now.

Supervisor Colman: That is not done now, but that is just what would happen, Supervisor Gallagher. You may laugh, but that is no argument. Your laughter is no argument except to those who may be listening and who think it is an argument——

Supervisor Gallagher: I was laughing at your excitement.

Supervisor Colman: I am excited, and if there is one thing the people of San Francisco should get excited about it is meddling with the Fire and Police Departments.

(Calls for the question.)

The Clerk: The question is to rescind. Supervisor Badaracco? Supervisor Bath?

Supervisor Bath: No.

The Clerk: Supervisor Colman?

Supervisor Colman: Aye.

The Clerk: Supervisor Deasy?

Supervisor Deasy: No.

Hospitalization of Employees of Municipal Public Utilities.

Supervisor Gallagher presented:

Charter Amendment No. 39.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto to be designated Article XVIII, relating to hospital service for employees of municipal public utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 2d day of November, 1926, a proposal to amend said Charter as follows:

That a new article be added to the Charter to be designated Article XVIII and to read as follows:

Article XVIII.

Section 1. The Board of Supervisors of the City and County is empowered under the conditions set forth herein on a vote of fourteen members and the approval of the Mayor to establish a hospitalization system and to provide for hospital benefits for municipal employees of any public utility system heretofore or hereafter established or operated by the City and County. The said employees shall become members thereof and shall contribute one-half the cost of the maintenance of such hospitalization system not to exceed the sum of one dollar per month and the said City and County shall furnish the other half of the cost thereof. Membership in said hospitalization system shall be compulsory. The public utility to which the employee is attached or by which he is employed shall be charged by the City and County of San Francisco with one-half of the cost of the membership of each member of the hospitalization system employed by said utility or attached thereto. A board of administration is hereby created, consisting of the chairman of the Finance Committee of the Board of Supervisors, the Auditor, the City Attorney and four members to be elected from the active members of the hospitalization system; such appointees shall serve without compensation. They shall be appointed by the Mayor within sixty days from

the taking effect of this amendment. Members other than ex-officio members shall be so classify themselves by lot that one term shall expire each year. The board of administration may establish such rules and regulations as it may deem proper, shall elect one of its members president and appoint a secretary and may appoint such other employees as may be necessary. Such appointments shall be made under the provisions of Article XIII of this Charter. The board of administration shall be the sole authority to judge under such general ordinance as may be adopted by the Supervisors as to the conditions under which persons may be admitted to benefits of any sort under this system and shall have exclusive control of the administration thereof. The Board of Supervisors is hereby fully empowered by a majority vote of the members to enact any and all ordinances necessary to carry into effect the provisions of this article. The board of administration shall have full and complete charge of all moneys contributed by the City and County and said employees including any interest which might be earned thereon and that said moneys shall be deposited in a special fund to be known as the "Hospital Fund."

City Attorney's Opinion.

City Attorney John J. O'Toole advised that the Supervisors had power to provide for compulsory hospitalization of City employees.

Thereupon, on motion of Supervisor Gallagher, the foregoing amendment was *approved* and ordered *submitted* by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Harrelson, Hayden, Kent, Roncovieri, Shannon, Stanton—10.

Absent — Supervisors Badaracco, Havenner, Marks, McSheehy, Powers, Schmidt, Todd, Welch—8.

Resolution.

Thereupon, the following resolution was presented and *adopted*:

Resolution No. 26197 (New Series), as follows:

Resolved, That at the general election to be held on the 2d day of November, 1926. there shall be placed upon the ballot used at said election proposals to amend the Charter of the City and County of San Francisco, State of California, to enable the electors of said City and County to vote upon said proposals to amend said Charter as hereinafter described and enumerated.

That said proposals to amend said Charter were ordered submitted to the electors of the City and County of San Francisco by the Board of Supervisors at meeting held on the 20th day of September, 1926, and ordered published as required by the provisions of Section 8, Article XI of the Constitution of the State of California.

That said proposals shall be known and designated upon the said ballot under a caption, "Charter Amendments Relating to the City and County of San Francisco," and shall be consecutively numbered thereon, beginning with the number twenty-nine and ending with the number thirty-nine.

That said amendments shall be printed upon the official ballots for the general election to be held in said City and County of San Francisco on the 2d day of November, 1926, in the manner provided by law for submitting said propositions at such general election and the propositions stated as required by said law.
